**ADDRESS AND PRESENTATION.**

To W. L. McFarland, Esq., on the occasion of his retiring from the Postmastership in Markdale.

A few of the friends of W. L. McFarland, Esq., invaded his bachelor quarters on Friday evening and presented him with a complimentary address together with a beautiful set of military brushes. During the evening, addresses, highly flattering to Mr. McFarland re his management of the post office, were given by L. B. Lucas, Esq., Dr. Ego, J. W. McArdele and others. Mr. McFarland in his reply to the address thanked his friends and gave them the freedom of the house. It is needless to say that "Billy" proved himself to be an excellent host, and a most enjoyable evening was spent. The following is the address:

WILLIAM L. MCFARLAND, Esq.—

Dear Sir.—We the undersigned writers of the Markdale Post Office desire upon this your retirement from the position of Post Master at Markdale, to avail ourselves of this opportunity to express in some way our appreciation of the splendid public service given under your postmastership during the past six years. We have always found you and your assistants prompt, careful, courteous and obliging to all alike, and have always considered that we had at Markdale a model business management of the Post Office. We do not forget that under your postmastership, and largely as a result of your energetic advocacy of the public interests, that the present thoroughly up-to-date and handsomely equipped building has been secured as a post office. For nearly thirty years under your father's management as postmaster, Markdale was well served, and to the entire satisfaction of all. We think the universal opinion of the patrons of your office is that the "Clip off the old block" improved the service. However, the exigencies of political warfare have apparently rendered it expedient to make a new appointment, and upon your retirement we desire to present you with this set of military brushes, simply to indicate to you our good-will and to show that we appreciated the strict integrity and never-failing courtesy with which you conducted your business with the public. The change will doubtless be financially disadvantageous to yourself, and in addition, will leave you free to take a more active interest in public affairs, and so leave it open to you in the future to serve the public in a wider sphere.

Signed on behalf of the subscribers: Wm. Lucas, J. E. Marsh, Thomas Mathews, A. Ego, J. H. Stephenson, J. E. Trefford, Thos. Maun, P. H. Hauck.

Nervous and Sleepless.

There is just one cure and that is plenty of food for the blood and nerves, which is best supplied in Ferrozone, than which no blood builder, nerve tonic or strength producer is better. Ferrozone promotes healthy digestion, which results in improved nutrition. The blood grows rich and red, furnishes stability to the entire system. And the store of nerve force and energy increases daily. A rebuilding of the constitution, new spirits, health and strength, all come from the use of Ferrozone. This marvelous renovator is sold by Drugists for 50c. a box, or six boxes for \$2.50. By mail from Polson & Co., Kingston, Ont. Sold R. L. Stephenson.

Meaford Road.

Mr. Schumacher, of Walkerton, President of the T.C.I., passed through here on a business trip a short time ago.

Arbor day was duly kept by the teacher, pupils and trustees.

Seeding will be finished this week. Mrs. Melvin is very low at present. The old lady is in her 83rd year.

Lily Oak

The 10th of Holland, is progressing.

Samuel Greenaway has purchased a new seed drill; a Massey-Harris, we think. Jack Connell has bought a new buggy.

Roe's brothers have moved their portable saw outfit over to the town line and will, we understand, saw lumber and timber for Robert Elliott's new barn.

George Alexander and sister visited their sister in Owen Sound last Saturday.

George Wallwood and W. J. Lansing went to see Jim Grant whom they found doing as well as could be expected.

Harkaway

We are pleased to report Mrs. Geo. Logan improving after her recent illness.

W. Catchpole spent a couple of days last week with friends in this neighborhood.

Fred Teeter spent Sunday with friends near Berkley.

We understand that Mr. William Hawken purchased a new buggy last week.

J. Bowler, of Goring, visited friends in the neighbourhood on Sunday.

Mrs. Peony is visiting her mother, Mrs. Lyons.

Joe Hawken, Jr., spent Sunday in Owen Sound. "Give an account of yourself, Joe."

A. Freeman spent Sunday p.m. in the neighborhood.

Dick Noble, Markdale, made a call in our burg on Sunday evening.

**HE THREATENED TO SHOOT.**

Theo. Kidd and John Fagan of Mono Mills have an Altercation, in which the former Draws a Revolver.

The erstwhile quiet hamlet of Mono Mills had a rather exciting little episode last week, the participants in which were two well-known residents of the place. How it came about, and the cause of it, will not take long to tell.

About a year ago, Wm. Henderson sold out his blacksmithing business to John Fagan, the old and reliable artisan of Mono Mills. John believed that he could handle all the business in his line there was to do, but concluded he would make sure of no further opposition by leasing the premises occupied by Henderson for a year's time at least. Thus, Kidd is the owner of these premises, and some time before the expiration of Fagan's lease, wished to get them back, so that he could rent them to someone else. His tenant refused to give them up, although he had no use for them himself, as he carried on business in his own stand. Kidd urged his point with increasing vehemence. Fagan with equal persistence declining to give in, till finally, Tom Kidd, in a rage, following the noted example of his famous namesake to some extent, drew a revolver and pointed it at the other with the vehement threat that he would shoot. At this juncture a number of the friends of both men interfered and the incident closed without any bloodshed, although things looked very serious for a moment.

However, John Fagan determined he would have the law on the man with the gun, and immediately had summons issued against Kidd. The case came up in Alton on Saturday before Alex. Dick, J.P., who heard the evidence and inflicted a fine on Kidd of \$10 and costs, amounting in all to about \$20. The defendant in this case may well be counted a dangerous man, if he carries a revolver and when in a passion threatens to shoot any who cross him. The lesson he has been given this time should produce good results.—Dufferin Advertiser.

[John Fagan was formerly a Markdale boy.—Ed. S.]

**Something New in Silos.**

Much has been written in regard to silos and silo building, and numerous plans have been published, but in actual experience none of them has proved entirely satisfactory. Some are too expensive for ordinary farmers, others are cheap, but only last a few years. The round stave silo is one of the cheapest sorts, and if it were not liable to collapse on account of shrinking of the staves, and the expansion of the iron hoops, it would be very satisfactory.

There is now a prospect of these disadvantages being overcome. A number of farmers in the United States have adopted the plan of using wooden hoops, which cannot shrink or lengthen endwise. The inside sheeting is of inch Georgia pine, which seems to be the best kind of lumber for silos, on account of its non-shrinking character.

It is so full of pitch that moisture has practically no effect upon it. This lumber has been recently laid down at Ottawa for \$27.00 per M., and at that price should be one of the most economical for our farmers could use.

The foundation of this new sort of silos is in its wooden hoops, six inches wide and made of half inch elm lumber sprung around a form, and built up with well lapped joints, using a trifle longer nail each time, until the hoop has a thickness for the three bottom hoops of five layers. The average silo requires only four layers each. The average silo will not require more than 500 ft. of lumber, and 20 lbs. of nails, for the hoops which are easily and quickly made and should not cost more than \$1.25 each or \$10.00 for the lot. This is a good deal less than the cost of the usual iron hoops and lugs. A three cornered frame is erected at the exact outside circumference of the silo, and hoops placed in position and fastened.

The lining of the silo is then put on, and should be of inch Georgia pine, number three inches wide, matched and nailed to the hoops the same as the flooring. When the lining is on within twenty inches of the starting place, stop and put in 2x4 studding, up and down between the hoops on each side of the door for door stays and jambas. Make the doors of the same lumber as the walls, cutting them into "joints" on the inside of the hoops.

If the silo is outside the barn, it can be covered with tanned paper and cheap siding, run both up and down as a protection against frost. The roof and foundation is the same as for any silo, and the outside could be of any sort the owner wished, or it might go without siding, the same as any other tub silo. If protected from the weather the wooden hoops should last for years,

**THE WORLD'S FAIR PREMIUM CARRIAGE STALLION**
**Prince Arthur**

No. 1852, Y.C.H.S.

Imported July 1892.

++

Winner at the World's Fair, Chicago, New York and Ottawa, and winner on five occasions of 1st prize and sweepstakes at Toronto shows, and many other valuable prizes, a record unequalled by any carriage or coach stallion in Canada. Prince Arthur is not only a very successful prize winner himself but his stock has won a large percentage off all the prizes offered for carriage classes at the Toronto Industrial and other large shows during the past few years. They have also won almost every prize offered in the carriage class in Grey Co and wherever exhibited.

His stock is not only great prize-winners but the very highest selling horses in the market. They have been sold at prices from \$300 and upwards. W. J. Donnelly recently sold a pair by him rising four and five years old to a gentleman in Montreal for \$800. They were bred by W. T. White, of St. Vincent township.

He is warranted a sure foal-getter and you can use him with confidence. Prince Arthur has proven himself to be one of the greatest sires of high-class Harness and Carriage horses in Canada. Buyers are continually inquiring after them and the demand far exceeds the supply. Don't fail to see this famous stock-getter before engaging your mares. The future of successful breeding all depends upon the breeders' selection. The present market calls for style and action, and if we do not breed what the market requires, we may as well quit breeding at once. The means of wealth in the cities has produced a demand for large, stylish, active horses and the Cleveland Bay over and above all other breeds is eminently adapted to transmit to his offspring.

Don't be controlled by the mighty dollars in your selection of a sire. Two or three dollars invested at the start may bring you one hundred when you come to sell.

**Route for 1902**

MONDAY, MAY 5th, he will leave Royal hotel, Meaford, and proceed to Woodford for noon; thence to Bognor for night.

TUESDAY noon, Walters Falls; Tuesday night, his own stable, lot 18, con. 10, Euphrasia.

WEDNESDAY noon, Berkley; Wednesday night, Markdale House, Markdale.

THURSDAY noon, Wm. Wiley's, Wedgehouse; Thursday night, Rocklyn.

FRIDAY, he will proceed by way of 27 side line to John Irwin's Town Line, for noon; thence by way of Clarksville to Royere House, Thorburn for night.

SATURDAY, to Royal Hotel, Meaford, for the afternoon and remain until Monday morning. This route will be continued during the season, health and weather permitting.

**Description and Pedigree**

Prince Arthur is a pure bred Yorkshire Coach horse, and registered in the Yorkshire Coach Horse Society of Great Britain and Ireland No. 1852. Color, bay; black legs, mane and tail are perfectly free from white, stands 14 hands high, weighs 1400 lbs., has best of action and entirely free from blemish.

Prince Arthur was bred by Henry Watson, Bempton, York, England. Sir, Prince Victor, No. 376; g.s., Prince of Wales, 371; g.s.; Emperor, 44; g.g.s., Herod, 218; g.g.g.s., Emperor, 143; g.g.s., Mentor, 218; Dam, Countess of Wilton, No. 26; C.B.S.; g. dam by Fidius Dius, 1392; g. g. dam by Wonderful Lad, 914; g. g. g. dam by George, 292; g. g. g. g. dam by Barnaby, 670.

Parties wishing to purchase valuable horses for the market should not miss seeing this valuable sire, as he has been pronounced by good judges to be a superior carriage stallion.

**Terms**

To insure \$13.00, payable January 1st, 1903. Single leap, \$10.00, to be paid at time of service. Groom's fee, 50 cents. Insured mares must be returned regularly to the horse during the season or they will be charged full insurance, in foal or not. Parties desiring to purchase mares before collecting time will be responsible for insurance. All accidents to mares at risk of owners. Persons trying mares and not returning must pay full insurance.

**Notice**

To all parties breeding mares to Prince Arthur: this season they must produce mares at stand where she was bred, or come and acknowledge her with foal and settle by cash or note when notified by me to do so, and any person not complying with this rule will have to pay whether mare is in foal or not. I adopt this plan to save unnecessary travelling and expense.

**For Sale or Rent**

The West Half of Lot 14 Number 10, containing 10 acres, farm land, situated in the town of Emporia, 10 miles from the village of Emporia, Barrie, etc. Price \$100 per acre.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets, one cold in one day. No cure, no pay.

**Valuable Farm for Sale or Rent**

Lots 25 and 26 in the 3rd con. of the Durham Road, in the Township of Osprey, 100 acres. Apply to E. Wright & McArdele, Markdale.

**R. H. BENSON & CO.**
