before we close this budget we would
like to throw but a suggestion to the
people of this vicinity, namely this—
buy from a strong company, buy out the
best if it can be reasonably ob-
tained and build an A first-class grist
of about 50 lbs. per day. Such a
mill has proved a success in other
places why should it not result as
profitable in this community?

Garden Party.

The garden party held at Mrs.
Rowe's, Berkeley, on Monday, was
successful in every particular. The
tables were spread with a bountiful and
excellent supply of provisions and the
refreshment stand was in great de-
mand. The attendance was representa-
tive and very agreeable and everyone
appeared to have a good time. Mrs.
Rowe's lawn and orchard is an ideal
place for such a gathering, and the
sheltering overgreens, and silvery
moonlight added much to the beauty
of the surroundings. The weather
up to eleven o'clock was all that could
be desired, but at this juncture a
thunderstorm came up, and a musical
program by the Markdale Citizens
Band and the Berkeley choir and
orchestra was cut short. Dr. Ego
addressed the audience in a pleasing
and instructive manner, and Miss
Ewart sang "Rocked in the Cradle of
the Deep" with taste and effect. Other
excellent items on the program had
to be given up. Mrs. Rowe and family
very hospitably opened their doors for
shelter, but the storm soon passed
over and other music was furnished
and games indulged in. Everyone got
home without any inconvenience on
account of the rain. The friends owe
a debt of gratitude to Mrs. Rowe and
family, who spared no pains to make
the event a success. Proceeds \$50.
