

# DYSPEPSIA.

The Miseries of This Terrible Disease Cured by

**Munyon's Dyspepsia Cure.**

"Dyspepsia is the parent of many ailments and the harbinger of blasted hopes."

If I tried I do not believe I could estimate the value of my Dyspepsia Cure. It has brought peace and happiness into thousands of homes where all had been gloom and sorrow. It has cured indigestion, flatulence, heartburn, acid eructations, loss of appetite, nervousness, headache, backache, indigestion, loss of appetite, skin eruptions and other troubles so common in spring. This is an established fact, proved by thousands in every part of the world.

Miss A. M. Tuckey, Oxdrift, Ont., says: "I do not know what would have become of me had it not been for Dr. Williams' Pink Pills. My blood, which had turned to water, and I was troubled with indigestion, headache, and nervous prostration. I got so weak that I could hardly get about, and notwithstanding that I was constantly doctoring, I got no relief until I began using Dr. Williams' Pink Pills. They completely cured me and have given me back all my old-time health and strength."

What these pills have done for Miss Tuckey and thousands of others they will do for you. They will make you bright, vigorous and strong. Don't take a substitute or any of the "just as good as" medicines which some dealers push because of a large profit. See that the full name, Dr. Williams' Pink Pills for Pale People, is found on the wrapper of every box. If in doubt, send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed at 50 cents a box or six boxes for \$2.50.

**MUNYON'S REMEDIES.**

Munyon's Dyspepsia Cure relieves stomach distress instantly. Price 25c. Personal letters addressed to Prof. Munyon, Philadelphia, U. S. A., containing details of sickness, will be answered promptly and free advice as to treatment will be given.

### A USEFUL QUALITY.

One useful quality the German Emperor has to perfection is the power of instant application. He can take up a piece of work and become immersed in it at a moment's notice. Certainly the faculty is one which no Emperor who has to travel about and show himself should be without. Here is an instance of the concentrative power of the Kaiser. A little while ago he came over for a night at the Opera at Wiesbaden from Mainz, where he had spent the day reviewing troops. He drove straight from the performance back to the railway station to catch the midnight train for Metz and more reviews. A few advertisements which visitors took up their stand by a level crossing a mile out of Wiesbaden, so as to get an uninterrupted view of the Royal train as it passed by. Their curiosity was rewarded by a view of the Imperial carriage carrying brilliantly lighted and the birds withdrawn. Only a mile out of Wiesbaden, with the song of the German prima-donna not out of his ears, yet there sat the Emperor at his desk, writing as diligently as the most industrious and most inferior of novelists.

### SOMETHING FOR NERVES.

A well-known humorist happened to be riding in a railway carriage which held one of those ladies who travel in fear of collisions. At every jolt or sudden stop she cried out: "Have we left the method? Is it an accident? Are we going to be killed?" Her fellow-passenger paid no attention, but remained wrapped in solemn silence. Presently the lady said to him: "And you, sir, are you not afraid of railway accidents?" "Not a bit," answered the other reassuringly. "It has been forgotten that I am to die on the railroad!" "The nervous lady changed carriages at the next station!"

### THIS ACCIDENT.

A keen old Scottish currier, who always appeared on the ice with a pair of useful flaps, which he pulled down over his ears, appeared one day in a new headgear.

"Hullo, my friend," "where's the flap?" "I've added 'em warmer!" "What's the flap?" "I'm sorry it since my accident!" "What was it?" "A man offered me a drink, an' I've gashed flaps, I didna hear 'em."

# ing Medicine

There is no Treatment more Effective and Lastingly Beneficial than

tal organs such as the heart, lungs, stomach, liver and kidneys, and ensuring their regular and healthful action.

This great food cure sharpens up the appetite, makes the digestion efficient and actually adds new firmness and tissue to the body as you prove by weighing yourself while using it.

Liquid medicines always have a stimulating effect due to the presence of alcohol. There is none of this in connection with Dr. Chase's Nerve Food, and for this reason any one who feels that his nerves are getting weaker and that his system is being built up.

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50; at all drug stores or Edman's, Bates & Co., Toronto. To protect you against imitations, the portrait and signature of Dr. W. W. Chase, the famous diet hook author, are on every

### IN THE SPRING.

Nature Teaches a Lesson That Tired, Exhausted Men and Women Should Follow.

The spring is the season when nature prepares for summer. All the trees and plants are filled with new sap to build and brace them up to withstand the coming hot seasons. Without a new sap in the spring a plant would wither and die beneath the midsummer sun. It is the same with men and women. All physicians are agreed that everyone needs a fresh supply of new blood in the spring. Without the new blood you would be as helpless in the summer as a tree without new sap.

What you need at this season is a tonic to give you new blood, and the very best tonic medical science has discovered is Dr. Williams' Pink Pills. Every pill makes new, rich, red blood, braces the nerves and overcomes all weakness, headaches, backaches, indigestion, loss of appetite, skin eruptions and other troubles so common in spring. This is an established fact, proved by thousands in every part of the world.

Miss A. M. Tuckey, Oxdrift, Ont., says: "I do not know what would have become of me had it not been for Dr. Williams' Pink Pills. My blood, which had turned to water, and I was troubled with indigestion, headache, and nervous prostration. I got so weak that I could hardly get about, and notwithstanding that I was constantly doctoring, I got no relief until I began using Dr. Williams' Pink Pills. They completely cured me and have given me back all my old-time health and strength."

### TIPS TO HOUSEKEEPERS.

If cucumbers are canned in sweetened and spiced vinegar they are almost certain to be tough and shriveled. But if dropped in sweet vinegar a few hours before wanted, they keep their fresh crispness.

Minced meat already prepared for pies may be canned for summer use. Heat it boiling hot, pack in cans, cover the top with melted lard, and seal.

When some of the family seems to have got into a chronic condition of no appetite for breakfast, try this: Beat a fresh egg in a cup, till white and yolk are well mingled, then fill the cup with coffee. Stir the egg rapidly to prevent curdling while pouring the coffee over it. Add cream and sugar, and serve. Bacon can be cooked in the oven very quickly and also very excellently. Lay the thin slices with the rind removed on a toasting rack and put in a hot oven over a deep-dripping pan. It will be brown and crisp in from three to five minutes if the oven is hot enough.

If sausages are too fat and greasy to suit the family, try putting them in a wire basket and cooking them

### BEST FOR TIRED MOTHERS.

How many babies wake up just about the mother's bedtime and keep her busy for a good part of the night. The mother may not see anything apparently the matter with the child, but she may depend upon it that when baby is restless and sleepless there is something wrong, and the little one is taking the only way he knows how to get rid of his discomfort. Baby's Own Tablets will make him well and cheerful right away. There are no opiates in this medicine—they merely remove the cause of his sleeplessness and make him feel good and comfortable. The Tablets are good for children of all ages, and they cure all the minor troubles of children. If you know a neighbor who is using the Tablets for her children, ask what she will tell you they are the best medicine she knows of for the little ones. Mrs. James Lawrence, Spencerville, Ont., says: "I believe Baby's Own Tablets saved my baby's life, and I would not be without them."

Sold by druggists at 25 cents a box or sent by mail post paid on receipt of price by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont.

### "HAIR! HAIR!"

The first meeting of the Twentieth Century Woman's Rights Association was in full swing, and a lady whose countenance must have kept her awake at nights was holding forth.

"The feelings of woman," she cried, "are far deeper, far finer, than those of man! We are told by those who style themselves the stronger sex that we are much inferior. Is it so?"

"No, no!" came in a gasp of horrified protest from the bevy of beauties which composed the audience. And the orator went on.

"I say that woman feels, that she yearns for something to hold on to, to grasp, when man merely thinks!" she cried.

"I suppose that's why your husband's so bald!" said an insignificant man, person who was insistent, in a loud voice.

But that man had not taken good care to shoot through the door when he had delivered this irreverent remark, the chances are that he would have been bald in a very short time.

Pish—"What made 'em put people on the rack?" Tush—"They wanted I surmise, to draw 'em out."

### A LAD OF UNDER-STANDING.

Lessons were nearly over for the day, and the teacher of the geography class was endeavoring to squeeze a few more pearls of wisdom and knowledge into his young hopefuls before closing time, although it must be confessed they were not exactly enthusiastic collectors of pearls.

"Now, boys," he said, "I want you to bear in mind that the word 'stan' at the end of a word means 'the place of.' Thus we have Afghanistan—the place of the Afghans; also Hindustan—the place of the Hindus. Can anyone give another example?"

"Nobody appeared very anxious to do so, until little Johnny Snages, the boy of his mother and the terror of the cats, arose.

"Yes, sir," he said proudly; "I can. Umbrellastan—the place for umbrellas!"

# SALADA

Ceylon Tea is the finest Tea the world produces, and is sold only in lead packets. Black, Mixed and Green. Span tea drinkers try 'Salada' Green tea.

Yungpoppe—"You have just got to come out and take dinner with me to-morrow. I won't take 'no' for an answer. Will you?" "Olebranch." "Certainly. Shall be delighted."

"I thought you would. You see, I want you to come out and see baby. The little fellow is getting so strong. He throws his cup, saucer, and spoon clear across the table at every meal now."

The following note was recently received by an employer from an absent workman: "Honored Sir, I am sorry to say I cannot say when I shall be well enough to be able to come back to work. The doctor says I have information of the left lung, which I hope will meet with your approval."

### Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 73c.

Hall's Family Pills are the best.

The United States has on an average 135 deaths monthly from small-pox.

Minard's Liniment Cures Colic in Cows.

We regret to announce that, among sixteen-year-old girls, that man is still the hero who spends more than he can afford.

Treharne, Jan. 6, 1902.

Massey-Harris Co., Limited, Winnipeg, Man.

Gentlemen—It gives me very much pleasure to inform you that the No. 4 Binder which I purchased from your Agent here last summer has given me the very best of satisfaction, doing its work to perfection, and throwing light—very much lighter than I expected. My crop was very heavy, and some of it very badly down, but your binder did its work splendidly. I had no trouble whatever. I hope you will sell lots of binders for 1903 and save my brother farmers' lots of trouble. I wish you every success.

R. M. FERRIS.

A rubber belt, two-thirds of a mile long, for driving machinery, and weighing nine tons, was recently made for the grain elevator at St. John, New Brunswick. This is one of the biggest bands ever made.

"I am going to visit the goal. There is a man I want to see there."

"Is one all? I know about forty whom I should like to see there."

### For Over Sixty Years.

AN OLD AND WELL-TRIED REMEDY—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children who suffer with colic, wind, and other ailments. It softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste, and is sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. See and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Mrs. Boffin—"I see in the paper that a woman, in looking after another woman, to see what she had on, fell out of a window."

"Well, that only goes to show that some women, in trying to follow the fashions, can go top-top."

Wash greasy dishes, pots or pans with Lever's Dry Soap a powder. It will remove the grease with the greatest ease.

### COURAGE AND ILLNESS.

Brave Ones Are More Liable to Escape Disease.

Illness is very like a cowardly cur which gives chase if you flee from it, but goes on about its business—if that of seeking the fearful ones—if you pass on unheeding, but the courageous. The reason for the ability of brave men to go unharmed through pest hospitals, as did Napoleon, and as physicians do every day, are not only psychological, but physiological.

The quality of mere courage seems to have a sort of pickling and hardening effect upon the tissues of the body, like the plunge in brine, steeling them against infection; while fear, by "unstringing" the nerves, weakens the resisting power of the body, leaving the very evil feared most.

Fear weakens the heart's action, induces congestion, invites indigestion, produces poison through decomposing foods, and is thus the mother of auto-poisoning, which either directly causes or greatly aids in the production of quite 90 per cent. of all our diseases.

In recognizing this law, however, it is just as well to carry in a small pocket of one's memory the old adage, "Discretion is the better part of valor," and to avoid running needless dangers. But it is a well-known fact that smallpox and like contagion will attack first those who are trembling for fear of it. Others leaving unshaken the brave ones who are in the thickest of it nursing, tending, and even burying the plague

# St. Jacobs Oil

How? By soothing and subduing the pain, that's the way.

### More than half the battle in cleaning greasy dishes is in soap you use. If it's Sunlight Soap it's the best!

PROGRESS OF INVENTION.

Mineral wool, which is used for packing around boilers, furnaces, and pipes to retain heat, to deaden walls, and to keep out cold, is made from furnace slag by blowing air through it while molten.

The Journal Official of Paris says in a report of the proceedings of the National Agricultural society that a new means has been discovered of producing alcohol. As a result of experiments made many years ago by Mr. Berthelot, in the chemical analysis of alcohol, efforts have been made to perfect and simplify the proceedings that he had indicated, and it now appears that chemical alcohol can be made from carbure of calcium and its product, acetylene, at 9 cents a gallon, the alcohol to be of 100 degrees.

Katapyth, the new method in photography, is described as follows: "A very fine negative is poured a solution of hydrogen peroxide. This leaves, after evaporation, a uniform layer of peroxide of hydrogen. Soon the silver of the plate works upon this peroxide and produces a catalytic dissolution wherever there is silver, while in the places free from silver the peroxide remains. By this means an invisible picture of hydrosulphuric acid is produced upon the plate. This picture can be printed from the plate directly upon common paper, to which the image is transferred."

The family were discussing the high prices of provisions generally, when the small boy butted into the conversation. "Jam has gone up, too," he remarked. "Ma keeps it on the top shelf now." And then it suddenly dawned on his youthful perceptions that he had injured his case by talking too much.

"I have discovered a way to tell a person's age," said Gladys. "Indeed! Can you tell anyone's age?" asked George. "Yes." "Then tell me yours."

Minard's Liniment Cures Colds, etc.

In 1867 France had 200,951 miles of highway. This is now increased to over 375,000 miles.

### That Weary Spring Feeling.

IS QUICKLY DISPOSED OF BY DODD'S KIDNEY PILLS.

They Tone Up the Kidneys, Ensuring Pure Blood, Good Circulation, and as a Consequence, Vigor and Energy.

Nearly everyone needs toning up in the spring. Some are altogether ill, others just feel fagged and worn out. They have little inclination to work and loss to eat. They are simply 'useless.'

Did you ever stop to think that there is a reason for all this, and that if the complaint is attacked intelligently it will yield readily, the lazy feeling will depart and in its place will come vigor and energy, and appetite.

It is the Kidneys that are not doing their work. They need to be toned up by Dodd's Kidney Pills. Why? Because they are being overworked and need help.

In the winter the body fortifies itself against cold. With the coming of spring it throws off this fortification which consists of extra tissue, and additional waste matter is given to the blood to carry away. If the Kidneys are in condition to do extra work this waste material is quickly expelled from the body in the usual way.

But if the Kidneys are tired or worn out the waste remains in the blood and the circulation is clogged. The remedy is simple. Dodd's Kidney Pills put the Kidneys in good working order. The Kidneys in good order ensure pure blood and good circulation ensure brightness and vigor and energy. Thousands of people will tell you can tell you so out of their own experience.

Krupp's factory has lately made the largest armor-plate ever rolled. It weighed 106 tons.

Much impure blood is caused by a disordered stomach. The best regulator of the latter is Dr. August Koenig's Hamburg Drops, which purify the blood at the same time.

I was cured of a bad case of Grip by MINARD'S LINIMENT. Sydney, C. B. C. I. LAGUE.

I was cured of loss of voice by MINARD'S LINIMENT. Yarmouth. CHAS. PLUMMER.

I was cured of Sciatica Rheumatism by MINARD'S LINIMENT. Burton, Nfld. LEWIS S. BUTLER.

Others leaving unshaken the brave ones who are in the thickest of it nursing, tending, and even burying the plague

## A CHANCE FOR EVERY PEOPLE

It should be easy for people who love the delicious Blue Ribbon Red Label Tea to say something that will convince their friends to try it.

# \$545.00 in Cash Prizes

Twenty-five cash prizes will be awarded in order of merit to those sending in the best advertisements for Blue Ribbon Red Label Tea.

First Prize	\$200.00
Second Prize	100.00
Third Prize	40.00
4th to 13th Prizes	\$5.00 each
14th to 25th	\$5.00 each
Total \$500.00	

In addition, beginning with the week ending April 4, a special weekly prize of \$5.00 will be given to the one sending in the best advertisement during that week. Prizes for the nine weeks \$45.00 in special prizes or a grand total of thirty-four cash prizes, \$545.

### CONDITIONS

- No professional ad. writer, nor one connected directly or indirectly with the Blue Ribbon Tea Company, shall compete.
- Advertisements must not contain more than 50 words, and shorter ones are preferable.
- One of the cards used in placing orders in each package—must be sent.
- The competition closes June 1, 1903. Each one of the following advertisements must be connected directly or indirectly with the Blue Ribbon Tea Company—there are no exceptions. Each card of advertisement must be accompanied by a card stating the name of the advertiser and the date before that date.

**Blue Ribbon Tea**  
**Blue Ribbon Tea**  
**Blue Ribbon Tea**

**Winnipeg, Man.**  
**Toronto, Ont.**  
**Vancouver, B.C.**

Mr. H. M. E. Evans, of the Winnipeg advertisements and award prizes, has kindly consented to judge.

All advertisements that are good enough to be published will be paid for as usual. Unless expressly requested to the contrary, the names of prize winners will be published in the Blue Ribbon Tea and the names of the main prizes, but may also contain an idea brightly and interestingly. The best advertisement for an article of food should not associate with it, even by contrast, the name of the article advertised.

Seek your Inspiration in a Cup of Blue Ribbon Red Label Tea and the Money yours.
