and congestion, give case to the aching

Mr. J. Evanson, the well-known painter and decorator, 50 Oxford St., Toronto, Ont., said: About eight weeks ago I was taken with an excruciating pain in my back over the kidneys. It was so bad that my wife had to apply hot cloths till the doctor came and gave me morphine. He said the trouble was due to a stone

passing from the kidney to the bladder. My water was loaded with a brick dust deposit and scalded on passing.

While in this condition I heard of Doan's

Kidney Pills and started taking them. It was not long before I got relief from pain and have been improving in health ever since. My urine is now clear and does not smart me, and I feel better than in years.
