Washington, Jan. 9.—This discourse of Dr. Talmage will be helpful to those who want to find places with healthful and improving surroundings and to avoid places deleterions. His text is H. Samuel il, 14, "Let the young men now arise and play before us."

There are two armies encamped by the pool of tibeon. The time hings heavily on their hands. One army proposes a game of sword fencing. Nothing could be more healthful and innocent army accepts the challenge. Twelve men against 12 men, the sport opens. But something went adversely.

At this season of the year the clubones of our towns and cities are in full

play. I have found out that there is a legitlmate and an illegitimate use of the

club ones. In the one-case it may become a healthful recreation; like the contest of the 21 men in the text when they began
