Zion's late organist. The cosy parlor of Mr. and Mrs. Patton, 82 Maude Ave., Grand Rapids, Michigan, a very happy affair on Wednesday evening, Oct. 2, was the marriage of graceful Lottie McNally, fifth daughter of Mr. Wm. McNally, of Travertine, to Mr. Jesse Percy, of Dayton. The wedding march was played by M. Burns as the bride played her places and the Rev. Mr. Brown made the glad hearts one of a few intimate friends and the guests were present. After the noon, Mr. and Mrs. Percy will be homing at 84 First st., Grand Rapids, Mich. Priceville
Thursday evening a farewell party was given by the citizens of Priceville and vicinity to Dr. and Mrs. Hutton previous to their removal to Ontario. Over one hundred and fifty guests sat down to table at the Crown Hotel. After supper the company adjourned to the hall where an interesting and pleasant time was spent. Mr. John McKeown was unanimously elected chairman upon taking the position he occupied as Prof. McDonald for a number of years. The chairman gave a short but lively speech on the course of his remarks regarding the loss our village sustains in the removal of Dr. and Mrs. Hutton. Mr. John Nichol was elected to fill the vacant position. This was followed by a song from the Rev. J. Matheson who expressed great regret at the departure of Dr. Hutton and family. The inimitable services rendered by the past by the Dr. society and church work, and by wishing him success in his new field of labor. A fine Scotch song by Mr. Geo. Binnie was then sung by the Rev. F. W. Van der Veer. Messrs. Thos. McKeown and John McInnis sang with effect "Scotland For Ever." Miss Lillian McQuinn was then on the platform and in his characteristic common-sense manner he logically dealt with the guests of the evening. A rousing Gaelic song in the audience joined in the chorus and singing by Mr. Donald McLean. He referred to the fact that he had found the Dr. ready to lend a hand in building up the interests of the community. Mr. T. J. Hutton sang "The Kiltie Lads" in that elicited the uproarious and vociferous encores. He closed by singing a merry old melody, "The Laird of Cockburn" which brought down the house. The large church was filled to the doors with an attentive and appreciative audience. A comely sang appropriate anthems. Attention amounted to something.

ugh McRae spent a few days with friends (particular at Edge and Newbridge. Sidney Blakesdon is visiting at Palmerston at present. Mr. Watson is busily engaged with the main building of the Hotel. When finished the Hotel will be one of the most comfortable and up-to-date hostleries in the county.

Prof. McDonald, by re-then played that warlike and tune, "The Cock of the National." The singing of the National Anthem, and How it May be. The large church was to the doors with an attentive and appreciative audience. A comely sang appropriate anthems. Attention amounted to something.

The geographical conundrum social given by the Epworth League in the lecture room of the Methodist Church on Thursday evening last was especially interesting and enjoyable, and a large attendance filled the basement of the church. The conundrums displayed a great deal of genius and thought and many all entered into the guessing of them with a zest that made it very interesting. Several went over the party mark, but Miss Lillian Macpherson carried off the prize, having guessed seventy-one correct answers, while Clara Trelford made a good second, getting sixty-nine. Tea was in progress during the guessing and was exceptionally tasty and well prepared.

A short program was given, consisting of a solo by Mrs. Hill, J. E. Matson and W. Guy Eickell, readings by Principal Howe and Miss Lillian Macpherson, and all received generous applause. Rev. Wm. Buchanan, of the pastor, occupied the chair. Pro-

ceeds of the school concert go to pay for medals, etc. The tickets are 25 cents, school children free.

Victor Roller Mill.
Mr. A. Plewes, who lost his flour mill by fire on the 24th May last, has erected a new one and had it equipped throughout with the latest improved machinery. Mr. Plewes will doubtless be pleased to serve all his old customers and many new ones at the Victor Roller Mill.

Prospects for 1900.
Reports from outside points in Manitoba indicate that 1900 will be the worst year that Manitoba has experienced for many years. Wet weather for the last month has provoked the farmers from saving what little was left from the drought. In the Dauphin district we are told very little of the grain is yet harvested and it is almost impossible to take a machine over the roads even if the grain could be thrashed; most of it we understand is sprouting in the sheaf.—Star, Swan River, Man.

Mr. Adam Irving has returned from the Klondyke on a visit to his old home at Manitowaning. On Monday evening Adam was in town and gave the Exhibitor a pleasant visit. He speaks highly of the Klondyke and says many are making fortunes. In speaking of the order in Dawson City he says it is better than in Eastern cities. A man may walk the streets with thousands of dollars in his pockets and be perfectly safe as there is a policeman on every block. Any attempted rovdism is speedily punished and a drunken man cannot be seen on the streets. During his stay in the Klondyke Adam has been successful and we understand purposes returning ere long. The climate of the far north seems to agree with him as he never saw him looking better than he does at present.—Manitowaning Exhibitor. [Adam Irving is a nephew of Andrew Irving of the suburbs and well known by many Standard readers. Ed. G.]

Hear the boys sing "When the boys in khaki come home."

Dr. Ego's office and surgery is now next door to the postoffice, and his residence on the opposite side of the street over Turner's drug store, in the premises lately occupied by Edward Rutledge.

The new pipe organ being put together this week in the Methodist church here is a beauty. The inaugural opening, or recital, will take place on Tuesday evening next, to which the public generally are invited. Admission 25 cents. Proceeds go to organ fund. The pipe organ recital in the Methodist church on Tuesday evening next promises to be a rare treat. See programs for particulars.

Stanley M. Brown's Lecture.
There was a large audience in the Marsh hall on Tuesday night to hear Mr. Stanley McKeown Brown, the Mail and Empire's special correspondent with the first contingent, deliver his lecture on the war in South Africa. The lecturer told all that happened from the time the contingent left Quebec to the fighting at the Zand river, when he himself was wounded in the thigh by a bullet from a Mauser rifle. The lecture was illustrated by views prepared from photographs taken by Mr. Brown.

Sunday Observance.

On Sunday morning the three Protestant Churches of Markdale united in the Methodist Church to listen to the address of the Rev. J. G. Shearer, B.A., Field Secretary for Canada of the Lord's Day Alliance. The body of the church was well filled and the service was interesting throughout and enjoyed very much by all present.

Mr. Shearer, who spoke for an hour, deplored the tendency throughout some parts of the province to diminish the sanctity of the Lord's Day, and described numerous ways in which this was being done. He dealt particularly on the exemption corporations and trusts existing in this matter and referred to the fact that the only way to stop Sunday labor when ordered by the directors or officials of such companies was to arrest the laborer. This was ineffectual and distasteful to the average person who respected the Sabbath, as it added to the already heavy burdens of the laborer in bringing about the desired result. Several instances were cited where the Alliance had made objections and obtained the desired results, one in particular being fought out in the courts. The Alliance was in perfect harmony with the Churches. They had no distinct policy, but the one adopted by all branches of the Christian Church. Work of necessity and mercy were exceptions and it was here the line must be drawn. In these days of push and money-making the manufacturers, railway companies, steamboat companies, were not satisfied with the earnings of six days of the week, but encroached on the seventh, and justified their actions on the plea of public convenience. It was on this ground that the Sunday car was defended. It must be admitted that it is a convenience, but no one would say it was a necessity. It was a convenience to the doctor visiting the sick, to friends visiting the sick in distant homes, to those who use it in going to the favorite church, besides the hundreds and thousands who use it for pleasure. It is on these grounds that a great many commend it, and it is not surprising that so many do commend it, and the only way to stop this growing sentiment was to show up the results it would surely lead to. France was mentioned, that country having thrown away the Sabbath in times gone by and although they had

re-instated it they only had it in name, not in spirit. The United States had allowed the day of rest to slip from them and were now engaged in a desperate struggle to regain it, but to all appearances in vain. This Sunday non-observance had obtained a foothold in some places in Canada in the shape of open cigar stores, refreshment stands, barber shops, saloons, etc., which could all be justified on the plea of convenience as much as the Sunday car, but it was still in our power to keep the evil down and if we wished to avoid the terrible condition the nation to the south of us has reached in this respect all those who regard the sanctity of the Lord's day essential to our national well-being should do all in their power to aid the Alliance and the churches in this great work.
