"I suppose you find the London season very fatiguing?" says the provincial host to his guest, unsugpecting that the life at Brixton or Clapham, or some other equally respectable suburb, where his greatest excitement is to lose his morning train, and his chief amusement a rubber of whist with his neighbor over the way.

THE WICKED CITY.

The wickedness of London and the inherent vice of Londoners are firmly rooted notions in the provincial mind, which take a good deal to oradicate. They draw general conclusions from the police court news and the society divorce cases, which are altogether too sweeping. We have our little failings and our litinconveniences; but after a man may a man may go home the city to his suburb

in spite of the vivacious hooligans, and a lady may do her shopping in Bond street, or even in High street, Kensington, without fear of being kidnaped in broad daylight. But the provincials on their first visit to London take a little time to shake off their nervousness of such things.

Nevertheless, the Londoner is much envied for living in the centre of civilization. "What a privilege to live in touch with the British museum !" says the country clergyman, with a sigh of envy. .. "I suppose you drop in

there constantly?" "How glorious to live within penny 'bus-ride of the national' gallery!" says the artistic young

"What a profound influence must exercise upon one's mind to pass so often beneath the shadow of St. Paul's and to meditate in the dim religious light of Westminister abbey!" says the earnest young thinker of north country.

And the provincial youth, reveling in the romance of Scott and Harrison Ainsworth wishes to goodness he could spend his half holidays, at the tower of London, like the lucky
