ROCKLYN farmers are enthusiastic in the establishing of and patronizing a cheese factory and the mills of over 300 cows has already been promised with good prospects of another hundred being added before the opening. The hauling contracts will be let on Saturday, the 16th, at the Dodson House, Rocklyn, at 2 o'clock. Rocklyn is fortunate in securing such an honorable and efficient man as Mr. Thomas Elliott to establish and superintend the factory.

EVERY business man should have at least a business card in the local paper throughout the year. It costs but little, gives the town or village a representative appearance, and is always worth more than the cost. Last week we received a letter from a business man in a town in Illinois saying that a copy of the STANDARD had came into his hands, and desiring to correspond with a dealer in our town with a view to securing several cars of potatoes, he searched its columns for the adv. of a potato dealer but found none, and then wrote the editor for the desired information.

FAIR AND SQUARE:—It is scarcely the square thing to charge a subscriber one dollar and fifty cents for the STANDARD (the credit price) when only two or three months behind time renewing, neither is it justice to the prompt paying patron, to accept net cash advance price any time during the year from others: so we have struck a happy medium. It is this: all who renew within two months after the date when their subscription expires will be considered as cash in advance; after that, five cents will be added for each month until paid.

A TROUBLESOME BABY.—Mrs. F. M. Stafford of this village is nursing a troublesome baby. Medical aid was summoned and three stitches put in, and the wife has been a sorrowful since, she expects soon to be on her feet again.

TORONTO, March 4.—The number of sudden deaths due to heart disease is appalling. The medical profession is devoting more attention to the heart and its ailments at the present time than ever before, and many physicians are making a specialty of diseases of this organ. A Toronto doctor, who devotes much attention to this branch of his practice said to your reporter today "I have yet to learn of a single case where heart disease caused death, in which a post mortem examination did not show the existence of Bright's disease, diabetes or some other kidney disease." Dodd's Kidney Pills will cure all disease of the kidneys and thus ward off the danger of heart disease.

The Late Roger McCaskell

Death is an unwelcome visitor at any time, but when the promising youth or vigorous middle aged are claimed by the grim monster it is all the more sad to the grief striken family into which it enters. The parents of the late Roger McCaskell are old and respected residents of the eighth concession, Glenelg. Roger was the eldest son, an industrious and highly respected young man. He had been residing in Michigan for about three years. His health became impaired some six months ago. About four months later, he returned home and continued to grow worse, tho' able to be about up to within a couple of days of his demise, which was on the 26th February at the age of 38 years. Diabetes was his disease. His parents with three brothers and three sisters mourn the loss, and have the sympathy of many friends and neighbors in their time of sorrow. The remains were laid away in St. Peter's cemetery, Glenelg, on Saturday, after service having been held at 10:30 in St. Joseph's church, Markdale, the Rev. Father Buckley, of Owen Sound, officiating, the Rev. Father Maloney being indisposed and unable to be on duty.

Rocklyn to have a Cheese Factory.

There was a large attendance of farmers at the adjourned Cheese Factory meeting held at Rocklyn on Saturday. The canvassing committees having reported that the mill of the necessary number of cows had been guaranteed for the required period of three years, Mr. Thos. Falls' farm, immediately south of Rocklyn, and on Mr. T. S. McConnell's farm, about half a mile east of Rocklyn. The first named was selected by a large majority.
