Cadets Parade.

The parade of the cadets on Thursday evening last was very pretty and creditable to all concerned. The band headed the procession and several difficult manoeuvres were executed with scarcely a mistake. There were three companies, the red coats, the girls and the boys in khaki. The girls won the prize offered, but the other companies have little to regret. A large number of parents and others witnessed the parade and all expressed themselves as delighted.

School Sports.

In response to an invitation from the Flesherton school a number of the senior pupils here drove to Flesherton on Friday afternoon to participate in their school games. Quite a lengthy program of sports was carried out. The Markdale pupils had considerable the better of the argument in the contests in which they took part, winning the foot race, running jump, standing jump, hop-step-and-jump, taking first and second in each entry. In the tug of war, although the Markdale boys were not as heavy as their opponents they seemed to know more about "the game" and dragged the Flesherton stalwarts along the road in good style, winning both the pull. A foot ball match was also won by Markdale. The game, in spite of the high wind blowing, was fairly good.

Geo. W. Armstrong, of this village, acted as referee, to the entire satisfaction of all concerned.

A very substantial and tasty luncheon was served to the pupils of both schools and it was wonderful indeed the appetite the boys and girls had developed. The best of good feeling existed in all the games and the Markdale pupils were delighted with the manner in which they spent the afternoon with their Flesherton comrades.

Smallpox.

The following motion was introduced and passed at the meeting of the Local Board of Health on Saturday, June 8th.—Moved by Mr. Jackson, seconded by Mr. Hackott, that owing to the outbreak of smallpox in our vicinity the Board of Health of Markdale deem it their duty to urge on the citizens the urgent necessity of immediate vaccination.

Any families feeling themselves to be in too straitened circumstances to bear the expense will be provided with free vaccine on application to the Reeve.—Carried. J. E. March, chairman.

The fact that smallpox exists a few miles away from Markdale is alarming, and although every precaution is being taken to prevent contact with the disease, we should be exercised by every person individually.

We have nothing in this town and

district that would guarantee the

safety of our children.

It is recommended that the
