WOMAN'S FORTITUDE

SEVERELY TRIED BY AIL MENTS PECULIAR TO HER SEX.

Ordinary Medicine Will Not Cure Because it Merely Touches the Symptoms How to Get at the Root of the Trouble.

Behind the veil of her womanly modesty and fortitude; nearly every woman suffers indescribably from a purgative may do that-but the one great medical discovery capable. not an ordinary medicine; they are not a patent medicine, but the prescription of a regularly practising physician who used them in his private practice for years before they were given to the public under the name of Dr. Williams' Pink Pills. They are the best medicine for man, the only medicine for woman. Mrs. John McKerr, Chickney, N.W.T. says: "Dr. Williams' Pink Pills have

saved me many a dollar in doctors' bills. For some years I was greatlyafflicted with ailments that make the life of so many of my sex miserable. I tried many medicines but found no relief until I began the use of Dr. Williams' Pink Pills. These pills have made me feel like a new person the almost continuous suffering I endured has passed away and life no longer seems a burden. I know of a number of other women who have been similarly benefited and I think Dr. Williams' Pink Pills worth their weight in gold to those who syller from female complaints or general prostration."

men and women lies in the timely dse of Dr. Williams' Pink Pills, which act as a norve tonic and supply new blood to enfeebled systems. They have cured many thousands of cases of anaemia, "decline," consumption, pains in the back, neuralgia, depression of spirits, heart palpitation, indigestion, rheumatism sciatica, St. Vitus' dance and partial paralysis. But substitutes should be avoided if you value your health; see that the full name "Dr. Williams' Pink Pills for Pale People" is on every box. Sold by all dealers or sent post paid at 50 cents a box or six boxes for \$2.50, by addressing The Dr. Williams' Medicina Co., Brockville, Ont.

LABOR

RELATIONS BETWEEN PLOYER AND EMPLOYED.

The Dominion Live Stock Commissioner Gives Some Good Advice.

Unquestionably there is nothing connected with the business of farmthan the unreasonableness of comployers. Socialists tell us that the portunity of renewing old acquaint-world could produce enough for its Detition between capital and labor 12th. Chear railway rates are asliave become so intense that a little
extra strain at any time may bring
ronto, and at the same time procure the farm, on a better basis.

In an ideal condition of affairs, the soon as possible whether you can employer would never ask or expect attend. his men to do more work than was right or reasonable, and when hiring would in all cases be steady and willing to give a fair and just remuneration for services to be performed, and would endeavor to carry out a system of farming that would give employment to his men in the slack part of the year. The emploved also would not take undue advantage of the employer because of a temporary scarcity of labor; would never shirk his work, but years to realize just what a useful would be faithful in doing his duty, article a bicycle is. At one time whether his employer were with him wheeling amounted to a positive or not, and would in all cases be craze. The uniqueness of the ma-

AT A BUSY TIME. ever, that such a Utopian state of all of us since then gradually began affairs will ever exist while frail human nature remains as it is, but by convenience for covering distances, the exercise of a little thoughtful saving time and money, and was the exercise of a little thoughtfulness and mutual forbearance the relations between employer and em- for exercise pleasant to take. This ployed may be much improved. In is given generally as the reason for considering the question of farm la what is known as the bicycle rebor, as it effects the operations and vival. together preferable to boarding men that in the cities, where means of in the house. Outside the question transportation are many. It is safe twell, I've guessed ye this time to say that there is nothing so It's funny I didn't think of it be consideration of home life—the home absolutely useful as a bicycle on a life cannot by any possibility be larm, where the post office or one's friendly neighbor are sayeral miles what home life ought to be when the farm house is nothing better away; and the price of the hest than a boarding house. It is not whelk is mow within easy reach of cause I hered that young feller call too much to say that the future life any possettion. of many a bright boy or girl in this country has been a failure through too little attention having been paid

have the power to make their men work from any purming until late at night, and looked at from inc

other standpoint than that of personal gain, it is a very decided mistake, incidentally it may not be amiss to say that the farmer ought amiss to say that the larmer ought not to sak his sons to do what no reasonable, man swould expect his hired men to do. Many a good boy has been driven from home by that sort of treatment.

Then again it is a matter of the

first importance that the men serv-ing shall be well treated. Their houses if not large should at least be made comfortable. The gardens attached should be large enough to woman suffers indescribedly from the to time, and continues to suffer in spite of all her efforts, because ordinary medicine is powerless to do take up too much of their time, and in such cases. Ordinary medicine is for take up too much of their time, and if a few apples and small fruits cine may give temporary relies—even can be grown on the ground they will be more appreciated than by those who can afford to buy them. of permanently curing and prevent- A cow is almost a necessity to a return of the ailment is Dr. family on the farm and an arrange-Williams' Pink Pills. These pills are ment should be made to have it pastured, but on no account have it wintered by the farmer. It is too severe a trial of human nature to allow a hired man to feed his cow from his employer's meal box, and is almost

> SURE TO CAUSE TROUBLE. The faculty of getting on well with hired men on the farm is well worth cultivating. My own experience leads me to know that if you engage good men there is little trouble in ceping them, if we, as employers, do our part. It is our duty to try to make them as comfortable as circumstances will permit. If we do so we may expect faithful service, and from good men we will get it. Let the rules be strictly laid down and the rules be strictly laid down and adhered to, and on to consideration keep a man after his time is out, if keep a man after his time is out, if wraps for general wear. This stylish he has at any time given a word of example is of tan colored etamine, with impertinence.
