LOCAL AND GENERAL NEWS

Lacrosse Match—Durham and Markdale to-day, (Thursday.)
 Proctor Parie Green, Helleboro, Blue Stone at Stephen's drug store.

R. McNally has again in stock those popular democrats which have been taking so well.

There's no night in heaven, but this warm old earth would be a much less desirable place to live were there no night, during this hot weather.

Any farmer who would like to take stock in the Farmers' Binder Twine Co., of Bramford, can do so by calling on J. Artley. Twine for sale.

Mr. Ritchie, of Owen Sound, occupied the pulpit in the Presbyterian church on Sunday last in the absence of Mr. Hunter, who with his wife and family have taken a trip up the North Shore.

I have a few Cyclone Sprayers for sale at cost, 40 cts. Just the thing for putting on paris green, spraying small shrubs or spraying cattle or horses to keep off flies. Also a few large spray pumps for sale at cost. J. Artley.

One of Durham's most prominent citizens, Mr. W. A. McFarlane, jeweler, passed away at his home in that town on Tuesday morning last. Deceased was about thirty years of age and was a general favorite with everybody. Interment took place on Wednesday afternoon last and was largely attended.

A picnic picnic is to be held at Eugenia Falls on the 8th August under the auspices of the Ancient Order United Workmen when Rock-lyn, Markdale, Flesherston, Pricerville and Dunkalk lodges are to take part. Grand Master Cornett, of Gananoque, and other Grand Lodge officers are to be present. A large gathering is anticipated.

The Provincial Department of Agriculture of Manitoba has inaugurated a unique and novel method of advertising that Province's need of harvest hands to take off this season's crop. Two hundred packages of grain in straw were received at the Department last Friday, and are to be shipped to Mr. Hardy, Immigration Agent at Toronto, for distribution in Ontario. These samples will serve as an object lesson to the east to show the kind of crop Manitoba has this year. It is not possible to send sufficient speakers east to talk this matter up, but it is anticipated that these samples, placed on exhibition, will do as much good as talking. The samples average between four and five feet in height.

Fifteen-Five.
 The Aberdeens didn't have to labor very hard to win the game with the Clarkburg twelve which took place here on Friday evening last. The visitors were clearly out of their latitude and the home team could have scored almost at will. At times the visitors would develop very good combination but with one or two excep- tions they were not fast and a prom-ising play was frequently nipped in the bud by a miss or a wild throw. If there was not enough excitement to satisfy some there was plenty of amu- sing features to keep the crowd in good humor. One occurrence worthy of note was a struggle in one corner between golden haired "Freddie," too small to figure as a Dundalk junior, and one of our defence men. Freddie made a circle or two, tried running around the other way, then completed a good play by laying down and allow- ing his opponent to roll over him. A couple more forgot the game was in progress and started a discussion of their own. In order not to interrupt the play they were allowed a few min- utes for silent thought. These were the only occurrences of special interest, except the rulling off of an Aberdeen and the scoring, which was topped up at intervals of a minute or two. The Clarkburg boys are a decent lot and we hope they enjoyed their trip as much as the Aberdeens enjoyed the practice.

Stores close Thursday afternoon at 5 o'clock.

Found.—A baby's bib. Enquire at this office.

On Friday, July 26, the Methodists of Berkeley will hold their garden party on Mr. Ed. Sarjeant's beautiful lawn. Addresses are to be delivered by Dr. Sprout, M. P., Rev's. Elliott, Newell, Buchanan, Black and Sparling. Markdale Citizens' Band are also to be present. Admission 25 cents, children 15 cents.

The five o'clock train was delayed two hours on Saturday night on account of the engine breaking down at Berk- eley. A freight engine was sent up and took the train to Toronto. The disabled engine was soon repaired and passed through here about eight o'clock.

A vein of gas has been tapped at the Wiarion gas well but an accident to the machinery delayed the drilling a few days. Work, however, is now progressing and there is the best prospect of a good flow. One evening the gas was lighted and the people enjoyed a fine exhibition of an illum- ination from the well.

Out of the eighty students who attended the London Normal School Grey sent seven, the largest number sent by any County. Grey county also leads in educational matters.
