HIGHTING IN ASHANTI.

Flying Column Succeeds in Reaching Kumassi.

A despotch from Bokw i Say The column under Line Col Bur rough has, consisting of 740 men, which started for Kunnassi on the 4th, returned here yesterday, having rein. forgon the Kumassi garrison and revic 2 led it for two months.

Three old stockades erected by the onemy, near Kumassi were attacked and estroyed. The memy fought desiredately, and waited to meet the bayamet charge.

On the night of Aug. 7. Lieut-Od Burroughs mide an arried on the Ashanti wer camp, one mile from Kumassed The enemy were surprised, and large paudbers were killed with the bay most and sword. So firing took plate The camp and stockades were des hared.

The energy defeated by Major Bed. does on July 30 moved son h, and were sure by levies from theu in who can gired their women and children ter are now under the protect of a British officer. The Dentio evies, 3,000 strong, are feeling serives on, the Ashanti farm north of Bekwai. They are accompaned by an escont of the West Af. ricen Frontier force.

. The punishment which is being deal out to the enemy, though gradual will not soon be forgotten by them ad Two more flying columns start the week for a destination ukknown.

- Recent fighting proves that the re be have now que ted the vice Kumaesi, and it will be neces p inflict on them two or three more defeats before the country south of Ashanti capital can be considered releas of rebels. After this part of the country has been created it is probable that the robe! forces will centre hostilities.

A tolegram from Colonel Willcocks received at the Colonial Office states that Lieut.-Col. Budgeres vel

umn donsisted of 750 hative solden Doscribing his night betack on the stonkades, and the rebell camp the offic a account says :- "Before the ening column was on them and they killed a large number, all with the bayonet and the sword. The rebe forces were severely punished."

CHANGE OF FRONT.

Success of The Allies Has Brough Mandarins to Time.

A despatch from London says :der pa ch from Hong Kong to the Central News says the news of the sucpers of the allies has spread rapidly in South China, and has caused a wonde tal change in the attitude of the Meandarins, who are now very energette in protecting foreigners.

KNOW THE WEEDS. It has come to be very popular

Canada of late to say that we are i the midst of a "growing time." If or readers will pardon us for borrowin the phrase, ave will refer to anothe way in which we are just at presen experiencing a growing time and it dicate a practical way in which w may improve some of the opportunitie which it presents. The growing tin ne refer to is this, the season of ac with in the vegetable creation - st season when we are afforded so man chances of observing and studying plant life which surrounds us. There is no doubt that a more in ful observance of the habits of the grops during the growing see would be very amply fraught with to fit, but, laying that question coule, will come a little closer to what have in mind and press the que which calls forth this article, viz: You Know the Weeds?" Candidly, nust admit that, notwithstanding that has been said and written jone to secure greater attention the weed nuisanco, there is still a arge number of farmers who con to stumble over the same went wason after season, but then hink of finding out, what the heir habits of life how to ... hem, or, in fact, anything the When a weed in not very pass with them, they simply take he
