Walters Falls.

Haying which is an abundant crop is fairly started in this locality, but owing to the recent heavy rains operations have been at a standstill for the past few days.

A plague of skunks has infested this section of the country and are playing havoc with the young fowl. Over thirty of those animals have been killed in the immediate neighborhood. Miss Jennie Lemon, of Toronto, is vacating under the parental roof.

Among those who took in the excursion to Niagara on Friday last were Mr. and Mrs. J. R. Wickham, Mrs. Dave Clark, J. T. Prior and Ted Gambriel.

Dundalk.

The A.O.U.W., C.O.O.F., C.O.C.F. and the I.O.F. societies of this town amalgamated on Sabbath last and had a grand parade headed by the citizens' band. Quite a number of visitors were present and nearly two hundred society men marched in order to Victoria Hall where Rev. Mr. Hill preached an appropriate sermon.

Chatsworth lacrosse team played an exhibition game here with our boys on Friday evening last. The game was fast and clean throughout and no unnecessary roughness was indulged in and when time was called the score stood 2-1 in favor of Dundalk.

Dundalk lacrosse team plays in Orangeville in a league match. We wish the boys every success.

Mr. Joseph Symington, the C. P. R. agent of this place, is taking a much needed vacation and has gone on a holiday trip.

Mrs. I. B. Lucas and family, of Markdale, and Mrs. Hovey, of Canton, visited friends in town last week.

Berkeley.

Mr. and Mrs. Thos. Mitchell last week attended the wedding of the latter's brother, Mr. John Higgins, of Toronto. They also visited friends at Port Colborne and other points before returning home on Monday.

Mr. Wm. McCann, blacksmith, of Heathcote, visited our village on Saturday last remaining until Monday, the guest of Mr. F. E. David.

John Fitzsimmons, who has been ill for the past month is recovering and we expect to see him out in a few days. John Aitken, who lives a few miles west of here, had a slight stroke of paralysis on Sunday last. We have been informed that the old gentleman is recovering and expects to be "drifted" in a few days.

Owing to so much wet weather the past week has been very unfavorable for haying and farmers in some cases have quit cutting.

Wm. and Thos. Egan are at present setting up their portable saw mill in Mr. Purvis' yard where they have a quantity of logs to cut which they got out last winter.

Miss Ella Egan arrived from Toronto last O. on Friday evening last. She visited her mother, Mrs. J. E. Egan, who is recovering from a recent illness.

The weather has been very moist the last few days but has cleared off now, and we hope it will be fine for a while. The Methodist Sabbath School excursion to Stanley Park, Ont. on the 8th inst. was a very pleasant affair. The weather was lovely and the school and those who went along spent about 8 hours in the park or boating on the beautiful lake. All came home well satisfied with their day's outing.

The Presbyterians of this place had big day on Tuesday afternoon of last week. The occasion was the laying of the corner stone of their beautiful new church, which, when completed, will cost somewhere in the neighborhood of \$20,000. Rev. Dr. Warden, ex-Moderator of Orangeville, laid the corner stone after which speeches were made by the pastor, Mr. Anderson, Rev. Mr. Hamilton, of Hornings Mills, and the resident ministers of Shelburne. Before leaving for the park for their garden party Mr. D. M. Reid took their picture. We do not know if those four who had reserved seats on the telephone poles were in it or not, they were there all the same. The evening was a little cool for the games etc. in the park, but a very nice time was spent. The 36th reg. band was there and rendered a goodly number of pieces of music in their usual good style.

Mr. Hill has the foundation completed for the Marshall block on the south side of main street.

We are very sorry to have to report the death of Mr. Smith, who has been working for Mr. Wm. Kobler, selling sewing machines etc., for the last 18 months or thereabout. He had not been in very good health for some time, but about two weeks ago Mr. Kobler and Mr. Smith were out in the country on business and being at a farmer's place the farmer took shelter in the barn from a severe thunderstorm. The lightning struck the barn and gave the farmer and Mr. Kobler quite a shock, but Mr. Smith did not fare so well, as he was unconscious for some time, but finally came around again and seemed not much the worse, excepting his legs and ankles were weak, but he continued to go around. About Tuesday of last week he took the train to visit his parents near Mount Forest. He reached that town by noon and had dinner with a friend after which he drove out in the country a few miles to his parents. Upon getting there he did not feel well and medical aid was summoned, which proved to be of no avail, however, and he passed away the next morning. He leaves a widow and young babe to mourn their loss. His wife and friends have the sympathy of the people of Shelburne in their great bereavement. He was buried in the family plot near Mount Forest on Thursday last.

Messrs. Hugh Falconer and H. Rowland, who have been spending a few weeks in the old Old Country, returned home last week. They were greatly disappointed at not being able to see the coronation as they expected when they went away. The band met them at the evening train and played them a welcome home.

Mr. R. J. Watson had the misfortune to get his foot badly sprained a little over a week ago, but is mending now, so that he is able to go to his shop again.

Mr. and Mrs. Bobb Trwin, two boxes were captured here lately. Their fur will be of little value this time of the year.

We are sorry to say that Mr. John Spink is on the sick list. We hope to hear of his speedy recovery.

One of our lacrosse boys is going around with a game leg. Its not very pleasant, is it, Bob?

Priceville.

Mr. L. McDougall, who had the misfortune of having his house burned two weeks ago, has most of the timber on the ground and will commence the building of a new one at once.

Mr. J. McDonald has a gang of men working at Mr. A. Whyte's barn, and will have the same completed in a few days.

Mr. R. H. Reid of the O. D. E. is engaged for the haying and harvest with Mr. Hill, east back line.

The continued wet weather has delayed hay making operations in this vicinity. Many of the farmers have fields cut and coiled but after the rain on Saturday and Sunday it will be of little or no worth.

Mr. Arabid McLean returned from the Soo last Monday looking hale and hearty.

Mr. D. Whyte is swinging the hammer and saw with Mr. Wm. Besks. What we would like to know—Where the broncho took the two boys on Friday night; if L, has got wind of a girl yet; where the Black horse goes; if J, or D has the inside track; who's heart is aching for "The girl I left behind me."

Rooklyn.

The glorious Twelfth July celebration held in Rooklyn was a success. The day was beautiful and the crowd large, there being over 1000 people here. There were sports in the afternoon and dancing in the evening, and everybody reports a good time.

Miss Clemy Patton, who has been visiting her brother in the City returned home last Wednesday.

Mr. F. Cooney and three children, of Ingersoll, are the guest of Mrs. Cooney's mother, Mrs. Samuel Breadner, at present.

Mr. and Miss Long, of Woodford, spent the 12th with their cousin, Miss Mary Clugston of this place.
