Methodist Church

The conference year of the Methodist Church, Markdale, ended the last of May, when the books were closed for audit. The reports show prosperity in the various departments. The Sunday School made marked progress both in attendance and finances. The Epworth League has continued live and progressive, the weekly meetings having been well maintained during the year. The Ladies Aid Society, and branch of the Woman's Missionary Society, have both done efficient service. The congregations at Sunday service as well as theattendance at week evening meetings have been large and the collections for the year materially increased. From the conference schedule we glean the
