MARKDALE STANDARD.

THURSDAY, NOV. 14, 1895.

The Week's Commercial Summary.

The hide market is in a demoralized state. Toronto dealers on Monday reduced the prices of green, red, and No. 1 and No. 2 hides.

Farmers continue to haul back their wheat, and this accounts for Toronto prices being high 120 a bushel higher than in the west.

Fifty-three failures are reported in the Dominion last week, fifteen more than the previous week and three more than same week last year.

The outlook is not so promising, with stocks in merchandise the country within bounds. Retail merchants continue to buy cautiously, and are thus enabled the better to meet maturing obligations.

There was a fair crop of wheat in Ontario, but the grain is not so good as it was in 1894, and it is not so abundant as in the west.

The amount of wheat in store at the United States and Canada increased four and a half million bushels, and the total is now 50,480,000 bushels, as against 48,274,000 a year ago, and 49,000,000 in 1894.

The amount of wheat in store at the United States and Canada increased four and a half million bushels, and the total is now 50,480,000 bushels, as against 48,274,000 a year ago, and 49,000,000 in 1894.

The amount of wheat in store at the United States and Canada increased four and a half million bushels, and the total is now 50,480,000 bushels, as against 48,274,000 a year ago, and 49,000,000 in 1894.
