Secrets
Every bicycle should be taken apart and thoroughly oiled in the spring before being used. A bike will soon become worthless if not kept in good repair. A day's run when out of trim will injure a wheel more than a season's kept in thorough repair. R. C. McNally of this village is a competent hand and will clean up, enamel and generally overhaul a bicycle equal to a city expert and at a moderate cost.

ALABASTINE WALL COATING.

Alabastine makes a coat as firm as the wall itself. It hardens with age, and is healthful and beautiful. It is also a disinfectant and sweetens rooms.
Alabastine should be used every part of building, to be whitened, tinted, painted, varnished, roofed and in; it is used under paint, varnish and paper, but makes a better finish than for walls.
