

The Chinese make what they call "tea," which is made from dust, or broken leaves, coarsely rolled up into pellets by the aid of green tea leaves.

Quite Genu-sue to Him.

"Tobacco" is an excellent fumigator, remarked Twoford, as he lighted a deal-black cigar. "It drives germs out instantly."

"Look me as a germ," said Goodstyle, as soon as he had won of it.

Thin...
The thinnest edge of iron ever rolled has recently been turned out at the Hamilton Works, next to the Vale. It has a surface of fifty two square inches and weighs but twenty grains. It would take 150 such sheets to make a layer an inch thick.

How to Mend Gloves.

If you wish to mend your gloves neatly turn them inside out and sew them up with fine cotton thread. Silk will not do. If there is a tear, set a piece of kid under it and secure it with a few stitches; if you have a hole in the kid of the right color, use a bit of silk or silk. If you have a hole in the leather, cover it with a piece of leather, and patch it with a break-stitch, but always stitche

the kid.

Many letters are in the possession of the proprietors of this medicine showing that those who have suffered from heart disease had it completely taken away when heart spasms had become very violent. It is a remarkable specific for one particular purpose, and in many instances a strong heart disease either in its incipient stages or the more chronic.

This was in Boston. When Joe's wife looked back, said the Sunday school teacher, "what has happened?"

She was transported into chloride of sodium, answered the class with one voice.

A Perfect Feeling.

"I thought it was making his way through the crowded trees."

"Doubtless." How that typify sym-

a fellow feeling, you know."
