THE OLDEST HORSE.

There has just died at Oakenholt, near Flint, North Wales, a horse at the advanced age of forty-three years, said to have been the oldest horse in England. The horse, a handsome black charger, was the property of Colonel Bridgford many years ago, and was sold to the late Mr. T. W. Heaton, of The Priory, Higher Crumpsall, who at his death made provision for the animal to live in quietness and luxury at the farm in North Wales.

SEASONABLE ADVICE.

CHANGE OF WEATHER DISASTEROUS TO MANY PEOPLE.

Bad Blood Makes You Liable to Cold—A Cold Makes You Liable to Twenty Diseases—How to Protect Yourself.

Changes of the season affects the health more or less perceptibly. The effect of the hot summer weather on the blood leaves it thin and watery, and now that the weather is changeable this makes itself disagreeably felt. You feel bilious, dyspeptic and tired; there may be pimples or eruptions of the skin; the damp weather brings little twinges of rheumatism or neuralgia that give warning of the winter that is coming. If you want to be brisk and strong for the winter it is now that you should build up the blood, and give the nerves a little tonic. Dr. Williams' Pink Pills are the greatest of all blood-making, nerve-restoring tonics, and will make you strong and stave off the aches and pains of winter if you take them now. Mr. James Adams, Brandon, Man., is one of the thousands whom Dr. Williams' Pink Pills have restored to health and strength. He says: "It is with deep gratitude that I acknowledge the benefit that I have derived from the use of Dr. Williams' Pink Pills. Before taking the pills my health was much shattered with rheumatism, nervous depression and sleeplessness. For fully twelve months I rarely got a good night's sleep. When I began the use of the pills it was with a determination to give them a fair trial. I did so, and can truthfully say that I could not wish for better health than I now enjoy. I shall always speak a good word for Dr. Williams' Pink Pills."

Poor blood is the cause of most diseases. Good blood means health and strength. Dr. Williams' Pink Pills do not purge—they simply make pure, rich blood. That's why they cure so many diseases. But you must always get the genuine with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. Sold by all druggists or sent by mail, post paid at 50 cents a box or six boxes for $2.50, by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont.

KING AS A GOOD SAMARITAN.

Sends His Own Nurse to Care for Sick Young Man.

King Edward, in his numerous acts of kindness and charity, is not a man to let his left hand know what his right hand doeth. As an instance this story is told by a correspondent:

The King recently learned that a young man, William Donald, employed in Edinburgh, had come to his Balmoral estate hopelessly ill of the same trouble through which the King recently passed, to be nursed by his mother. The King sent his physician, Sir James Reid, to ascertain if anything could be done, but the great doctor found himself unable to do anything. The King then visited the cottage himself, saw the youth and expressed his deep sympathy for him.

Then he told Mrs. Donald that the nurse who had attended him through his serious operation and illness was still with him, and that he would send her every day to dress the son's wounds and make him comfortable; also that a water bed would be sent from Balmoral Castle. He added that if she could suggest anything to please her son it would be carefully attended to.

SAVE THE BABY.

A Mother Tells How Many a Threatened Life May Be Preserved.

To the loving mother no expense is too great, no labor too severe, if it will preserve the health of her little ones. Childish ills are generally simple, but so light is baby's hold on life that it is often a knowledge of the right thing to do that turns the tide at a crisis. And in baby's illness every crisis is a critical one. "I think the timely use of Baby's Own Tablets would save many a dear little life," writes Mrs. P. B. Bickford, of Glen Sutton, Que. "I take pleasure in certifying to the merits of these Tablets, as I have found them a sure and reliable remedy. My baby was troubled with indigestion at teething time, and was cross and restless. The use of Baby's Own Tablets made a wonderful change, and I am glad to recommend them to others." Mothers who use these Tablets never afterward resort to harsh purgatives that gripe and torture baby, nor to the so-called "soothing" preparations that often contain poisonous opiates. Baby's Own Tablets are pleasant to take, guaranteed to be harmless. Send 25 cents for a full-sized box to the Dr. Williams' Medicine Co., Brockville, Ont., if your druggists does not sell them.

PRIZES OF THE BRITISH BAR.

Incomes of Some of the Leading Lawyers.

The Lord High Chancellor of Great Britain is second only in position to the Archbishop Canterbury, and he enjoys an income of £10,000 a year. The Lord Chief Justice of England has a salary of £8,000 a year. The Master of the Rolls has a saiary of £6,000 a year, and the Lords of Appeal in Ordinary have the same. The Lords Justices of the Court of Appeal and the Judges of the High Court earn £5,000 a year each. The Masters of the High Court, the London Police Magistrates, and the County Court Judges earn £1,500 a year each. The Masters of the High Court are chosen either from barristers or from solicitors, but all the other office holders to whom we have alluded must have come from the bar.

The Attorney General makes much more money than any of these dignitaries. His saiary is only £7,000, but he has fees as well, sometimes to a very large amount. The Solicitor General has £6,000 a year, besides his fees. Of course, the double work, legal and parliamentary, which these officers have to undertake is most arduous, requiring an iron constitution and a mind that requires but little time for rest. The private practitioners in some few cases make larger incomes than any of the official persons at the bar. It is not indeed many who make "five figures;" but there may be always one or two leaders who are achieving this. The leaders who are chiefly before the public in ordinary cases do not often make more than from £5,000 to £6,000 a year. Larger fortunes are frequently made by men who specialize in patent cases, who are engaged in rating appeals and compensation work, or who practice their profession at the Parliamentary bar.

MONOGRAMS ON PEACHES.

At a large dinner party given in London the peaches placed on the table bore the monogram of their owner traced distinctly in the velvety bloom. In order to produce this unique effect, letters were cut from paper and pasted on the peaches while growing. When the fruit was ripe, on removing the paper letters the monograms were found picked out in most delicate green, the rest of the fruit being rosy and deep hued.

A WELLAND MERCHANT

HE SAYS HE IS NOW FEELING BETTER THAN HE HAS FOR MANY YEARS.

An Open Letter in Which a Prominent Citizen Gives a Strong Recommendation for Dodd's Kidney Pills, a Remedy Which He Says Restored Him to Good Health.

Welland, Ont., Nov. 3.—(Special.)—Mr. J. J. Yokom, grocer and provision merchant of this place, has given for publication, an open letter as follows:

"For a year or more I had been ailing with Kidney Trouble, in all of its worst forms. I had a very depressed feeling in my head and little or no appetite, a constant feeling of langour, and I became greatly reduced in weight.

"At times I was entirely incapacitated.

"I have spent considerable money in medicines of different kinds but did not get any good results. I also doctored with a physician of vast experience but got no benefit.

"At last I became discouraged and hopeless of ever being well again. One day by luck I heard of Dodd's Kidney Pills and began to use them.

"From the first they seemed to suit my case exactly, and when I had taken five boxes my old trouble had entirely disappeared, and I was feeling better than I had in many years.

"I am now in splendid health and able to stand great exertion, in fact my general health is better than it has been in a long time.

"Since my recovery I have told many others of Dodd's Kidney Pills and how they cured me to stay cured. Many of them say it seems impossible and yet they know it is true."

(Signed) J. J. YOKOM.

Mr. Yokom has been a resident of Welland for years, and is known to every man, woman and child in the town. He was born in the neighboring township of Crowland, within three miles of his present home, and is known as a man of Christian principles who would not make a statement that would in any way be misleading.

6,000 GLASSES A DAY.

In the production of common watch glasses the glass is blown into a sphere about 40 inches in diameter, sufficient material being taken to give the desired thickness, as the case may be. Discs are then cut out from this sphere with the aid of a pair of compasses having a diamond at the extremity of one leg. There is a knack in detaching the disc after it has been cut. A good workman will cut 6,000 glasses a day.
