

FLESHERTON HAPPENINGS

On Tuesday evening of last week the Town Hall here was filled with an audience deeply interested in a case of school discipline, pleaded before Mr. A. S. VanDusen, J.P., Mr. Thos. Blakely being the complainant against Mrs. Brown, of our Public School staff, whom he charged with having administered excessive punishment to his child, a girl of about twelve years of age. The case lasted four hours and ended in a dismissal. The Magistrate's able and impartial summoning up of the voluminous evidence was favorably commented upon and his decision met with general approval. Mr. Sampson, of Owen Sound, who appeared for the complainant, not only lost his case but apparently his temper. His intimating to the defendant that she "must be crazy" was not complimentary to his own good judgment or sense of propriety. Mrs. Brown's parried the learned counsel's assaults with a woman's wit that at the close an outlook was heard to say, "Another Samson's scorn of his locks by a modern Dr. Irah." Mr. McArthur, of Leary, Wright & McArdle, Markdale, defended Mrs. Brown and handled his case skillfully throughout. Mrs. Brown received many congratulations upon the result. Inspector Campbell, of Durham, was in town that evening and was present during the trial.

The Presbyterian congregation of Elexenia held their annual meeting on the 24th inst., the pastor, Rev. L. W. Thom in the chair. There was a large attendance and very harmonious meeting throughout. The auditor's report showed the receipts on stipend and general account to be \$774.50, expenditure, including minister's stipend in full \$274.43. The former Board of Stewards was re-elected, as was also the treasurer, Mr. Chas. Mr. T. B. Carruthers, Superintendent, reported for the Sabbath School a successful year. Receipts, including balance from last year \$70.50; expenditure, \$42.00. The Ladies Aid of the congregation who the same evening held their annual meeting, have also had a year of prosperity. Including a balance from last year their receipts were \$93.73, expenditure \$47.10. Officers were elected for the current year as follows: President, Mrs. W. Purvis; Vice-President, Mrs. Bell; Secretary, Mrs. A. Hialop; Treasurer, Mrs. Geo. Gourley.

A big lead of our young people took in the rink, carnival at Durham on Thursday evening of last week. Two sleigh loads from here attended the League Convention at Markdale on Thursday last and report a good convention.

Samples of choice Grain for the Improvement of Seed.

By instruction of the Hon. Minister of Agriculture another distribution will be made this season of samples of the most productive sorts of grain to Canadian farmers for the improvement of seed. The stock for distribution is of the very best and has been secured by the Director of the Experimental Farms from the record-breaking crops recently had in the Canadian North West. It will be worth while for farmers generally to renew their seed of oats when varieties which have produced more than 100 bushels per acre can be had. The distribution this spring will consist of oats, spring wheat, barley, field peas, Indian corn and potatoes. Every farmer may apply, but only one sample can be sent to each applicant, hence if an individual receives a sample of oats he cannot also receive one of wheat, barley or potatoes, and applications for more than one sample for one household cannot be entertained. These samples will be sent free of charge through the mail.

Applications should be addressed to the Director of Experimental Farms, and may be sent in any time before the 15th of March, after which the lists will be closed, so that all samples asked for may be sent out in good time for sowing. Parties writing should mention the sort or variety they would prefer, and should the available stock of the kind asked for be exhausted, some other good sort will be sent in its place. Wm. Saunders, Director Experimental Farms, Ottawa, January 15th, 1902.

The Interprovincial Trade in Live Stock.

Trade in live stock between Eastern and Western Canada has been growing rapidly within the last few years. This increase of trade has been promoted, and in fact possible, by the wise and generous treatment of the C. P. R. During the month of December and the first eight days in January, forty-six cars of grade and pure-bred cattle were shipped from Eastern Canada to British Columbia. These cars contained 2,223 head, and cost in the last something over \$30,000.00. Besides these, a considerable number have recently been sent to the North-West Territories, and orders are now in hand for additional shipments to be made to the last mentioned Territory. In order to promote this trade, which has proved very profitable in many districts in Eastern Canada, farmers should use first-class Shorthorn bulls. By careful selection and wise treatment females sired by such bulls will prove excellent dairy cows.

It is a noticeable fact that seven-tenths of the stock used for dairy purposes in Great Britain are Shorthorn and Scotch cross. Probably the most suitable dairy cow for the average farmer is a Shorthorn-Ayrshire cross. Steers whose dams are strong grade Ayrshire cows if got by a Shorthorn bull prove excellent feeders and very valuable shipping cattle. As dairy animals there are none, in the hands of the general farmer, that will excel the Scotch-Ayrshire cross.

Two Beautiful Pictures.

The holiday number of The Canadian Housekeeper contains two beautiful supplements, "Fruit and Flowers," (in 15 colors), and "Mother and Child," also an excellent full page engraving of Ella Wheeler Wilcox. These pictures are suitable for framing and are fit for any parlor. The enterprise shown by the publishers in giving such excellent and costly specimens of Canadian art is commendable, and they are succeeding admirably in their aim to provide Canadian women with a home magazine on Culinary and Household art better than elsewhere. The forty odd pages in this magazine contain many excellent illustrated articles on home management and economical housekeeping.

Mrs. S. T. Rorer and Miss Anna Fraser look after the cooking for the holidays, while articles also appear on Health, Decoration, Home Hints, Laundry, household Art, Sick room Cookery and Candy-Making. Many of the best authorities in England, United States and Canada on Cookery, Health, Child-Raising and Home Management have been secured and will contribute articles from month to month in The Canadian Housekeeper. Two of the articles which appear in the next issue will be "Eradicating," by Mrs. C. F. Bickon-Gadsden, London, Eng., and "Suggestions for Weddings," by Mrs. Oliver Bell Eunice. There is no better gift for a young woman for 1902 than a year's subscription to this excellent magazine. One dollar per year, 10 cts. a copy at all book stores. Canadian Housekeeper Pub. Co., Toronto.

Found Dead with his Throat Cut.

A man named Donald Brown, a farmer living in the Township of Keppel, was found dead, with his throat cut, on Saturday, about two miles east of Warton. Coroner Cameron and C. C. Pearce Jr. went over Monday morning and held an inquest at Warton. The evidence went to show that for several months he had shown signs of insanity. Dr. Hough, of Warton, examined the wound and gave evidence to the effect that it might have been self-inflicted.

Laureate's New Poem.

The forthcoming number of the Independent will print a poem by Alfred Atwood, poet laureate of England, entitled "Togetherness" and dedicated "With warmest sympathy to the American people." Following is the poem:—

Who say we cherish far-off feud,
Still nursed the ancient grudges,
Show us the title of this brood
Of so-called nations,
Their name their race their nation, clan,
And we will reach them whether
Sword and spear, or hand and fist,
Feel, think, and work together!

Both speak the tongue that Milton spoke,
Shakespeare and Chaucer wielded,
And Washington and all his folk,
When the first just claim was yielded,
And with our peaceful flags unfurled,
Dirge death, and thus together
Grow tighter, tenderer, every day,
That binds the two together.

Our ways are one, and one our aim,
And one will be our story,
Who fight for freedom, not for fame,
From duty, not for glory's name,
Both speak the old heroic words,
And every year link arms and go
Through the loved haunts together.

"Should envious aliens plan and plot
Against us, and now the torch
Their swift would learn how strong the knot
Of brothers, they would change their tack
How quickly they would change their tack
And show the recent festering,
Should Star and Stripe and Union Jack
But float in flight together!"
