MARKDALE, OCTOBER 10, 1895.

IMPROVEMENTS.

George street is coming to the front in the line of improvements. Mr. F. Dowling recently purchased a house from Mr. P. McArthur, and has since jacked it up, built a stone foundation under and has the material on the ground for veneering it with brick. Mr. John Beckett is doing the work. Mrs. Burnett, on the opposite side of the street, has had her house raised up and a stone foundation built beneath; Mr. Beckett did it. Then the Presbyterian manse has been greatly improved by an application of paint to the wood work of the exterior. The Presbyterian church has also been tastily calcimined within and painted without, all of which not only adds to the general appearance of both but speaks well for the pastor, Rev. Mr. Hunter, and the congregation. Mr. J. J. Cherry did the latter. The street and sidewalk in that vicinity now require attention.

Thornbury Champions.

The Thornbury and Owen Sound teams played off the final game in the Georgian Bay Base-ball League series on the Markdale ground on Friday of last week, and decided where the pennant of 1895 should float. Mr. Brown of Markdale was chosen as umpire, and shortly after two the game started, Owen Sound going to bat first, and on wild throwing by Thornbury succeeded in getting one man across the plate. Then Thornbury went in for her first innings but were retired without evening the score up. The spectators at this stage of the game came to the conclusion that it was going to be a hard match, and so it was, as the score throughout the game was about even. The play at times on both sides was loose, and was the means of letting runs in. The score, Owen Sound 9; Thornbury 10 with an innings to spare. Batteries, Owen Sound—Brock, Glassford and McLaughlin; Thornbury—Wright and Randal.

How to Give.

1 Cor. xvi. 2: "Upon the first day of the week let every one of you lay by him in store, as God hath prospered him."

WHEN?—"Upon the first day of the week." The Lord's Day is not too sacred to be used in considering what you ought to give to God's cause. The collection ought to be looked upon as much a part of worship as the prayer.

WHO?—"Every one of you." No one is excused. The rich man is under no more obligation to give than the poor man. He is under obligations to give more, of course, but the responsibility to give is equally binding upon all.

HOW?—"Lay by him in store." We are to arrange and plan for our benevolences, and not allow them to be governed by chance. It is not in accordance with the spirit of the New Testament for us to go to church without bestowing any thought upon our duty in this matter, and then, when the collection-plate comes round to give what we happen to have in our pocket or nudge our neighbor for the loan of five cents. We should think about it before hand.

HOW MUCH?—"As God has prospered." If much has been given, much will be expected. If the income has been small, the amount of the contribution must be governed accordingly. For a rich man to talk about giving his unity is utterly out of harmony with this text. The mites and pennies are all right for the poor widow, but the prosperous man should devise liberal things.

Rocklyn Fair.

Euphrasia township Fall Fair was held at Rocklyn on Thursday last and proved in every respect a gratifying success. The weather was all that could be desired and the attendance about fifty per cent larger than on any former similar occasion. The exhibit of stock was large and fine and the judges had no easy task in arriving at fair conclusions. In the hall the display was indeed creditable. The show of fruit was ahead of any of the local fairs of this district. Roots were shown in large quantities and excellent samples. Some superior bags of grain were on exhibition while the quantity was not lacking. We witnessed one exhibit of oats tested which stood 45 lbs to the bushel. Of course this took the red ticket. A number of samples of timothy seed of good quality had to be passed over on account of not containing the proper complement, half a bushel, as per regulations. There was ladies work in great abundance, and we would say quite up to the times in point of excellence. Taken throughout the directors are to be congratulated on the success of their fall show.

THE CONCERT.

held in the town hall at night was "a howling success." It was gotten up under the auspices of the Methodist church, and the superintendance of the indefatigable and popular Dr. Bennett. The large hall was packed from stem to stern and the program long and rich with good things in which the following took part: Music by the (Victoria) choir; Messrs. Knaggs, of Meaford, violin, and Dr. Bennett, accompanist, gave several excellent renderings; the Bush Family Orchestra, of Markdale, rendered a number of excellent, and much appreciated selections; Prof. Galvin, of Markdale Citizens' band, a cornet solo; Miss Vic. Brown, Woodstock, recited in a clever and winsome manner; the Misses Lawson, Owen Sound, sang sweetly and well; Master Abercrombie delivered a recitation in a highly creditable manner; Mr. W. A. Brown of Markdale, a song; the Misses Kells, Vandeleur, gave a clever exhibition of club swinging and also of dumb bell exercise and Master Neely a recitation in good style. Some 24 renderings were given besides repeated and enthusiastic recalls. Rev. Mr. Humphreys thanked all concerned on the part of the promoters. The editor had the honor of presiding. The admission was only 15 cents and yet $51 was taken at the door. Dr. Bennett is a host in himself as well as being a huge success as general superintendent.

Annual Convention of the W. C. T. U.

The annual convention of the Grey county W. C. T. U. was held at Markdale, Sept. 24 and 25. Delegates were present from Owen Sound and Meaford; Thornbury being unable to send any.

The president, Mrs. Rogers, took charge of the meetings. Reports were read from each Union, showing that the work is going on in a most satisfactory manner.

The papers read by the superintendents on their different departments were well worth hearing.

Mrs. McKee conducted a School of Methods. The school children were invited to a meeting, and listened attentively, while Mrs. Rogers endeavored to impress on their minds the evils of intemperance, cigarette smoking and bad language.

The evening meeting was held in the Methodist church. Rev. Mr. Hunter acted as chairman. The speakers of the evening were: Mrs. Rodgers and Mrs. Lediard of Owen Sound; Mrs. McKee of Barrie and the local ministers. The choir rendered very excellent music, and the meeting was considered a success.

Wednesday morning the following officers were elected: President, Miss W. Doyle, Owen Sound; recording sec. Mrs. McLaughlin, Meaford; corresponding sec. Mrs. Read, Owen Sound; treasurer, Mrs. McKenney, Thornbury.

The committee on Resolutions brought in the following, which were adopted:

1st—That this convention stands united on the total prohibition of the liquor traffic, and to this end we work and pray.

2nd—That in view of the fact that the children of other lands are located in our Canadian homes, to the exclusion of our own neglected and dependant children, resolved, that we use our influence to secure homes for our own homeless little ones; and in every way in our power assist Mr. Kelso in his good work.

3rd—That the thanks of this Convention are due and are hereby accorded to the Ontario Government for appointing a woman inspector, under the Factories Act, and heartily commend Miss Carlyle and her work to the assistance of the W. C. T. U. of the Province.

4th—Whereas the law on tobacco for miners, is found to be ineffective, and the habit of cigarette smoking is on the increase, resolved, that we urge the Provincial Union to further petition the Legislature for a more stringent measure regulating this evil.

5th—Whereas the Ontario Government has placed itself on record, as in favor of the prohibition of the liquor traffic, and has promised to exert its powers in this direction, therefore resolved—That we the W. C. T. U. of Grey Co. would call the attention of the Government to the position antagonistic of this policy, assumed in so many places by the servants of the Government, the License Commissioners. We would further speak of the very perfunctory manner the License Inspectors do their work.

6th—Whereas the constitution of the W. C. T. U. pledges its members to abstain from all fermented, as well as distilled and malt liquors, as a beverage; and, as "Root Beer" so largely advertised, as a temperance drink, is produced by fermentation, and contains more than two per cent. of alcohol, therefore, resolved, "That we make this fact generally known and use our influence with the public, and the press, to warn people against these so-called temperance drinks.

7th—Resolved, that this convention tender their heartiest thanks to our honored and revered president, Mrs. Rodgers, for her untiring efforts in behalf of our work. We realize that we have not always stood by her as we ought, but we wish her to understand that we appreciate her labors, and pray that God will bless her and grant her a long life in his service.

8th—That the thanks of this convention are due, and are hereby accorded to the following parties:

To Mrs. McKee of Barrie who so ably addressed the meeting in the evening.

To the officers and members of the Presbyterian and Methodist churches for the use of same during convention.

To the friends who so ably helped us with their singing.

To the teachers of our public school.

To our hosts and hostesses for their generous hospitality.

Mrs. Pickell, of Markdale, was appointed delegate to Provincial Convention.

The next County Convention will be held in Owen Sound, June, 1896.
