RECENCIES IN HISTORY

HANESS OF THE KING SUG-GESTS SOME MATERIAL.

Only Two Notable Ones Those of Duke of Bedford and Son of the Mad King

The report that the Prince of Wales will be made regent in the avent of a long convalescence of King Edward surprises no one. No monarch of England has ever yet lain dangerously ill without some suggestion of a temporary transfer of power. When Queen Victoria was dying at Osborne House a regency with the present King as regent was quite freely discussed. quite freely discussed. In the present instance, however, a regency, while possible, is not to-day conprobabilities. To the average student of English

tain are contained in a letter from than fifteen times since the iron heel Captain Alfred Bertrand, of the of Norman conquest stamped upon Swiss Federal army, a well-known England the seal of a genuine material contains a seal of a genuine contains a

priority. School libraries have been all languishing in Ontario for thirty or forty years.

While it is desirable to have worder by the happiness of health for both wordings of good literature suitable to have books for children purchased, and with proper machinery to send them to the various homes. In other words, the plan should be samption, pains in the back, neuradopted as far as possible of sending adopted as far as possible of sending to large and the paint their treachery, rapacity, the succession was likely to devolve the succession was likely to devolve the succession was likely to devolve upon a minor or an lineapable; and with proper machinery truelty and degradation in the greater was my astonishment when I saw with my own eyes the transformation to send them to the various homes. In other words, the plan should be samption, pains in the back, neuradopted as far as possible of sending books around to do good. It is palpitation, indigestion, rheumatism, books around to do good. It is palpitation, indigestion, rheumatism, books around to do good. It is palpitation, indigestion, rheumatism, books around to do good the suffering girl."

We expected to take our lives in our the experiences at the hands. Their experiences at the hands. Their experiences at the hands of the Barotsi led them to the succession was likely to devolve upon a minor or an lineapable; and expendent the succession was likely to devolve upon a minor or an lineapable; and expendent the succession was likely to devolve upon a minor or an lineapable; and the passage of but one regency of the hands. Their experiences at the hands of the Barotsi led them to the succession was likely to devolve upon a minor or an lineapable; and the passage of but one regency by with thousands of the Barotsi led them to the succession was likely to devolve upon a minor or an lineapable; and the passage of but one regency by with the succession was likely to devolve which merely stated, in acordance with the succession was likely to devolve with a regent w denial to the report that the Frince of Wales desired to assume regency of her daughter, the Princess 'Victoria the Stations churches, schools, houses, and stores, erected in situations where everything had to be made from the raw material.

'I found perfect silence and discipline, reigning in the schools and at the services. At church I was struck with the serious and intelligent demeanor of a middle aged man, who, I learned to my surprise, was no other than Lewanika, and whom we had expected to find a learned to my surprise, was no other than Lewanika, and whom we had expected to find a learned to my surprise, was no other than Lewanika, and whom we had expected to find a learned to my surprise, was no other than Lewanika, and whom we had expected to find a learned to my surprise, was no other than Lewanika, and whom we had expected to find a learned to my surprise, was no other than Lewanika, and whom we had expected to find a learned to the report than the regency that the consent of Parliament.
