In many districts of Great Britain truction auction sales of live stock have been held annually for years. Large number of bers of pure-bred annuals for breedthis way, besides a great many 'store" cattle and other animals. In several provinces of the Dominion. provincial sales of this kind have been established with satisfactory results, and have created a feeling in favor of county or district sales. There are hundreds of farmers throughout Canada who raise yearly from one to four good breeding males, and perhaps a few females. Many of these men understand the principles of stock breeding, and have from time to time brod noted show yard specimens. Yet the progress and profits of these men has ficen greatly hampered because, of their inability to sell their surplus, stock promptly.
