the clause could not be more clearly stated than it had been. The object was to take power at any time to diminish the extent of the application of superannuation in re-gard to any class to whom it might here-after be thought that superannuation should be applied.

The bill was read a first time.

HONOURS ON CANADIANS. Mr. Landerkin ask d whether his Exce

Mr. Landerkin ask d whether his Excellency the Governor-in-Council makes any I recommendations o the Imperial Government with respect o the co-ferring of Imperial honours on Camadhaus. If not, do such commendations emanate from his Excellency personally?

Mr. Foster—I may say, in answering, that Parliament some years ago, anticipating some such request as this, made provision for it, and that it supplied mombers of Parliament with copies of "Parliamentany Government in the Colonies;" on pages 314 and 315 of which Lord Eighr's landespatch to the Colonial Secretary, at that despatch to the Colonial Secretary, at that time the Duke of Newcastle, will give, to the hon, gentleman full information, and I nope will be very helpful to him in the request he has made.

LORD'S DAY OBSERVANCE.

'Mr. Charlton moved the House again into committee on the bill to secure better observance of the Lord's day, commonly called Sunday. He was willing to drop the section relating to Sunday excursions and prohibition thereof in view of the general h stillity to it. The object of the bill, he repeated, was not to compel religious observance, but to permit it.

Mr. Amyot said the bill was pure intolvance, and the hon, gentleman wanted to see the Protestant majority.

Mr. Bechard opposed the bill, arguing that Sunday observance was a matter for which provision was liready made by provincial legislation. He did not believe men could be rendered virtuous by Acts of Parliament. LORD'S DAY OBSERVANCE.

schools.

The am endmont was adopted.

Sir Gharles H. Tupler declared his approval of the object of the promoter, but not of the principle of the bill.

Mr. Mo stague thought some of the sunday newspape a that came into Canada from the United Stales were of a most villainous and sensational character, and capable of poisoning the poinds of youth, and yet no effort was made to prevent their introduction.

tions which now entatic men to the elec-toral franchise," and the proposed motion of Mr. Laurier in amendment thereto. Mr. Foster said he intended to vote for ar. Foster said no intended to vote for conferring suffrage
Mr. Davin spoke at length in support of the bill, quoting many instances of wo-men famous in Scriptural and secular his-

ory, literature, war, and politics. RAILWAY BONDING POWERS. The House went into committee on the Southern Railway Company.

Mr. Mulock complained that no information was forthcoming with respect to the cost of the enterprise, althou he the thill conferred bonding powers to the ox-tent of \$15,000 a mile.

Mr. Mills said there were hundreds of Mr. Mills said there were hundreds of square niles within easy access of railways already constructed which were unsettled. In the past, charters had been granted to penniless persons who desired to make money out of them, and when persons really invested capital in these-enterprises they found no money had been spent in construction at all. onterprises they found no money had been spent in construction at all.

Mr. Tisdale pointed out if Mr. Mulcok had taken the trouble to examine the information filed with the Railway Committee, according to law, he would have been able to inform himself of the facts, the absence of which he now deplored.

Mr. Mulcok said he asked the Minister of Railways for information concerning the enterprise, and was told that he had none.

plained of any abuse.

Sir Charles H. Tupper contended the

Mr. Mills could not find a precedent for his course in the proceedings of the British House, and even in this Parliament it was very zarely that a junior member would take up a subject in the way the honument for Bothwell had.

TOLD WHAT SHE THOUGHT OF HIZE

When the our stopped at Spading Avenu thom.

'It's a nice day," tentatively remarked the woman who had picked up the bindle.

'Yes, indeed. I declare, your face is so familiar. I must have met you some

(amiliar, I must have met you somewhere."

"(That's just what I was thinking. At ohuorh, maybe, or some kind of a meeting."
"Yes, or a funoral. Say, I bolleve it was at Mrs. Walker's funoral, on St. George

Boon to see the Walkers lately?"
"No, I haven't. My nurse girl up and

"That's top bud. I've got a now one now, I tell you. Why, I don't even have to hide the novels when I go out and leave her with the childen.

"Well, keep her close. Mine was a good one and well orntented; too, but one day when she was out a woman—worl' dail her a lady, not if she were lace ard diamonds—persuaded her away. She was wearing a dress and cap and appon. I'd got her so's she'd look neak, and that woman liked her looks so well that she offered her a place at 50 cents a week more than I was giving her, yes, and told her ed her a place at 50 cents a week more than I was giving her, yes, and told her there was a barber shop right around the corner from her house.

"You—you don't say so? Why, these flowers in that store are levely! Mrs. Whiker got some elegant ones at her fune-ral didn't sho?"

"Indeed she did. The girl up and left

'I hope not. Did you ever hear of such got off here? You live a long way from where I thought you did."

As she settled back in her soat, she said to the young woman near her: Nice lady, isn't she? I'd have introduced you, but I couldn't just remember her name, couldn't just romember her name, bugh it seemed right on the tip of my pushe. Let me see, it begins with a B. Well, I declare, if it wasn't that very Big-gers woman herself, sure as you live!"

thing is done in the heat possible manner and you cannot find fifty fault with me to day. Try to, if you dare?!" I wonder whether you are particular to

I wonder whether you are particular to write notes of thanks very soon after recolving gifts or acts of courtesy? The value of a note of thanks is greatly increased by its being prompt. If some friend leaves a bunch of violets at your thou not you full to acknowledge it until the flowers have faded, your thanks when they do come are tardy. When flowers are they do come are tardy. When flowers are sent to those who are ill they of course cannot repay the courtesy by a little inste themselves, but some one in the family should do it for them. Your note of thanks should be very gential, showing fract you are really pleased by the kind ittention and happier because of it. Do not be afraid to write warmly and cordinly on such occasions. If stiff and formal you are jumpes both to your friend and your solf,—From Highper's Round Table.

upon the lower end of the Indian's in monage camp, the gallant Custer and la braves, without an instant's healtation, advanced into the jaws of death. Balaklava was pastine to this, for here not one "rode back." "All that was left of them," after a few minutes, was some 200 mostly unrecognizable corpses. Finding himsef out numbered twelve or more to one—the Intains musicored at last 2,500 warriors, besides a caravan of boys and squaws—Cusnumbered twelve or more to one—the Indiats mustered at last 2,500 warriors, besides a caravan of boys and squaws—Custer had dismounted his herees, who, planting themselves mainly on two hills some way appirt, the alterney on held by Custer, he other by Captain Koogh and Calhount prepared to sell their lives dear. By waving bayonets and uttering hellish yells, they stampeded many of the cavalry horses which carried off preclous ammunition in their saddle-bags. Lining up just behind a ridge, they would rise quickly, fire at the soldbras, and drop, exposing themselves little but drawing Custer's fire, so causing additional loss of sorely needed bullets. The whites' ammunition spent, the dismounted savages rose, fired, and whooped like the demons they were; while the mounted ones, lashing their pontes, charged with infinite venom, overwhelming Calhoun and Koogh, and lastly Custer himself. Indian boys then pranced over the fields on pontes, scalping and re-shooting the dead—and dying. At the burlal many a stark visage vore, a look of horror.—From "The History of the Lust Quarter-Century in the United States," by Pres. E. Benj. Andrews, in the June Scritner.

Not Always Vonl. An English dergyman was preaching in a country church in Scotland. He had as his subject "The Prodigal Son," "And the prodigal son went away from his poor old father and remained in a far country for years and years. But after years and years he came back to his poor father, and his poor old father said unto the servants, "Bring forth the fatted calf which has been kept for my son these years and years."

In giving general satislantion they leave absclutely nothing to

COMIN' THRO' THE RYE. DV BELLIN B. MATHERS.

(CONTINUED.)

"And I shall come with you," he say omptly, "In case you meet anybody with at wreath on your head":
"No, you will not," I say, decidedly." yondor? I am going back myself."
"Very well," he says, sitting de
the stile; "I will wait here duril yo Now, if there be anything

is to know that some one is waiting to you round the corner, and counting the minutes to your serival. To enjoy lone left is impossible—some of this discontor elf is im "I always thought," I say, with dis I won't requir And away he stilks, his head well while I take the soit he has just bett

And how for a rush across that fourth "Gin a body meet a body, comin"

to avoid the level glars of the super l' nothing appropring me, stal butt b to smost into a back samething f your pirden!" back samething f and pit up my hand by tear off my en-lous wheath. "Their your part in it then I lift my eyes and see characters's thing is Paul Vasher. And I stand the at him with my popp's wreath a back I' with a d ing, and if ever a young works 'nwksvard, gaping, silly be that coung would and b time in all my life, perhap

1 am trying to allud toy was in the right path ! Can you three His voice breaks the spell, gay begins to wag a sain.

I am going that way, and I you. 1 turit my back up b'm. is narrow, wondering nearth is relieving his feelings to be grin at my back (Such a theory though on the subole I furner view is not quite so disreposable front. Shall I turn and asset front. Shall I turn and aspend for it is always more bearable to self in a dilema. how by myself it something cately assisted over it by a another; for it consists of a slab of stone, that affords carrdo neither

ity from Mr Vacher to the the stile to him, until de ing the difficulty eye and go off into Codien laughter for abrobats; "I think so. Now, If veu'w to a mann of some

he a man of senjor in tool would make the theories side of the "stile and make make for half an hour and I are set; and after him like a sitor.

"Do you know," he says, S. Laous to that when I saw you done tax not too end me I could not believe you were the goldess of any drop jest on the folders of my drop jest on the folders of folders of my drop jest on the folders of folders of my drop jest on the folders of folders, sometimes."

"Sometimes." It says, that moderate ly, not solverlowing as you were as ly, not so executioning as you were a life in the large of the large o

"Fully says," An onne of contentment is worth a pound of sudness to serve food with? soft don't think you will be heavily indeed." "By the byet, h say, turning very red Of course! Why " "And you did not laugh." There was nothing to beigh as

"And you did not laugh."

There was nothing to beigh at:
"I will fell you a secret. I was smilered," I would give the world at he able to one, but I never could."
"It is very odd, "says/Paul, don't kno y your vole, quite well. I am steled have heard it before and your hear seems famell or to me."

"Dapple are so allke." I say, o yearly turning my head away from his brief troughed. Somehow I do not want brief to feedleet me just yets. "Nature rad, will her people in sets, and mine is a conveyle pattern."

"I think not," he says slowly (16. If noversaw but one person a but like you and that was belief Adam."

I see, his mind trembour on the brack of observery, so I his styly head, up as poppy wreath for his hypertion.

Look I I soly, "Is it not to zarry for tracordinary." Did not that made one smi egy.

It takes it from my hand and trens it tourd. "It booked very pretty day he was "Did you makent yourself, Neil?"

y 2° 00 t know who I mi, you knew it all along? I say, the ide ? Ooly since a most at ano, he says, eming. "And new after all 2000 spars, have your but a declement for eye-I hold out both thy and with a deep Mah. "If you only Liew how glad I am, you have comeduck! I say at how I have. distred for you to coper back! You have

been away four kheele yepes? Vol have survey four kheele yepes? V Y MAIII You remended the all that whiles? In says, looking down into my face engagely "you missed inc?" "So undeh." I say, gravely, "that often I have said to Jick, that if I know where you were I should write and less your if you were I should write and lek Ivon if you had for gotten your prointse about the fruit garden."

And that was the only reason you wanted to see me back?".

"Ne."

"I am so gold," I say, clapping my hands; "so glad!" Do not be angry with mo, but after you went away I used always to think that when I saw you next you would be harried to—"

I stop short, I had forgoten he does not know that I know that he, loved Silvia Floming; my duesks tighn searlotes, my popples at my stupidity.

"Yos." he says. "and to whom?"

"Oh, mit! I wanted to see you too."
"Are you married!" I ask, looking up to the dark, strong 'face', that is altered no wit, save 'that 'the restless, expression has fallen away from it, and a better nobler look grown upon the state.
