John Spencer for some time, he caught him in the act of deliberately setting fire to the rear of A. J. Creighton's urniture store and the Chinese laun lary adjoining. There is a small space petween the two buildings and it was in this place that he piled up boards, after whittling shavings with, which to start the fire. Having applied a match the fire blazed up quickly and he turned to go. The constable met him, and knowing the desperate character of the man he had to deal with, decided to give no quarter. The struggle was sharp and Shouldige's baton was broken over the head of the incendiary before he was subdued sufficiently to get the tacelets on him. The alarm of fire was iven as quickly as possible, but before it was got under control over \$3,000 worth of property was destroyed.
Spencer was arranged before Police Magistrate Spencer on Saturday morning and elected to be tried by a jury, and was remanded for a week. Mr. A. G. McKay county attorney, appeared for the Crown and Mr. H. C Tucker for the prisoner.
