(CONTINUED.) And she led him on from point to And she led mm on from point to point, so that he reldom left the house without a sense of having betrayed the trust which his chief reposed in him, of having yielded up State secrets under the sorcery of a woman's smile.

And Dennis Donovan, lurking within earshot of their conversation, took note of many a thoughtless word that was spoken by Chester without suspicion that it reached any ears but those so white and oxquisitely sculptured which peoped from a veil of Titian hair. from a veil of Titian hair. rom a veil of Titian hair.

Chester never encountered the Irishnan. Muriol was always found alone.

man. Muriel was always found alone, and their conversation grew in earnest hoss with repetition. At first Muriel throw herself without scruple into the descript from this smoothly. hoss with repetition. According throw herself without scruple into the task of drawing from this susceptible repository of State secrets all she could gain for the advantage of a curse begin to her heart and approved of by the feorescince; but as their intimacy increased, and she became aware of Chester's real love and trust, she perceived that she was playing an unworthy and treacherous part, and revolted from it. The first sign of this was an opposition to the eavesdropping of Demus Doneggae. But this the latter overruled. If Geompensated himself for his powerlessness over her affectious by an absolute trianny over her mind, and after a light griner view with the politician, when she had suppressed or turned aside from all political references, he drow her back to her repugnant course with a short but theat references in a short but all-powerful reminder of what she had to do, its motive and its object.

But Dennis Donovau, hearing part; heard all, and while the growth of these

heard all, and while the growth of Chester's passion filled him with inalice, the perceptible increase in the warmth of Muriel O'Connor's response to that pission brought upon him the torjure of a bitter jealousy, which led him to strain to the verge of endurance the deservice power he held over her. And Muriel, growing in regards for her pristing and evoted visitor, and writhing under the linsolent dictation and faunthenty of the resolution of Conwhom, as the assession. linsulent dictation and familiarity of the revolutionist, for whom, as the passassin of a man she had once loyed; she had conceived a desperate abhorrende, tyrned suddenly, to Chester for project toff and sought from him by direct perifican that which she had hitherto exclusively rehed upon Donovan fowin for her brindstructure. It was in the soft summer evening time, when Chester called upon his way to the House, ostensibly to bring her some rate orchilds for the conservatory. But in troth impelled by destiny to declare his love orchits for the conservatory. But in troth impelled by destiny to declare his love and ask her to be his wite. On that evening of all others he had no right to be there; his duty called hun emphati-called the University. cally to the House, where an important debute was to take place, at which he presence with certain precious State documents was indispensable to his clost. But behold him ryshing into Mone Is drawing room, to shall half an hour from his service at a national errors for the purpose of deciding the neet moment tous issue of his life. His private car

was waiting at the gate to the garden wall, but he did not dare to the garden wall, but he did not dare to their he all-important despatch box there. He brought it, with an apology and, the drawing-room and placed it is the yet of his chair, explaining the nature of a contents. This was not lost spen bod on many was no nearly and the where he could hear every word.

Chester was pressed for time, his too was made up, his brain graph and of h was made up, its train substract including substract including the ploke out his love (rankly, pressentely, madly, He phedged to the woman whom he had known bittanh'the winds and whose life was a scaled back to first still his name, his loyalty his facts still, his name, his loyalty his fie He knelt at her feet in the charge i his passion, and implored her to the he had to give, and return una sol so palpable, and she had seed to che to what his constant visits to ded at she felt neither surprise nor distrust,
