### FLESHERTON HAPPENINGS

The Ottawa correspondent of the Toronto Star tried to be funny a few days ago in his reference to some of the Conservative leaders lieutenants and spoke of the member for South Grey, who defeated Dr. Landerkin, as being "too abashed ever since to say a word." Mr. Richardson, it is true, is not making a noise in parliamentary life, and those who know him best did not expect that this his first session would bring him prominently into debate. He is a studious and careful man and will know his ground well, as ought all our legislators, before taking up the time of the House in useless debate. The Star correspondent needn't worry, South Grey's representative is not idling, and will, we predict, be heard from and to purpose, showing that breadth of mind, pertinacity and perseverance which has distinguished him in his past public and public life.

On Friday evening last a quiet home wedding took place at the residence of Mrs. J. W. Armstrong here, when Miss Louise, youngest daughter of the late Mr. J. W. Armstrong, was joined in marriage to Mr. J. D. Goff, of Leeds County, who has for some time been engaged in evangelistic work in this vicinity. The ceremony was performed by Rev. Jos. Ward, B.D., of this place, in the presence of only a few of the immediate relatives of the bride. After partaking of the wedding supper Mr. and Mrs. Goff drove to Vandeleur, where they are engaged in Gospel tent work. May they enjoy many years of happiness together.

Mr. D. McTavish's growing carriage business has demanded more space, and he is now having completed a two-story building 22x40 for show rooms. A new office adjoining is yet to be erected.

Mr. George Mitchell has had his stable building neatly painted. His handsome brick residence is now being tuckpointed, and the roof and outside woodwork will be repainted.

Mr. Isaac Sinclair is improving his brick residence with a coat of paint, the body in red with trimmings black and white.

Mr. John Wilson commenced the season's business in the creamery here last week, taking the first churning off on Saturday.

Mrs. Spense has moved from Alice street to Mrs. W. H. Flesher's Residence on Sydenham street. Mrs. Flesher, we understand, intends moving to Barrie.

Mr. and Mrs. Wm. Moore have moved from near Proton to the house vacated by Mrs. Spense.

Mr. W. Sinclair, who recently finished his college course, is preparing for circuit work, breaking a well-bred three year old colt purchased in the city which begins to drive quite gracefully.

The Methodist pulpit was supplied very acceptably on Sabbath last by Mr. W. Sinclair and Rev. S. D. Gaudin. The former preached in the morning and the latter in the evening.

Mr. A. McAusley, of Ceylon, has had a neat monument erected to his son in the cemetery here.

Rev. S. D. Gaudin and family, who have been visiting for a few months at Mrs. Gaudin's home in New Brunswick, are paying Mr. Gaudin's brother in law, Mr. W. H. Thurston, and family, a visit on their return to their Mission at Nelson House, N.W.T.

Mr. Archie Boyd having leased his farm on the back line moved last week to Durham, Wm., with others, regret Mr. and Mrs. Boyd's departure; they were desirable citizens.

Mr. Peter Holman, of this place, has been suffering for some time with heart trouble and is at present in a very weak and critical condition.

Mrs. T. Aikenhead, of Toronto, attended the marriage of her sister, Miss Lou Armstrong, on Friday last.

### Shudders At His Past.

"I recall now with horror," says Mail Carrier Burnette Mann, of Levan, O., "my three years of suffering from kidney trouble. I was hardly ever free from dull aches or acute pains in my back. To stoop or lift mail sacks made me groan. I felt tired worn out about ready to give up when I began to use Electric Bitters, but six bottles completely cured me and made me feel like a new man." They relieved his rheumatism, Stomach, Liver, Kidney and Bowels. Perfect satisfaction guaranteed by R. L. Stephens, druggist. Only 50 cents.

### Christian Science Exposed.

The doctrine of Christian Science is very clearly explained and its errors fully demonstrated in a little volume by Rev. J. P. Sheraton, D.D., L.L.D., Principal of Wycliffe College, Toronto. The paper was first read at a conference at Barrie in September, 1900, and afterwards given as a lecture at Wycliffe College. The history of the movement begun by Mrs. Mary Baker Glover Eddy in 1836, and which in later years was developed into the system called Christian Science is fully traced; its fallacies and impossibilities clearly demonstrated, and its claims as to the healing of disease shown to be entirely without foundation. The volume is for sale at 5 cents per copy, and since a master mind has accomplished the task of meeting and combating the error, it is desirable that the public may avail themselves of this means of becoming informed on the subject.

### Catarrhzone Can't be Beat.

Mr. Rodie McDougall, of Vanlock Hill, Ont., says: "Catarrhzone has done me more good than any other medicine I ever used. It has cured me of my Catarrh. Others may praise their preparations but Catarrhzone cannot be beaten as a cure for Catarrh. Catarrhzone is a new method of treatment guaranteed to cure the most chronic cases of Catarrh, Asthma, Bronchitis, Coughs, Colds, etc. Sure, safe and pleasant to use. Sold by all druggists. Trial outfit sent for 10c in stamps by N. C. Polson & Co., Kingston, Ont., Proprietors.

The Standard Tack and Brad Company, of Indianapolis, has been forced to shut down on account of the drunkenness of its employees, and Manager Latty said that the works would not resume till he is assured that better condition will prevail. He said that his men were all experts and their places cannot be supplied except by bringing men from the East or from Canada, but he would have to resort to this at once unless his employees gave evidences of reform. The works, he said, have been closed twenty times since the first of the year, because the employees were drunk and could not work.

Pale cheeks rapidly become rosy when Miller's Compound Iron Pills are taken. Sold by W. Turner & Co., Markdale.

### Want a New Religion.

"Tokin is the present political capital of Christendom; there you can put your finger upon the pulse of the nations; all eyes are turned toward that great city. It is the greatest political school in the world; there the nations are gaining an education and the insight into Chinese affairs which they have never possessed before."

"Thus said Dr. William S. Ajunt, the returned missionary, speaking at the First Congregational Church, Chicago, upon 'The Present Situation in China.' Continuing he said: 'It is a remarkable fact that in this great Chinese nation, one of the oldest among the earth, the very home of conservatism, the natives are beginning to realize the need of new ideas, and modernism is fast gaining a foothold. Only a few days before I left China a prominent Chinese gentleman said to me, 'We Chinese know that we need many things, but first of all we need a new religion, and that is what they do need a new religion, and that is what they are thoroughly adequately acquainted with the Chinese than it ever had in its history. We Chinese appreciate the Christian religion more than they did a year ago; the church is by no means exterminated or even weakened; it is still full of vigor and I look forward to a bright and glorious future for the Chinese Empire.'"

### The Electric Light

It is a matter of small importance compared with other applications of electricity. By this agency, Aesclepi's Nerviline is made to penetrate to the most remote nerve, every bone, muscle and ligament is made to feel its bone-fortifying power. Nerviline, pleasant to take even by the youngest child, yet can powerfully far reaching in its work, that the most agonizing internal pain yields as if by magic. Nerviline relieves neuralgia almost instantly and for the speedy cure of nerve pain of every description it has no equal sold everywhere.
