Lacrosse. The lacrosse match on Monday even

ing last tween the Canadian Thistles,

of Duno k, and the Aberdoen's 111, of

Markdale, was intensely interesting and was witnessed by a large number, fully one third being ladies. The Thistles objected to one or two of the Aberdeens and an hour was occupied in discussing the point. | Finally matters were agreeably adjusted and the game commenced. A casual glance at the two teams did not inspire an over abundance of confidence in the home team's ability to win, but the game had not advanced very far when it was seen that the Aberdeens could play the best kind of lacrosse. The Thistles were well schooled in combination play, but their opponents mixed combination with fast checking and it was owing to this that they won: Towards the last the Markdale flags were frequently in danger and it was at this time Dundalk secured their two goals. Dassie Mercer tallied twice for Markdale and Joe Crowe once, the score being three two in favor of the home team. The game was character ized by good feeling and blean playing on the part of the boys. The only seature that savored of burlesque was the referce. He had an awfully fender heart, as far as the Thistles were concerned, and couldn't stand half what they stood. He filled the bill very nicely, however, and everybody enjoyed the music of his little whistle. Enthusiasm is responsible for a good. deal, but there should be a thorough enforcement of the rule allowing the boys a clear field in which to try conclusions. Markdale hasn't a mot.
