NOTES.

Another strike has been ordered across the border to prevent skilled workmen from getting higher pay than their less efficient comrades.

That new battleship just launched in England under the name of King Edward VII represents a total expenditure of British guineas equivalent to an outlay of more than seven millions of Canadian dollars.

The great landmark in Montreal is the Cathedral of Notre Dame, which, next to the famous cathedral in the City of Mexico, is the largest church building in America.

During the Boer war a British soldier, who had been reported killed in a certain battle and against whose name in the regimental book a note that effect had been made, afterward turned up and reported himself.

There are over five hundred heroes of all ranks in the British regular army who have attained the distinction of the Victoria Cross.

The battleship King Edward VII, launched at Devonport on July 23, is the largest in the world.

Miss R. Birch returned on Saturday to her school at Stratbairn.

CHURCH NEWS.

The most marked feature in the religious world is the strongly aggressive missionary spirit displayed by all the churches of the Dominion.

When thought is taken it must be acknowledged that the Canadian churches have no reason to be ashamed of the extent of their efforts abroad.

One gratifying thing to be noted is that, however great the zeal of the Canadian churches in regard to foreign missions, the work at home is not suffering from neglect.

An event that cannot but have far-reaching consequences in the religious world is the election of the new Pope. The successor of Leo XIII. is a comparatively unknown man, and hence not much can be predicted of his career in the exalted position he occupies.

Mr. Bartley has drove a number of wells on the seventh line recently, including one for Mr. E. Donnelly in our burg.

Mr. Wm. Woods is out with his threshing machine doing satisfactory work for the farmers.

Mr. W. C. Harris has finished Mr. F. Hogarth's new barn and has gone back to Mr. McCullough on the ninth line.

Miss R. Birch returned on Saturday to her school at Stratbairn.

Miss Atkins, of Owen Sound, visited Mrs. E. Donnelly last week.

MARKDALE 9, SHELBURNE 1. On Wednesday of last week junior lacrosse teams of Sheff Markdale played a friendly agricultural grounds. The visitors were no match for the local stick-handlers and ended as above. Right from the Markdale boys rushed and simply walked through them from the south. Although outplayed the visiting team their hardest during the game but took their defeat uncomplacantly. Too much praise cannot be given to the Shebburne goal keeper though kept busy his eye on the ball and he saved many a goal. Rowe refereed the game and bill O.K. Dr. L. G. G. was field captain for the team, and Will Dundas for the Aberdeens.

MARKDALE 5, CHATEAUX 1. The Aberdeen fast and place played a fast and hard game with the Chateaux here on Monday before a good crowd. Although our local stars not competing for C.I.A. year, still when the lunch came down on the Aberdeen, our size and strength of the north that they were against it, and did cope with their opponents though perhaps, as Spion Kop. Lacy had and indignant inhibited, and the game expectations of the safely said that the up the best game, the passes and splendid showing up to goal they well deserved the "junior" the game was interesting. Prof. were nervous, or it were handicapped by the with the squads. A splendid defensive nets many a time very pretty work. The classed Chateaux was not a sedging one.
