Fort William are 1,878,596 bushels against 361,186 bushels a year ago. The stock of wheat at Toronto is 68,581 bushels, an increase of 22,000 for the week. A year ago the stock was 42,616

The net profits of Canadian Pacific April show an increase of \$39,588, and for the first four months of the year a gain of \$400,168.

There is a better movement in teas, with fair, orders received by Toronto dealers for medium qualities. Canned sulmon firmer at \$1.15 for ordinary brands, and \$1.45 for horseshoe. There is a further decline in wheat with prices the lowest so far on the present crop. In Chicago the decline has been five cents, within a week Small been five cents, within a week Small exponerand large receipts in the rest are the beliefs factors.

The Canalian Pacific railway has collected reports from its agents throughout Manitoba and the Northwest which ow the area of wheat sown this year be 10 per cent. less than last, on account of the lateness of the season. As wer seasons have invariably been most bountful, it is believed the quantity will be futte as great, if not greater, than last tear. The visible supply of wheat in the United States and Canada is how 50,340,000 bushels, a deer ase of 978,000 bushels last week. A year ago the tistible supply was 52,229,000 bushels. The amount of wheat affoat to Europe is 30,400,000 bushels, a decrease of 380,000 bushels for the week. A year ago the be 10 per cent. less than last, on accounbushels for the week. A year ago the amount affort was 45,920,000 bushels.

The recent sale of London City deben-tures to the Bank of British North America, is another evidence of the solidity of Camadian securities in general, and of the high credit which London deservedly enjoys. The amount sold was \$269,112.00, and realized \$288,079,00. interest at 3% per cent,, both interest and principal being payable at the Treasurer's office, London. Harold Eagle, Esq., Haldmand county president of the Brantford Dairymen's

Board of Trade, has offered a twenty five dollar cup for "competition at the Southern fair. The prize will be for the southern tair. The prize will be for the best dairy cow from which nilk has been supplied to a chiese factory for two-months of this season. The competition may be limited to the patrons of factories represented on the Brantford chees market. These factories are situated in the counties of Brant, Waterloo, Went-worth, Lincoln, Welland, Haldimand and Norfolk.

There were 20 failufes in the Dominion hat week, as against 21 the week before, and 18 in the corresponding week of a year rigo. Quelier heads the list with fourteen, being an increase of sever year the previous week; of this number. over the previous week; of this humber, two were rated under \$1,000, and the balance dual our lowest credit of blank rating. Ontario had eleven, none of which had a rating higher than \$500, and the largest nu nber had no credit rating. Now Scotin had two—Manitoba and British Columbia one each. None were reported from New Brunswick or Prince Edward Island. rince Edward Island. Dun & Co. say: There is little of an

couraging nature to say with regard the trade situation at Toronto. Travellers flud country merchants acting with the greatest caution, and the demand for goods is restricted to the barest necessities. As stated by us last week this state of things is not likely to change for the better until after the lections on the 23rd inst. There is a further decline in the prices of grain, and including all coreals, prices in Ontario now are the lowest femenbered by the oldest dealers. This is very discouraging oldest dealers. This is very discouraging to farmers, and accounts for the low prices of good Ontario agricultural lands. Cattle, cheese, butter and hogs are also lower than usual at this season of the year. The outlook for this season of the The outlook for this season's grain however, is not very enco on the other hand the yield in Ontario is likely to be smaller than last year, while in Manitoba the acreage in wheat is 10 per cent, less than in 1895. This may have some effect later on the prices unts at the banks are unchanged, while the offerings of funds on stock collateral are a little more

The Blumingham Post accepts the first poisoned with the first poisoned arrows.

The Blumingham Post accepts the first poisoned with a post with was born, a British subject I will die.
With my tumost, with my latest breath,
will I oppose the 'veiled treason' which
attempts, by sordid incans and mercenary proffers, to dive 'our people' from
their allegiance. During my long public
service of hearly half 'a century I have
been true to my country and its beet in service of nearly half a century I have been true to my country and its best interests, and I appeal with equal confidence to the men who have trusted me in the past, and to the young hope of the country, with whom rost its destinies for the future, to give me their united and strenuous aid in this my last effort for the unity of the Empire, and the preservation of our commercial and political

vation of our commercial and political "The Tug of War." "A British subject I was born; a British subject I will die." In this epigrammatic utterance the Conservatives alseerned a valuable campaignery. There were few politidians who believed that the Liberal leaders and the Liberal rank and file had any desire towards annexation. But the Liberal leaders are the leaders and the Liberal rank and the Liberal ran o Colonial Office in London until a tion. But the indiscretions our able ion has been reached. The sittings friend Farrer brought trouble on Mr. s. Since 1891 many times has Mr. Laurier accentuated his antiro-desire for a continuance of British con-nection. And his licutenants have done likewise. New lisues have sprung up. The feeling of the country on the School uestion has overshadowed everything lse, and it is on the School question that the battle will be won and lost. Sir Charles reiterated this statement on Saturday last. And, on the same day at Amherstburg, speaking to an audience composed mainly of French Canadians, the Liberal leader assured his hearers Lifety, your be given power, he would

rummon him to their aid.

Down by the sea the Minister of Finance is conducting what original newspaper men call "a vigorous campaign," Be it known that the people of newspaper means and the people of paign." Be it known that the people of St. John, New Brunswick, are in a great state of indignation for that the Ottawa Government chose Hallfax and not St. me were he given power, he would may little difficulty in settling the ques-Is There a Conspiracy? tion.

Is There a Conspiracy?

Once more do we hear of our friend Farrer. The other day the Citizen, the Administration organ in Ottawa, printed a three-column article charging the Liberals, the Patrons and the McCarthytes with having entered into an offensive and defensive alliance—a conspiracy the Citizen, who engineered the "deal." Mr. Farrer it was, according to the Citizen, who engineered the "deal." Mr. Lanrier promptly, repudiated the charge, Mr. D'Alton McCarthy said that there was done in the defensive with the defension of the Covernment.

Mr. D'Alton McCarthy said that there was no understanding, but that he would accept any aid available that would assist in the defension of the Government. "We who oppose the Administration are not going to cut each other's throats," said he. The Patron leaders agreed with the Liberals in giving to the story a full and explicit denial. The Ministers say that they have documents showing that such an understanding was arrived at by the agents of the three opposition parties. I am given to unlerstand that within the next few days Dr. Montague will give the proofs of the charges the widest publicity! Meanwhile Mr. Edward Farrer, that man of hard experience, nathrains a most consistent slicice. He declines to

that man of hard experience, maintains a most consistent silence. He declines to say anything concirning the subject. I for one do not believe that experienced politicians like Laurier and Jim Sutherland would call in the aid of Mr. Farrer.

The Methodist Conference. Down in the Eastern townships, the only Protestant section of Quebec, the Methodist conference passed a significant resolution the other day. It deaft directly with the mandement of the bishops, the sermion of Bishop Lafteche, and indirectly with the School question. Let us have its exact words: "While we recognize the same liberty of speech on all matters, religious, secular and political, to dur Roman Catholic fellow-citizons that we claim ourselves, we protest most eigen ignore certain disqualifications under which this brilliant journalist labors. Roman Catholic fellow-citizens that we claim ourselves, we protest most carnestly against the baseless, assumptions of the Roman Catholic hierarchy, as expressed in the mandement of the blahops and the sermon of Blashop Lafleche, in that the former claim, for the Church a place of supremacy in all things above the Sinte or civil Givernment, and the latter proclaims the dangerous and disloyal doctrine that no Catholic can be good and true who does not in his political capacity in all things take the standpoint of Roman Catholicwhich this prillings journalist labors. But, of course, that is their business. What I desire to emphasize is that the managers of the two old parties would think several times; before they would

ANOTHER GREAT TRIUMPH THE BOWMANVILLE NEWS INTE VIEWS MR. JOHN HAWKENS.

Suffering From Asthma, From Whiel He Has Been Bestored to Health When His Case Was Looked Upon as Hopeless. From the News, Bowmanville. During the past five years the Di Villiams' Pink Pills have developed int

Williams' Pink Pills have developed into a household word, and from several cases that have come under dur personal observation, there is not the least doubt in our minds but that they are a boon to mankind, and in scores of instances have saved life, when everything else had falled. The cure of Mr. Sharp, whose class we published some time ago, was one of the most remarkable that we have heard of. To-day he is as well as ever he was in his life, and is daily knocking about in all weathers attending to his farm duties. Recently another triumph for Pink Pills came under our acto, in which he remarked that the freeman was a "rag," and that its pub-isher was looking for "a miserable posi-ion under Laurier," Truly, His Grace of Humors of the campaign are not few. One hears source of stories, some of them good, some poor. A man from Hamilton told me the other night of a speech that caught the crowd at a Conservative meeting the other night. Candidate Boylile was talking of the wickedness of the Liberals. "Because I was a clergyman and am now a layman," said Mr. Boylile, "they hint that I was drummed out of the Church. The next acousation will be that I have murdered my mother-in-law." At which there was a huge roar of laughter, for Mr. Boylile is a bachelor. Talking of stories—to just the colloquial—reminds me of one that always told to the new pomer to Ottawa. In the last parillament, after Ch. whackintosh resigned his seat to been always told to the new pomer to Ottawa. In the last parillament, after Ch. whackintosh resigned his seat to been always told to the new pomer to Ottawa. In the last parillament, after Ch. whackintosh resigned his seat to been always told to the new pomer to Ottawa. In the last parillament, after Ch. whackintosh resigned his seat to been always told to the new pomer to Ottawa. This verbose, but likeable old physician, obtained his title in a curious manner. During Lord Lorne's tenure of the Uovernor-Generalship his consort, the Princess Louise, sustained an injury to her

panting for breath, and would sit day with his clows resting on his kn

-the only position which seemed to gi him ease, and at one time he never he down for six weeks. As it was a har ship for him to talk, all he asked was ship for him to talk, all he asked was to be let alone. During this time he had been doctoring and hid tried hearly everything and spent over \$100 but got no relief. Findly, some one recommended him to take Pink Pills, He thought they could do him no harm at any rate, and procuring a supply he commenced taking them. After he had taken three boxes he found that he was improving, and after taking two more boxes, to the astonishment of all, he walked across the field to the woods and cut up a cord of wood. He continued the pills and took two piore boxes, making seven in all, and to-day is as well as he ever was, but always keeps a box of Pink Pills in the house. The neighbors all began to ask house. The neighbors all began to ask him what he had dope, as the asthma had left him, and they never expected too hear of him being well again. To one and all he tells that it was Dr Williams' Plui Pills that did it, and has recommended them to scores of people since his recov

ery.

With such wonderful cures as these occurring in all parts of the Dominion it is no wonder that Dr. Williams Pink Pills have achieved a greater reputation than any other known medicine. All that is asked for them is a fair trial and Lat us hark back to modern times. In the very modern city of Toronto D'Alton McCarthy lied a meeting on Monday night at which there were nominated two McCarthylite candidates in the western division of the city. The most important occurrence of the verning was McCarthylite candidates in the western division of the city. The most important occurrence of the verning was McCarthylite candidates in the western division of the city. Now we are working together, doing our best to aid the people of Manitoba in preserving their school system." ____ PORTUGUESE IN SOUTH AFRICA. They Have Done Nothing to Explore

Develop the Country. In the early years of the sixteenth of John, as the winter port for the fast Atlantic steamers. Now, between the oltisens of St. John and the ultra-English who live in Halifax, no love is lost. To show their indignation, two independent tury, long before the first Dutch fort w to the Zambest and Mozambique. They did, some trading in gold and ivory with the interior, and they ascended the Zambest for several hundred infles. But the

best for several hundred miles. But the partial strip of that ground which lay between the coast and the plateau damped their desires, and threw obstacles in the way of their advance. They did little to explore and nothing to elvillize the interior.

Three conturies proof, during which our knowlidge of Seath Central Africa was sen cely extended; and it was not till some sixty years are that it was not till some sixty years are that the Dute i Boers in their slow vazons passed northeastward from Cape C lony to the spots where Bloemfentein and Pret ria now stand; not till 18454-56 that David Livingstone made his way through Bechuanaland to the Victoria Falls of the Zambesi and to the Athantic coast at Leaniha; not till 1889 that, the vast territories not till 1889 that, the vast territorie not till 1889 that the vast territories which he between the Transvall Republic and Lake Tanganyika began to be occupied by the Mashonaland ploners. All these farmers, explorers an mining prospectors came up over the high plantau from the extreme southermost end of Africa, checked from time to time by the warlike native tribes, but drawn on the finding everywhere acountry in which the warfize indive tribes, but drawn on by finding everywhere accountry in which Europeans could live and thrive; with the Portuguese, having long since loss the impulse of discovery wind conquest, did no more than multidin their hold upon the coast, and allowed even the few forts they had established along the course of the Zambesi to crumble away. —"Impressions of South Africa," Prof. James Bryce, M. P., in the

A True Christian's Thoughts. A Christian of the right sort think that everyone is like himself; he lool that everyone is like nimself; he look on everyone as good whose wickedness he is not thoroughly convinced of; he hardly ever suspects, and never judges if of others. He does his duty and leave ment, and the latter proclaims the dain gerous and disloyal doctrine that no Catholic can be good and true who does not in his political capacity in all things take the standpoint of Roman Catholic ism."

Rev. Dr. Hunter brought in the recolution. "Give us in Quebec." said be, "the free institutions of the province of Ontario, and keep the people from the domination of the Roman Catholic highest careful that drives them like sheep to the folls, and in ten years we will be ahead of Aontario."

Truth to tell, the Methodist conferences have had few good words to say for remedial legislation. It saids to a prominent laymen of the denomination. "Hy car sir," said he. "Done" you know that the elections are keeping half, the laymen away from conference? I can till you that the elections are keeping half, the conferences this year, and the clergy are that this gentleman is a Conservation.
