A secretary of the sister's happiness. no secret when it is no Porce Dorothy was surest while the ed and Laura herselt of its tomb.

So Willmore whited in your tab.

from the vague auxiety Which his love for this girl with the sassin of Ralph 'Kestrel went at tracked, while the referency storm gradually faded out of the as spa The time seemed to have Laura to return to the house in to Park. She had written several to Muriel O'Connor, but no reply so sage of any kind had come from and Laura felt an increasing desir-back and banish all misum least an so far as regard to Detethys, would permit. But Dundas, w.s. loth to have Laura leave her sector good ship Wanderer which become od had received a new capac, and saling papers were made out for York. It would be a short vexastime—his last in the Whele rer at thought if best that Double's hand more be left at bone, at learner water to know he were very to the paper had been been considered. stay to keep her combany "You see," little wife Wanderer ain't kinder fitted tor folk. She's a tub to tile Neg op. I shall be part owner of what from America; and I would

lass take a grudge against the lat without her—a dread that surps 1, its, which as a landswoman she look that is cookronches which the Copy in the sy-mitted would be found in swaring board the old Wanderer, She referred the decision the garden below. Looking down to bedroom window. Dorothy called

to her sister, who was standing and less by the group of hellyhelds and showers, contemblating a gloundar, ject she was holding in her hands at she had found in the flowershed. "Laura, Laura dear", Softly as the summers same started with strange against on at the same his shie hid the treasure trove of the tast her gown; her back was turned to window from which her sister spoken. She answered without that round or looking up

Her voice sounded strangely had and hollow.

"The Wanderer sails to high! W want to consult you whether I shall be to America with Ben.
Laura answered nothing she nearest looked up at the window you turned to onter the house and poin Dorothy
Captain Dundas put his great red too
by the side of his wife's pretty lone and with one arm round her no k hats I sister through what he balled the ;

holo.
"Itain't any use, Lawra I am't the heart to persuade he's not to come and sho kinder don't know berown most Sho hates the blackbeeds's but thunder, I do believe sho by some Y shall take an observation for y a dear. Shall she godt shall she state Then Laura spoke again in that be a hollow tone.

Take her with you, she said.
Then, turning, she raiset for eves saw the foul picture, smiling open has from the window above, the safe lead

of the pretty little write inesting of the pretty little write inesting of the sailor's great carly learned and the afternoon, sun dancing in the kapity of both san's berepeated.

"Take her with you, then this that with a ring of passionate characty in her voice." oice. Presently she crept steathily to the attic where she was accust med to sleep and there, with the door locked and and there, with the door looked and barricaded against interruption. Left teleaning and polishing a ruley dagger of Oriental workmanship, concending it to length in a crevice where the one would find it—no one would seek to time.

And in nervous history creat she are well and with a force of states, she profess.

and with a face of stone, she preparall things for her sisters departure to the Atlantic voyage.

And when Dorothy and D rothy she band remarked upon her to ituriaty and depression, she once or types glan-mournfully at her sister, and strove to say some words attributing this glood to the separation that was about to the splace. But the enjort did not well speed in deceiving them. There were in eager questions as to their return in deed, it almost seemed that Laura would have been content mover to say the second statement. have been content never to see her sis again. She would not accompany the on board the ship, and her last endera-wasso cold that Dorothy went away in stupor of astonishment, and thinking

super of astenishment, and thinking of it as she was being rowed down the river, broke suddenly into tears.

"You ain't quarrelled with Laura have you, lass?" whispered the Captain as he drew his sobbina wife to his side. He had been a pained observer of the aster's altered manner.

"No, Ben, no," answered Dorothy very carneally. "She is the best the dearest the kindest sister in the world, she always has been. But something has congleting the line of the congruence of the world ways has been. But something has congleting the world what it is."

Dundas did his best to comfort her. "Cheer up, little one," said he. Women have their fads and fancies. This is only a shadow."
