West Berkeley

Farmers in this vicinity are almost finished seeding, and crops so far have an elegant appearance—barley, froed. Ed. Sargent, of Berkeley, is in our midst at present distributing fruit trees and other nursery stock for A. Fogarty, of Markdale.

Misses S. A. Baines and S. A. Chesney are off to Owen Sound, where they will spend the summer months with friends.

Mr. T. Gordon, P. S., called at our school on the 6th inst. He was so well pleased with the progress of the school, and the work examined by him, that he granted Mr. W. and his scholars the remainder of the day as a holiday; which had not done for years. The school at present is in a flourishing condition, and the attendance higher than it has been for years. Arbor day was observed on the 6th inst.

Messrs. B. Pervis and W. Hay are prosecuting the plastering trade in Berkeley at present.

There are three football clubs in this vicinity.

Lauriston.

The only place you can find a crowd these days is around the kitchen stove, and there the lamentation is "The crops will be spoiled."

Mrs. Beard spent a couple of days last week in Drumore. Miss Isaacson returned with her. "I wonder who is smiling?" "We heard guests were expected at Lauriston, Hall Saturday. Wonder if they arrived?"

Mr. F. Walker and Master Herb, accompanied by Mr. A. Walker, spent a few days in Thornbury, falling.

Rev. Mr. and Mrs. Hunter, of Markdale, visited on the 10th inst.

If W. had a housekeeper he would not be compelled to use that last so much.

Mrs. Lamb and Miss McNally, of Markdale, were guests at Naira Glen farm, Tuesday.

He does intend living alone, else why did he only get a cart?

A Possible Candidate.

A FITTING NOMINATION MAY POSSIBLY BE OFFERED TO MR. COLBY, OF SONSBY, MARKDALE.

Sonshy, Man, May 13.—The item which appeared in several Eastern papers to the effect that Mr. Arthur Colby, well-known farmer of this place, was asked to accept the Ontario nomination for the coming election, but was forced to decline on the ground of ill health, is without foundation. It is true that early in 1894 Mr. Colby was severely afflicted with Bright's disease, but was able to test himself to health by a course of Dr. Smith's Kidney Pills, and is equal to any amount of hard work, even to the extent of fighting the contest for the nomination he offered him. He means in the high terms of the remedy which cured him.

O. W. Rutledge, Proprietor. MARKDALE, MAY 10, 1905.

Mrs. Bobb Crawford today received a telegram containing the sad intelligence that her daughter, wife of Rev. W. Speers, of Iowa, was lying at the point of death.

Mr. W. Rough has disposed of Travertine, his well known stock farm, to a gentleman from Montreal for \$4000. The purchaser will take possession next week.

The residence of Mr. J. O. Clarke, Albert Street, was totally destroyed by fire early Monday morning. The building was insured for \$300 and the contents for \$680 in the Guardian. Cause of fire unknown.

On Wednesday night the barn of Mr. Jas. Long of Sydneyham was destroyed by fire with almost the entire contents consisting of three horses, six calves, two pigs, a lot of poultry and nearly all its implements, seed, grain, etc. The barn and contents were insured in the Sydneyham Mutual for \$2000 while the loss was in the neighborhood of \$6000.

Dr. Simpson, M. P., has again been elected chairman of the Commons Commission on Agriculture and Colonization. This can only be looked upon as a tribute to his worth and industry in the House. It is generally conceded that there is no more painstaking M. P. at Ottawa than the representative of East Grey.

Missionary Convention.

The Second Annual Convention of the Woman's Missionary Society of the Owen Sound District was held on Tuesday and Wednesday, May 9th and 10th, at the Baptist Church, Owen Sound.

The Convention from beginning to end was an unqualified success and fully satisfied the anticipations of the organizers. The sessions were well attended; the different papers were keen, smart and practical; and the enthusiasm for the high water mark of the past year was very commendable.

The first session opened on Tuesday evening at 7:30 with a hearty and inspiring service of song and prayer. Mrs. Robert G. Fisher was appointed Secretary. It was the privilege of a noble Sister, Mrs. J. H. Butterfield of Owen Sound, to deliver an address of welcome to the different sections. The presence of a noble Sister, Mrs. J. H. It is a pity that the breeder who has ruined it is not the breeder who has ruined it. It is a pity that the breeder who has ruined it is not the breeder who has ruined it.

UNUSUAL CONDITIONS

The possibilities of ready money are greater today than ever before. The universal depression in business last year had the effect of forcing prices down and many goods here now are selling for less than they cost to make. This of course, can't last forever. Manufacturers must make money once in a while, and we expect to pay them a reasonable profit in the natural course of trade. Present conditions are so unusual it will pay you to anticipate needs instead of waiting until prices get normal again. We are doing our level best to turn profits your way, but sooner or later prices are bound to reach their proper level, and bargains that seem so plentiful now will disappear entirely out of respect to the supreme law of supply and demand.

Ready-Made Clothing

There's any amount of clothing waiting to be sold and there's any amount of stores willing to take your money. But you can't be too careful in buying. We claim to have finer sorts than the average, newer styles and better qualities at lower prices. For instance:

Men's blue serge suits at..... \$3.75
 Men's all wool tweed suits at..... 4.00
 Men's black worsted suits at..... 6.50
 Boy's fine serge suits, broad trimmed at..... 98
 Boy's fine tweed suits, broad trimmed at..... 25
 Men's wool tweed pants at..... 5.00
 Men's worsted spring overcoats at..... 2.00

Spring Dress Goods

There's no difference of opinion as to which is the best place to buy dress goods. This store has held first position so long and uses its eminence so well that business grows on us continually. Better come soon if you want the choicest novelties. Each new burst of sunshine brings scores of lookers and we never—well, hardly ever—lose a customer. Quantity and quality's please and new shades and textures delight and charm the ladies into buying. Prices are more than ever impressive this season. Everything down to solid basis. For instance:

42 inch fancy tweed effects at..... 15
 44 inch diagonal German fancies at..... 25
 40 inch all wool cashmere serges at..... 29
 40 inch all wool french Du-Beiges at..... 37
 44 inch all wool fancy shepard plaids..... 41
 42 inch all wool Aberdeen tweeds..... 40
 38 inch all wool delaines..... 25
 28 inch imported delaines..... 11

Things for the Home

Time and again we have emphasized the fact that no other store begins to do the carpet and house-furnishing business as well as we. You evidently find it so, for trade is growing beyond all expectations in this department and sales justify the efforts made to keep prices below the average. A little money will go a long way toward furnishing a house these days. If your require wall papers remember we have the largest selection and lowest prices to be found.
