We formerly let the hame for six weeks, but find that for six weeks, but find that weeks is long enough and two for the rest. They are then out and hung hocks down to when dry we smoke thoroughly wood or corncobs hickory wood or corncobs motioned with green ceder brush. ed with green ceder brush.

Smoked well, the meat is taken designed and black molasses is made with black pepper and the mixture painted all over the meat. then wrapped in paper and put cotton sacks and hung in a totall dark smokehouse, and the hams will be in their prime in a year

DEATH FOR DRUNKARDS. That's the Fate of Men in Ali

bania Who Get Drunk. . Here is a graduation of penalties. for a "plain drunk," which seems to indicate that higher civilization it more tolerant of intoxication than benighted communities—or community ties so considered :

. In this country—\$2 and costs. In Persia—eighty lashes on soles of the feet.

In Turkey—the bastinado to more severe extent. In Albania-death. In the three latter instances the

extreme penalty is given above. Be fore the officials give a man up as onfirmed in his cups they lecture nim. In Persia they put him on the placklist first and forbid him the bazaars except in certain hours and then under police supervision, and places of amusement and won

In Turkey the offender receives at dimonition and is fined for the first offense, and the bastinado is applied afterwards if the crime be repeated. Among the mountaineers of Ale ania and Montenegro drunkenness regarded as a political offense and or that reason is considered more erious than if it were a moral one.
Among the mountaineers fighting

nd drinking are not considered t o together, and to be able to fight the first duty of a citizen. Thereore the drunkard is harshly dealt ith. At first they try moral usion with the festive tippler, but hen that fails and he persists aking the mountain peaks ring to is Montenegrin sunstitute for We on't go home till morning! he i clared to be a danger and a disace to his tribe and his country, nd is quietly assassinated by order the local chief.

BRITAIN'S NATIONAL DEBT. n March bt of Great Britain was £800 as compared with £636 0,965 on March 31, 1899. From s it can be seen that the Boen ar added in round numbers £165,00,000 to the debt. The total bt to-day; is higher than it has n since 1865, when it was £804, 8,000, and Great Britain now es, only 25,000,000 less than it at the outbreak of the Crimean in 1854. When Queen Victoria usded the throne the debt was 53,000,000. Since then up to the break of the South African war consequence of the Crimean war, terrible Irish famine' of 1847; purchase of the telegraphs in 8-9, the purchase of the Suez al. shares in 1876, and sundry various small wars, a total of 7,000,000 was added to the Allowing for the £165,000, added to the debt by the South Gin war, there has been a net tion since 1837 of £53,000, which does not include the Sucz

shares, valued at £28,000, which were purchased for £4, (00). Moreover, a lowering in rate of interest has lightened annual charges of the debt by 000,000 since 1869. igles have been noticed flying at ight of 6,000 feet, and storks

burgards at 2,000 feet. A fairk rise to the same height, and so crows. As a rule, however, do not fly at a greater height

Pink Teas and Yellow Dinners No Longer Good Form.

Drop the pink teas and yellow dinners and all such colored fads. They ing: "For goodness sake, my good are no longer the style in Paris. man, wash your hands before you Those who give dinners and teas there have returned to the normal and same ideas of eating naturally. Freak foods and freak decorations been brushed aside together COLLINGWOOD IS and things of the season must be eaten in season.

It is now the fashion to have everything in season, the flowers as well as the food. Forced hothouse plants and vegetables are to be avoided, as well as imported meats, Spring flowers are chosen for spring luncheons and dinners, just as summer flowers are chosen to decorate summer tables, with the vegetables that are in season and consequently at their best.

The elaborate ribbon and lace accessories which formerly adorned tables are entirely dispensed with. The tablecloth is of rich damask, handsomely embroidered, with the napkins to match, and decorated with a center piece of seasonable flowers, encircled with a wreath of green foliage or vine. Masses of silver and gold plate are left on the side-

Only one knife and fork are placed for each person, and changed for others with each course, but the rows, of knives and forks on each side of the plate are scrupulously avoided, together with all kinds of specially shaped knives and forks, invented by the jeweler to create a want, but which are to be dispensed with; even the oyster fork is made to resemble the ordinary fork as much as possible, and many smart hostesses do not even use a special fork for oysters.

As for the finger bowl, it has completely disappeared from all smart tables, and is caricatured even in the her hands in a large finger bowl ter dinner.
