MARKDALE STANDARD

THURSDAY, APRIL 11, 1935.

Week's Commercial Summary.

The offerings of oats on the market have been increased since the last week, and prices are 1 to 1 1/2 cents lower. The gross earnings of the Canadian Pacific for the week ending March 31, 1935, were \$2,000,000, a decrease of \$40,000 as compared with the corresponding week of last year.

The security market is less active, with a decline in the price of a number of issues. The advance had been too rapid, and holders took their profits in many cases.

There were 42 failures in the Dominion last week against 25 the week before, and 100 in the corresponding week of last year. Ontario had 18, of which 15 had the lowest credit or blank rating. Of the 17 in Quebec none of them were of any commercial importance, and only one had a rating as high as \$50,000. Nova Scotia had 3, New Brunswick and British Columbia had 1 each, and 1 each were recorded in Prince Edward Island and Manitoba.

There is no decided change in the commercial situation. The market for government bonds has been quiet, and business cannot be called active. Travelers are out on spring trips and are not buying in large quantities. Orders for fall goods are being taken. Merchants still adhere to the cautious policy of waiting for a better market before stocking up with goods. The food and clothing markets are quiet. The market for large shipments of wood are being made from the west coast.
