MARKDALE, JULY 14, 1898

SECTARIANISM IN POLITICS

The news that a movement is on foot to establish a political society of Irish Catholics is much to be regretted. With the disappearance of the reprehensible C.P.A. and the settlement of the Manitoba school question, it might have been hoped that sectarianism would vanish for a time from Canadian politics, but it appears that there are men who desire to re-ignite religious strife in our public life, and who believe that Catholicism should be made, or made out of accordance with their merits, but because of their popularity or lack of it with this or that religious denomination.

MONEY FOR FARMERS

Some farmers about Durham and Waterloo are making from \$200 to \$500 a year out of hogs and dairies. Last year an Experiment man saw \$160 from the sale of one sow. The hog trade in Ontario has doubled in six months, and the receipts ran 1000 a day. Texas hogs, Chicago hogs, and Canadian hogs take back seats when the Canadian hogs enter the market, but the price is still higher than in the States.

WALKERS' SHALLOV PREFERENCE

It appears that the Walkers of Walkerville will give nothing to charitable associations this summer. Herebefore they have distributed a few thousand dollars annually, but this year they cannot do so.

WALKERS IN THE SCHOOLS

The recent speech of the Hon G. W. Ross on the matter of education in the public schools indicates that no action is to be taken by the Department of Education, that the question must be solved by the parents and the teachers. The six months' holiday, Mr. Ross thinks, is not too much time for children to spend in school, but he says, the matter of home study is one which is entirely optional, and as a matter of fact an ordinary child can run the whole gamut of the public school course in 15, without any home study at all.

THE QUEEN'S CONFERENCE

The refusal of the United States Senate to ratify the proposed international conference in Quebec has caused general regret on this side of the border. It was hoped that the meeting would have resulted in the disappearance of all friction between the two countries, but the Senate seems resolved not only to maintain all the causes of antagonism, but to define any question which might end in their removal.

DR. AGNEW'S OINTMENT

During the hot months a sheet of Mr. Mulock's sticky ointment will answer very well as a substitute for antiseptic paper.

DR. AGNEW'S OINTMENT

FOR SALE BY R. L. STEPHEN

ARE YOU EVER DEPRESSED?

And is it not due to nervous exhaustion? Things always look so much brighter when you are in good health. How can you have courage when suffering with headache, nervous prostration and great physical weakness?

It gives vitality to all parts that carry away useless and poisonous materials from your body. It removes the cause of your suffering because it removes all impurities from your blood. Send for our book on Nervousness. To keep in good health you must have perfect action of the bowels. After 2 Pills cure constipation and biliousness.

Why do you wait like to consult a doctor? This little book tells you the best way to get well without a doctor's help. Address, Dr. J. C. Lowell, Mass.

DR. WILLIAMS' PINK PILLS

Some farmers about Durham and Waterloo are making from \$200 to \$500 a year out of hogs and dairies. Last year an Experiment man saw \$160 from the sale of one sow. The hog trade in Ontario has doubled in six months, and the receipts ran 1000 a day. Texas hogs, Chicago hogs, and Canadian hogs take back seats when the Canadian hogs enter the market, but the price is still higher than in the States.

It appears that the Walkers of Walkerville will give nothing to charitable associations this summer. Herebefore they have distributed a few thousand dollars annually, but this year they cannot do so.

Anaemia, or Bloodlessness

Its victims are pale in color, subject to Dizziness, Palpitation of the Heart and other distressing symptoms. From the Echo, Plattville, Ont. Anaemia, which literally means bloodlessness, is prevalent to an alarming extent among young girls and young women of the present day, and is a fruitful source of "decline" and other ailments. The symptoms of this trouble are many, but among the most noticeable are pallor of the face, lips and gums, shortness of breath on slight exertion, dizziness, severe headaches, weakness of the vital organs, palpitation of the heart, and dropsical swellings of the limbs. The more of these symptoms shown, the greater the necessity for prompt treatment. Among those who have suffered from anaemia and found a cure is Miss Emily Webb, a young lady residing near Wolverton, Ont. Miss Webb says: "My illness first came on when I was about sixteen years of age. My complexion became pale, my eyes were troubled with general dizziness and palpitation of the heart. I was placed under medical treatment, but the medicine prescribed by the doctor did not appear to do me the slightest good. As time went on I was slowly but surely growing worse. I was unable to do any work, and my limbs would tremble to such an extent at the slightest exertion that I could scarcely stand upon my feet. Then my stomach became weak; I vomited almost every thing I ate; I grew despondent and feeble; I would not recover. When in this condition I read an advertisement for Dr. Williams' Pink Pills, and I followed the advice. After I had used two boxes I noticed an improvement and my heart was gladdened with the hope of renewed health. At the end of six boxes my appetite had fully returned, and with it strength, color to my cheeks and brightness to my eyes. I still continue taking Dr. Williams' Pink Pills, and I feel better than I ever was before. I owe this to Dr. Williams' Pink Pills, and I would warn all girls who suffer as I did to give them a trial."
