the housewife permits. A narrow About theHouse

THE FARM KITCHEN.

So much of the time of the farmer's wife and daughters is of necessity spent in the kitchen that it realwork with, writes a correspondent.

A conveniently arranged kitchen well stocked with modern utensils, is germ. a source of pride and joy to every housewife so fortunate as to own always in her "mind's eye" a mental picture of the ideal kitchen she means to have some day when the mortgage is paid, or the new house built, or John has all the new fences and John has all the new fences and binders and corn harvesters he wants. It is with a desire to help make that the separate dining-room, but in many carayan into the New Fences binders only during the first few always in her "mind's eye" a mental.

off, making the floor unsightly. Even the beautiful white ash floors our grand mothers leved are not exactly a SALT FRIED PORK, joy forever, for they require so much boiled, cabbage and scorched WHAT'S THE USE?
