THE GEM OF THE MORNING.

Er. Talmage Discourses Upon the Silver Point in the Heavens.

-Rev. Dr. Talmage preached from the following text; "I am the bright and the morning star."-Rev. xxil. 16. It erems as if the natural world was anxious to make up for the damage it did our race in furnishing the forbidden fruit. If that fruit become a symbol of blessing. The shall be set as a gem in the coronet of our holy religion.

the coming of the creation. There of the conquering day.

are building up some great enterprise, shall not overflow thee!", risk, however, in efforts to increase You have built the foundation, the Paul kept his eye on that inbrning one's spiritual capital. of the world's suffering. Some know dow, the astronomy of the night the ancient East knew—a hole in the of their former master; one, who To secure effective ventilation in the of their former master; one, who To secure effective ventilation in the of their former master; one, who to secure effective ventilation in the of their former master; one, who to secure effective ventilation in the of their former master; one, who the astronomy of the ancient East knew—a hole in the of their former master; one, who to secure effective ventilation in the of their former master; one, who the astronomy of the ancient East knew—a hole in the of their former master; one, who the astronomy of the ancient East knew—a hole in the of their former master; one, who the astronomy of the ancient East knew—a hole in the of their former master; one, who the astronomy of the ancient East knew—a hole in the of their former master; one, who the astronomy of the ancient East knew—a hole in the of their former master; one, who the astronomy of the ancient East knew—a hole in the of their former master; one, who the astronomy of the astronomy of the ancient East knew—a hole in the of their former master; one, who the astronomy of the astrono not which way to turn. But not so, heavens might lead you to the feet of ground.
