Some Big Figures.

The Independent Order of Foresters is so well known in Canada that probably those who are not especially interested in its work do not pay particular attention to the magnitude of that work. Those who do not will be somewhat surprised to know that during the past year 28,824 applied for membership. As an evidence of the value of this institution to the homes of the countries where it is operating it may be said that last year it sent cheques for insurance to 1,455 fire-sides, totalling altogether in payment to widows and orphans and permanently disabled brethren \$1,730,920. This in other words means that during every hour of the year 1901 the I. O. F. paid to beneficiaries \$200, as nearly as may be. It is still more surprising to know that it increased its accumulated funds during the same time by \$800,000, or an average of about \$90 per hour. The I. O. F. and Dr. Orshyatekha, its supreme chief ranger, are to be congratulated upon these splendid results. The doctor took hold of this institution when it was a struggling, and, most people thought, a failing one. It has been largely by his energy and genius that the marvellous results which have been mentioned above have been achieved. Canada owes him a debt of gratitude for bringing such a measure of success to an institution which has done so much to make Canada favorably known abroad. The Supreme Court of the Order will shortly meet in Los Angeles, Cal., and it is safe to say no governing body of an institution ever met under more favorable circumstances or with a better report of work and progress before it.—Toronto Daily Globe, March 14th.

Women and Jewels.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get reliable remedy at R. L. Stephen's drug store.

It may not be generally known that there is a statutory penalty of \$15 against any maker of syrup who offers the same for sale as maple syrup, when the product is adulterated with either cane or beet sugar.
