NOTES.

Bruce Old Boys will visit Wiarton on July 11th.

In choosing the coronation contingent it is right enough to give the preference to men who have served in South Africa, but to make a hard and fast rule to that effect would not be fair to officers who were quite as eager to go to South Africa as those who went.

At the recent Toronto assizes the jury brought in a verdict for \$800 damages and all costs against the Toronto Mail and Empire for libel. The alleged libel was a news item in the Mail last November to the effect that one, Lee Bateman, of British Columbia, had been cashiered from the British army for cheating at cards. The Mail and Empire will appeal the case to a higher court.

A postmaster in a rural district in Quebec has been dismissed because of his remitting postage stamps to another place, thereby increasing the revenue of his office for the purpose of expanding the amount of his commission upon stamp sales. When a postmaster sends stamps to another post-office he interferes with the legitimate revenue of such office, and robs other postmasters of their lawful business in order to benefit himself. Every postmaster in Canada has been officially forbidden to create any fictitious revenue in such a manner, or otherwise to dispose of

stamps except for the legitimate postal requirements of his own office. In the case in question the postmaster disposed of his stamps through the vendor in another city, and the vendor was also dismissed.

The people of Ontario in the future will not be compelled to kiss the Book when they appear in the witness stand in court. The Hon. J. M. Gibson during the last session of the Legislature, moved an amendment to the statute law, providing that persons who are compelled to take the oath may do so by the uplifted hand if they object to kissing the book, and the oath administered shall be that of Scotland, which is as follows: "I swear by Almighty God, as I shall answer to God at the great day of judgement, that I will tell the whole truth and nothing but the truth, so far as I know it, and the same shall be asked of me." Mr. Whitby agreed with the amendment, expressing the opinion that the Scotch oath was far more impressive than the one generally used. The kissing of the book is certainly not a very edifying spectacle. Ignorant witnesses sometimes convert it into a sort of heathen rite, and imagine that by kissing the thumb instead of the book they avoid the penalty of perjury. It appears to us that it would be an advantage to make the witness repeat the words, instead of giving his assent by some sign. Reverence for the Bible is shown by reading and obeying its precepts, not by physical contact with the work of the bookbinder.

Shelburne

A convention of temperance electors of the county of Dufferin was held in the Town Hall on Tuesday afternoon at 1:30. The purposes of the convention was as follows: 1st, to appoint a permanent County Executive; 2nd, to consider what course shall be taken in connection with the coming provincial elections; 3rd, to organize for the referendum campaign; 4th, to transact any other business relating to the interests of the temperance cause in Dufferin. There was a good representation from all parts of the county, over 200 in all. The first order of business was the appointing of a permanent county executive as follows: President, A. D. McKittrick, Orangeville; Vice President, John Johnston, Laurel; Sec. Tres., R. J. Sanderson, Grand Valley. The municipality representatives over the executive are: Mulvey, Wm. Kirkpatrick; Melapethon, V. L. Bates; Shelburne, E. Jessop; Amaranth, Robt. Hamilton; East Luther, Samuel Brown; Grand Valley, John Brown; East Garafraya, Samuel Woolner; Mono, Wm. Dynes; Orangeville, James Glover.

The second clause of the proclamation, "To consider what course shall be taken at the coming provincial elections," took up so much time that they were scarcely done with the 3rd and 4th clauses of the proclamation when the committee on political action returned from the anteroom whence they retired. They reported that considering the stand taken by Dr. Barr, our present member for Dufferin, regarding the referendum during the past session in the house, we cannot recommend this convention bringing out another candidate.

The evening session was not as large as anticipated, but it was very interesting. Mr. John A. Nichols, Organizer for the Dominion Alliance, was present at the convention and delivered an address, also Rev. C. W. Watchorn spoke a few words. Rev. C. W. Watchorn occupied the chair and gave a short address as an introduction. The meeting closed by singing the national anthem.
