Euphrasia Arrears.

I read with interest the short comunication in last week's Standard in ference to that loan by our, township athers, and while it contained perinent question, I don't expect to see my reply in justification of the unenviable circumstances in which our township finances are. Instead of one lipusand dollars as stated, I am informed that the arrears of unpaid axes amount to about sixteen hundred idliars. Now sir, while we may comhin and find fault with our township magers, or even should they be urned out and their places filled with ther men this might not remedy the vil. The future is what we require to k to. The collecting of rates for is year should be done in a thoroughly usiness like manner. Why not take leaf from the municipal book of our neighbors.
