LOCAL NEWS.

THE Toronto Industrial is thronged with visitors this week.

MR. I. B. LUCAS has moved his law office to appartments over Lucas & Co.'s bank.

SEND 25 cents in a letter or hand it in and get the STANDARD the balance of 1895.

Mr. J. W. Sproule left on Tuesday for Uxbridge where he was married on Wednesday to a Miss McCallum. More anon.

THE electric street cars now run on Toronto to Weston, having commenced regular service on Monday of last week, so says the Junction Leader and Recorder.

THE C. P. R. steamship Alberta, which has been running between Windsor and Mackinaw this season, is now on again between Owen Sound and Fort William.

WHEAT is being delivered at Deloraine, Man., at the rate of 7,000 bushels per day. Harvesting and threshing continues in the prairie province and hands are scarce.

THE plum season is now at its best and although the supply is far short of other years, many hundreds of baskets of fine fruit are being shipped daily.—Meaford Monitor.

WE understand that Mr. John Leary of Euphrasia, has purchased from Mr. W. L. Young the house and lot formerly owned by the late John Black, opposite the Presbyterian church on Toronto street.

MR. T. F. HARRISON, furniture dealer in Dundalk, has disposed of his business there, and left on Saturday last for Kingston where he had purchased a large furniture business.

A GARDEN party will be held at Mr. Jas. Bell's on Friday evening Sept. 13. A good programme and Markdale Band will be on the grounds. Come one, come all. Tea will served from 5 to 7. Committee Y. P. U.

THE Rev. A. Brown, of Owen Sound, District Chairman will preach in the Methodist church next Sunday morning and evening, being the harvest home service. A large attendance and generous thank offering in anticipated.

NO subscriber to the STANDARD need be in arrears without knowing it. The little address label shows the month and year to which you are paid and if *you* don't notice it, doubtless your neighbor who borrows your paper will.

FOR SALE.—The west half of lot No. 19, con. 11, Euphrasia, will be offered for sale by auction, at the Markdale House on Friday, Sept. 20th, at 2:30 o'clock. Easy terms. For particulars apply to Lucas & Wright, barristers, Markdale.

THE Durham Chronicle has been changed in form and enlarged, and keeps to the front as a neatly gotten up and tastily arranged local paper. We congratulate neighbor Mitchell on the evidence of prosperity and enterprise thus manifested.

MESSRS. W. J. Benson and Mathers, of Markdale, were in town on Wednesday of last week on their way to attend the Demonstration in Mt. Forest. Both are well known in Durham, Mr. Benson especially. As a comedian "Tim" has very many inferiors.—Durham Chronicle.

PROBATE.—Mr. S. J. Halbert, the shoemaker, has in his shop a stalk of peas from a single root upon which are 125 pods, or say five hundred peas. It grew on the farm of his brother J. A., of Harkaway. Who will say that farming don't pay when peas yield 500 fold a poor year like this?

DIFFICULT HARVESTING.—The pea crop this season is most difficult to harvest because of its various stages of maturity. There are on the same stalk, first the ripe section, then middle portion loaded with green peas, or pods just forming, and then the green tops in full bloom. If well cured, a lot of excellent fodder will be the result, but it's a difficult task to save the ripe peas and also cure the green portion.

FORWARD MARCH.—Mr. Wm. Milson of Goring, is one of the most successful farmers and stock raisers in Euphrasia. He is always wide awake to appreciate anything valuable and labor saving, he knows the usefulness of a wind mill, having had one in use for about ten years, which is doing good service yet. He has just ordered a modern windmill from V. Artley, of Markdale. This is a handsome galvanized steel mill to be erected on a galvanized steel tower. It will be close to his brick residence. Mr. Artley is also putting him in a force pump and an elevated tank. Mr. Milson intends to utilize the water for the garden and to supply water for a bath room also for a creamery as well as for watering stock and for the house. This is an arrangement that every progressive farmer should have.

CLOSE CALL.—On Wednesday night of last week Mr. Wm. Curry of Mt. Forest lost his stable, horses, harness, vehicles, dogs and about four ton of hay by fire and got badly burned himself. It appears that he had been losing oats from the oat bin, and to guard against this he had recently locked the stable, hanging the key in a convenient place in the shed, so when he was aroused by the alarm of fire shortly after 3 in the morning the upper portion of the barn was all ablaze and he was unable to reach the door, but climbed in through a small hole in a desperate effort to save something, but before he could get out again the loft fell down upon him burning him severely about the feet and legs especially. He is, however, recovering nicely. With the exception of $100 on the barn he had no insurance and his loss is serious as his team and outfit was a valuable one.

THE Great Central Fair at Walters Falls, September 24 and 25.

JOHN CONNER, a young man of Glenelg township who had been of weak mind for some time, became dangerous and was last week committed to the county town for safe keeping.

J. E. RICHARDS of the noted cheap store, Rocklyn, has been in the city for the past 10 days picking up bargains So the people of Euphrasia will do well to call at once and secure them. Latest styles &c.

KIND READER: if you are not already a subscriber send us 25 cents in silver, shin plaster or stamps, for a trial trip, four months to the end of the year. If you are a subscriber, you might send it to a distant friend. Same price free of postage. Be prompt now so that you will get the full four months.

MR. W. A. CARNAHAN, who was for some time in business in Markdale, and who has since been with Mr. C. E. Keast here, leaves this week or next, for Norwood, where he intends opening out a custom tailoring establishment. We wish him every success. Mr. Walter Cummings goes with him.—Thornbury Herald.

THE following plan of ridding the kitchen and dining room of flies is said to be a good one: Take a small stove shovel, heat it red hot and pour a few drops of carbolic acid having previously closed all doors and windows. In a few minutes open the room, and the flies will be found to have entirely disappeared. Only a faint odor of the fumes of carbolic acid will remain.

IN the absence of the pastor Mr. Richardson, of Flesherton, occupied the pulpit last Sunday morning and evening in the Methodist church here. Mr. Richardson is an extensive reader, close observer and is possessed of a rare store of knowledge, besides being a fluent speaker and having a pleasing address. His sermons were both entertaining and instructive, and richly enjoyed.

S. S. CONVENTION.—In connection with the Owen Sound District meeting which will be held here on Monday next, there will be a Sunday School Convention same evening in the Methodist church, commencing at 7:30 when addresses will be delivered by the chairman, Rev. A. Brown and H. Lee of Owen Sound, Scott of Corbetton and M. Richardson, Esq., of Flesherton; also music by the choir. All are invited. Collection.

PRIVATE POST CARDS.—The last quarterly supplement from the P. O. Department calls attention to the following regulations: "Upon all cards intended for use as private post cards the words "Private Post Card" must be distinctly printed or written. The name and address of the sender may be printed on the face of the card, but the face of the card is not to be used for advertising purposes. Private post cards must not exceed a size of 6 inches in length by 4½ inches in width, these being the dimensions of the larger official post card at one time issued by the Department. Cards exceeding these limits are to be treated as insufficiently paid letters. Private post cards are not transmissible to the United States."

WON'T PAY THE PREACHER.—Rev. Mr. Wilson, Presbyterian minister at Caledon, is having some difficulty with his Alton congregation in the matter of salary. The Alton people owe Mr. Wilson about $200 and appear to be in no hurry to settle. The secret of the trouble is said to lie in the fact that the preacher has made himself obnoxious to many of his parishioners by an aggressive political policy. Mr. Wilson is what is sometimes called a "red-hot Tory." The matter was before Orangeville Presbytery on Tuesday, when Rev. Mr. Bell of Laurel and Rev. Mr. Breckinridge of Caledon were instructed to interview the Alton Presbyterians with a view to effecting a settlement of the difficulty.—Orangeville Advertiser.

BAND CONCERT.—Owing to the partial failure of the former concert on account of unfavorable weather the band has decided to give another, which will take place on the Agricultural grounds on Tuesday evening next, Sept. 17, when the 36th Battalion band of Shelburne and Dundalk silver band will assist Markdale Citizens Band. These will be supplemented by the Bush Family Orchestra and will render a high class concert. The grounds will be illuminated and ample seating accomodation furnished. Chair taken by Dr. Sproule M. P. at 8 o'clock. A cordial invitation is extended. Admission 15 cents. The band is worthy of support and encouragement so now is your chance to give it.—The united bands will give a grand parade on the principal streets in the evening.

REASONS WHY.—Some people cannot understand how it is that J. Artley the pump maker of Markdale puts in more wind mills than all the other agents combined. Of course if they did it would not be to them a matter of surprise. There is a reason for everything under the sun. One chief reason is that he is not an agent at all, but a dealer and gets a good discount off for paying cash, which manufacturers will not give to agents who sell on commission. He is therefore able to sell cheaper, and can sell to suit the convenience of his customers. Another reason is, he is a practical mechanic and an expert at putting up wind mills, and of course any sensible person would prefer employing him than a green hand. Any one thinking of buying a mill should call and see the one at the shop, thoroughly galvanized after it is made. 3-w

Home Again.

The party composed of Rev. G. R. Turk; Grace church, Winnipeg; Rev. W. H. Hincks, Queen street Methodist Toronto; Rev. Josiah Greene, Mitchell; and Messrs. J. W. Redfern and J. F. Gray, of this place, returned from their Old Country trip last week, arriving at Montreal per S. S. Vancouver Saturday evening at 5:30 o'clock. Rev. Mr. Turk came through to Owen Sound by rail and took the S. S. Manitoban for Winnipeg Monday. At the docks here he was met by many of his old friends who seemed glad to see him and the expression on Mr. Turk's countenance as he shook the numerous hands, betokened as much pleasure on his part. Mr. Hincks arrived in Toronto Saturday night. Messrs. Redfern, Gray and Greene got home Monday night. The party confined their visit to England, Ireland, Scotland and Wales during their stay of nearly nine weeks, taking in the rural districts as well as the great centres. All enjoyed the trip immensely.—O. S. Advertiser.

Ruri-Deconal Chapter of the Co. of Grey.

This chapter held its semi-annual meeting on Friday afternoon the 6th inst. in Christ Church, Markdale, which meeting the rural dean, the Rev. A. W. Graham of Shelburne presided over. The clergy and delegates of the deanery were present. The Rev. Canon Young, the Bishop's commissioner, came from London to address the chapter on the urgent and burning topic of Home Missions. A lively but profitable discussion followed the address.

A public meeting was held in the evening, which, considering its nature and importance, was not as representative as one would have wished. However there were quite a few present and the speaking by Revs. Ardill and Young was good and to the point.

The next Deanery will be quarterly, and will be held in St. George's church Owen Sound, in January, 1896.

The Central.

This famous fair has completed most of its arrangements for '95 and the fair this year will be in nowise below that of previous years.

The forenoon of first day, Sept. 24th, there will be a baseball match between the Harkaway and Strathnairn clubs. The grounds will be free to all during the game.

In the afternoon there will be, the horse speeding which this year promises to be the most interesting of any year since the organization of the Central, also a football match for purse

The second day there will be the usual display of exhibits in their various classes and in addition to speeding of various kinds on the track there will be three bicycle races.

The refreshment booths have been rented to enterprising parties and in every way the Central's motto is "Onward and Upward."

Owen Sound Exhibition.

We are in receipt of complimentary press badges for the above exhibition to be held on the pleasure grounds, Owen Sound, next Tuesday, Wednesday and Thursday, the 17th, 18th and 19th September. In addition to an attractive and rangy $2500 cash prize list, the enterprizing directors have secured a number of first class attractions. The programme which appears in another column shows the following: speeding in the ring, bicycle races, band competition; La Belle Bros. the celebrated trapeze performers, Cyrene the world-renowned character and acrobatic dancer and slack wire artiste; Graham Bros. the high-wire walkers; Prof. Mungoven the celebrated stilt-walking acrobat and commedian. In addition to all this there will be a brilliant display of fireworks every afternoon and evening under the skillful management of Prof. Kirvan. Special excursions will be run by boat and train, and we have no doubt a tremendous crowd will be in attendance at the Fair.

Whitecaps In Holland.

One of the most dastardly diabolical crimes ever committed in this section was perpetrated at Holland Centre on the night of the 10th of August. The victim was Dr. Bull of that place, who was called out of his bed by a man who said he wanted him in a hurry to go and see his wife, who was very ill. Dr. Bull replied that he would go as soon as he could dress and hitch up, when the man told him he wanted him in a hurry and they would drive him out and bring him back. There were two men with the rig and the Doctor went away with them, and when they reached a lonely part of the road they drove into the bush, saying that it was a short cut. When well into the bush they all got out, when one of the party (it is claimed another man was waiting in the bush) threw a cloth over Dr. Bull's head and then the devilish work commenced. The Doctor was tied to a tree, stripped and most unmercifully beaten by the fiends in human form, who left their victim in a state of insensibility and fled.

A detective was employed to work up the case and last week James Howey of the 10th con. of Holland, and Samuel Lewyy of Sullivan were arrested on warrants charging them with the offence They were brought before Majistrates Price, Spencer and Wilkinson in Owen Sound last Tuesday, the court lasting from 10 a. m. until 6 p. m., owing to the amount of "fishing" evidence which the prosecution found it necessary to call. The accused was committed for trial on two charges, one of assault and wounding and the other conspiracy against Dr. Bull.

Howey and Bull are married to two sisters and a bad feeling exists between the doctor and his wife's relatives, which is no doubt largely due to the slanderous, mischief-making tongues of a lot of meddlesome, gossips who infest the community. We refrain from publishing the evidence or commenting upon the guilt or innocence of the accused, who have hitherto borne good reputations believing that this course is the least calculated to prejudice the case of either party.—Chatsworth News.
