Divis holidays was observed by citizens generally in a quiet manner. Several picnic parties taking place to Queen's Grove, Engle's Falls, etc., and a large number took in the Oddfellows' excursion to Niagara Falls.

Markdale business men wisely remained at their posts last Saturday serving customers like good loyal subjects. The village presented quite a drowsy appearance, however, with an unusually large supply of flags and bunting which flitted proudly in the breeze. King's weather prevailed.

The railway companies have agreed to give a rate of single fare for the entire time of the Toronto exhibition, for Ontario and Quebec, and also three excursions on Tuesday, Thursday and Saturday of the first week, and two excursions Tuesday and Thursday of the second week at the rate of one cent per mile for the round trip.—O.S. Sun.

Considerable expense has been gone to during past years in a vain attempt to procure a supply of water at the Methodist parsonage in town. Mr. Jeffrey Artley recently undertook the task on the condition that should he fail there would be no charge, and at 67 feet he struck a good stream, ten feet in the rock. Jeffrey generally strikes oil.

An accident occurred at the National Table Company's factory on Saturday forenoon, whereby a young man named Wm. Roy, a son of Mr. Wm. Roy, section foreman, Bay st., lost the first three fingers from his right hand. Roy had just commenced work that morning on a rip saw and two hours later was nursing a severely mangled hand. Drs. Dow and Miller dressed the wounds and the patient is doing well.—O.S. Sun.

The Manitoba Daily Free Press of Winnipeg has issued a special crop supplement, 16 pages, which contains crop prospects in Manitoba and the North West Territories and photographic scenes of growing grain, also a map showing the railway system and elevators with a capacity of nearly thirty million bushels. One evening last week while quartette from town were driving along the road in the suburbs with a team and double carriage the vehicle struck a stump which stood close to the road in a narrow place. The occupants were quite sober at the time. The buggy sustained minor injuries, which with the aid of kind neighbors were repaired and the home trip completed without personal injury or further mishap. We would suggest that the road overseer in that division of Glenelg have it removed forthwith.

Last Sunday at Christ Church, Markdale, and at St. Matthias Church, Berkeley, the entire services were taken by the Rev. R. J. Murphy, P.A., rector of Eastwood. The Rev. Mr. Newell while in the vestry awaiting the ringing of the last bell, was taken suddenly ill and was compelled to return to the rectory. Mr. Murphy, who had come to town Saturday to spend a few holidays with Mr. and Mrs. Ford, arrived at church in time on Sunday morning, and without a moment's preparation, took charge of the services. He preached three able sermons, the sermon at Berkeley and that at the evening service at Markdale being in keeping with the Coronation service which was used. The choir was in excellent form and admirably rendered the choral portion of the services.

The selection of beds and the detail of their equipment, says The Designer for September, is one of the most important items of modern house furnishing. The provision for comfort in sleeping rooms would perhaps receive more attention if one realized that fully one third of a life-time is spent there. In the course of three-score years fully twenty, even with moderate sleeping, are passed in bed. White iron bedsteads are so generally used now that they may be found even in the tenement districts, where their neat, durable and simple construction means even more than in the homes of more pretension and wealth. While the enjoyment of the bed is of moment, the foundations of comfort depend on the choice of mattresses and springs. Here the quality should be of the best that can be afforded. A first expense in good materials is likely to pay the cost.

My Hair. I had a very severe ailment that took off all my hair. I purchased a bottle of Ayer's Hair Vigor and it brought all my hair back again. V. D. Quinn, Marcellus, Ill. One thing is certain—Ayer's Hair Vigor makes the hair grow. This is because it is a hair food. It feeds the hair and the hair grows, that's all there is to it. It stops falling of the hair, too, and always restores color to gray hair.
