

A TEAMSTER'S STORY.

SUFFERED GREATLY FROM ASTHMA AND KIDNEY TROUBLES.

Spent Some Time in a Hospital and Almost Impoverished himself Buying Medicines Without Benefit—Again Dr. Williams' Pink Pills Cure After Other Medicines Fail.

From the Recorder, Halifax, N. S.

Mr. William Cochrane, a well known teamster, who lives near the Halifax Polo Grounds, is one of those who willingly bear testimony to the curative powers of Dr. Williams' Pink Pills. A reporter of the Canadian Recorder who had heard of Mr. Cochrane's sufferings and subsequent cure, called at his home, when he gave an account of his experience substantially as follows:

"He had for many years been a constant sufferer from asthma, accompanied by an aggravated form of kidney trouble. The latter trouble caused severe pains in the back and loins, and at times his sufferings were very acute. He said he had almost impoverished himself buying medicines of all kinds, but to no purpose; the trouble continued and seemed to grow worse as the years passed."

Mrs. Cochrane said that she had frequently seen her husband choke up and fall to the floor as though dead, and he would have to be worked with and rolled around before he would revive. A few years ago he spent ten days in the Victoria General Hospital. The doctors then thought that the pains in the back were due to over-exertion in his business as a teamster, but gave him no material help. After leaving the hospital he used bottles and bottles of medicine, but failed to find a cure.

A neighbor of his, Mr. Lowe, whose wife had been made a well woman after years of sickness, by the use of Dr. Williams' Pink Pills, advised him to try them. He used a couple of boxes without apparent result, and felt somewhat discouraged, but Mr. Lowe advised him to continue the use of the pills, and before the third box was finished, he began to improve.

"Dr. Williams' Pink Pills have been a Godsend to me," said Mr. Cochrane, "they are the only medicine I have taken which seemed to do me any good. I had one prescription from a doctor which cost me \$1.75 a bottle, which like many other medicines I took, was just so much money wasted. I have used eight or ten boxes of Dr. Williams' Pink Pills, and can say that before I began their use life was an intolerable burden. I have reason to be thankful that I followed the friendly advice that urged me to use this medicine."

Most diseases have their origin in poor blood or weak nerves, and it is because Dr. Williams' Pink Pills make rich, red blood and strengthen the nerves that they have met with such success in curing kidney trouble, rheumatism, paralysis, St. Vitus dance, anaemia, nervous prostration and kindred troubles. See that the full name "Dr. Williams' Pink Pills for Poor People" is on the wrapper around each box. If in doubt, send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed post paid at 50 cents a box, or six boxes for \$2.50.

"RUNNING NO RISK."

A troupe of wandering musicians were playing before a Swiss hotel. At the end of the performance one of the members left the group, approached the leader of the band, and pulled out a little paper box, which he emptied into his left hand, while the eyes of the leader followed every movement.

He then took a plate in his right hand, passed it round, and a large sum was collected, everyone meaning while wondering what he held in his left hand.

"Why, it's very simple," said the leader, when questioned. "We are all subject to temptation, and to be sure of the fidelity of our collector he has to hold five francs in his left hand, and we count these first when he returns to make sure of the money."

"What are marsupials?" asked the teacher. Johnny was ready with his answer.

"Animals that have pouches in their stomachs," he said, glibly.

"And for what are these pouches used?" asked the teacher, ignoring the slight inaccuracy of the answer.

"I'm sure that you know that, too."

"Yes, m," said Johnny, with encouraging promptness. "The pouches are for them to crawl into and conceal themselves when pursued."

CAREWORN MOTHERS.

Life Often Made a Burden Through Nursing a Cross and Fretful Baby.

All babies should be good-natured; if there is no outward reason for discomfort, are always good-natured, and yet how many mothers permit themselves to be thoroughly worn out caring day and night for a sick, cross and fretful baby, when a little care and foresight would remove all the trouble and make both mother and baby happy. The little one's suffering and crossness may be caused by any one of the numerous ills that make baby lives a misery to themselves and a constant source of worry and discomfort to the mother, such as colic, worms, indigestion, constipation, the irritation accompanying the cutting of teeth, etc. When baby is cross do not, if you value your child's future welfare, give it any of the so-called "soothing" medicines, as they only stupefy and deaden without removing the cause of the trouble. What is needed is a simple, vegetable compound such as Baby's Own Tablets, which reach the root of all the minor ailments of little ones, making them well and happy. The best proof of this is the high praise all mothers who have used this medicine award.
