LIVE STOCK MARKETS.

Toronto, March 17.—A fairly active business was transacted at the Western Cattle Market to-day in butchers' cattle. Exporters were not offered plentifully, and the demand for them was not brisk. Space is still scarce on the trans-Atlantic steamers, and several more delays in their departure for England have been reported. Fairly good prices were paid, however, by many of the buyers for choice descriptions of cattle. Butchers' cattle sold well, but it is doubtful if the present prices would have been maintained if there had been of these larger receipts. The markets were flooded with milch cows, and springers were more abundant than usual, about forty or fifty being brought forward; and but for the presence of a large buyers' sales rollers of special brands for domestic trade quoted at \$2.20 to \$3.35 white Manitoba flour steady. No. 1 flour—No. 2 nominal at 51¢ middle freight. Peas—No. 2 white is quoted at 60¢ high freights, and at 70¢ east. Corn—Market dull, with Canadian yellow quoted at 45¢ west, and 48¢ west.
