

LIVER TROUBLES.

LIFE FULL OF MISERY TO SUFFERERS FROM THIS TROUBLE.

Its symptoms made manifest by a Coated Tongue, Bad Breath, Bad Taste in the Mouth, and Pains Extending to the Shoulders.

(From the Brockville Recorder.)

Sufferers from liver troubles find life one of almost constant misery, growing worse and worse unless prompt steps and the proper remedy be taken to restore the organ to its natural condition. Mrs. Joseph Leclair, of Brockville, was such a sufferer, but has been, happily, released from the trouble by the only medicine known to thoroughly restore this important organ to its normal condition, once disease has fastened upon it. To report Mrs. Leclair willingly gave her story for publication. She said: "For a long time I suffered severely from complications of the liver and dyspepsia. I would awake in the morning with pains under my shoulders and in my stomach. My tongue was heavily coated, and I had a horrible taste in my mouth. I was constipated, and at times my head would ache so badly that I could scarcely let it rest on the pillow. There was such a burning sensation in my stomach; at times, that it felt as though there was a coal of fire in it. The pain was especially severe after eating, and for months my life was one of misery. A friend advised me to take Dr. Williams' Pink Pills, and I did so. After using the first box there was a material improvement, and in the course of a few weeks longer I felt that I was completely cured. My tongue was cleared, the bad taste left my mouth, the pains disappeared, and I am as well as ever I was. Before taking the pills I suffered from bronchitis at times, but it has never since troubled me. I can recommend Dr. Williams' Pink Pills to anyone who suffers as I did."

Dr. Williams' Pink Pills restore health and strength by making new, rich, red blood, thus strengthening every organ in the body. They do not act merely on the symptoms, as ordinary medicines do, but go directly to the root of the trouble. In this way they cure such diseases as liver and kidney troubles, rheumatism, paralysis, St. Vitus' dance, heart troubles, sick headaches, anemia, and the irregularities that make the lives of so many women one of constant misery. Do not be persuaded to take any substitute; see that the full name "Dr. Williams' Pink Pills" for Pale People" is on the wrapper around every box. If in doubt, the pills will be sent postpaid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

A WRONG DIAGNOSIS.

A song with the title "There's a Sigh in the Heart" was sent by a young man to a young lady; but somehow or other the paper happened to fall into the hands of the girl's father, a very unsentimental physician, who exclaimed, somewhat crossly:

"What unscientific rubbish is this? Who ever heard of such a case? The man who wrote it must be insane."

He wrote on the outside: "Mistaken diagnosis: no sigh in the heart possible. Sighs relate almost entirely to the lungs and diaphragm."

THE TERRIBLE EXPERIENCE OF A NOVA SCOTIA GENTLEMAN, AND HOW HE WAS CURED.

AFTER SUCH A LONG PERIOD OF SUFFERING HE IS ENTIRELY RESTORED TO GOOD HEALTH BY DODD'S KIDNEY PILLS—HE IS VERY GRATEFUL.

Bridgewater, N. S., Jan. 27. (Special)—Mr. John S. Morgan, a prominent man of this place, has had a terrible time with his back for eight years, but now he is receiving the congratulations of his friends on his complete and satisfactory recovery.

To look at Mr. Morgan to-day one would never suspect that he had been the victim of so much torture, and yet from his own statement the pain he has endured must have been something awful. He says :

"For eight years I have suffered the most severe pain in my back. In his ninety-second year, has seen three coronations, and hopes to witness a fourth next June. His presence at the ceremony will form a link with the past not less interesting than the personality of the late Lady Carew, who died a few days ago in her one hundred and fourth year.

One of the most interesting links with the past was severed when the late Earl of Lovelace, the father of the present Earl, died in 1893, at the age of 88. The late Lord Lovelace could remember as a boy talking to a man who in his youth had talked to another man who had actually witnessed the execution of King Charles I. in White-hall.

"I heard of Dodd's Kidney Pills as a remedy for Lame Back, but as I had tried so many things without any benefit I was beginning to lose all faith in anything. However, I decided to try them and I can truthfully say I am heartily glad I did so, for they cured me.

"I had run down in weight to about 140 pounds but during the time I was using the Pills (I used in all about twenty boxes) I regained about 23 pounds.

"Of course I realized my danger and when I found that Dodd's Kidney Pills were helping me I stuck right close to them after commencing till I was perfectly well again."

Everyone who knows Mr. Morgan knows that he means every word he says, and much interest has been aroused by the publication of his statement.

Dodd's Kidney Pills are well known to be a sure cure for all cases of Lame Back and Kidney Trouble.

"Was it a love marriage, do you think?" "Certainly. All marriages are love marriages." "Isn't that rather a sweeping statement?" "Not at all. There is a love of adventure, you know, love of luxury, love of advertising, and various other kinds of love. There is no need of going into details when one speaks of a love marriage."

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous membrane of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or inner deafening, and if it is entirely closed deafness results. An injection of cold air and inflammation can be taken out and this is returned to normal condition. Hearing will be destroyed forever; nine cases out of ten are lost by early treatment. If the tube is inflamed the mucous surface is destroyed.
