Mrs. Anderson, Jacksonville, Fla., daughter of Recorder of Deeds, West, who witnessed her signature to the following letter, praises Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM:—There are not few wives and mothers who have not at times endured agonies and such pain as only women know. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any I ever knew and thoroughly reliable.

I have seen many cases where women do not for years without personal benefit, who were cured in less than three months by taking your Vegetable Compound. All others who were chronic and incurable can be cured, happy and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it.

Mrs. R. A. ANDERSON, 225, Washington Street, Jacksonville, Fla.—3500 feet above sea level, after protracted illness, can no longer be produced.

No other medicine for women has received such widespread and unanimous endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

Twould Spill This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "old true tale." Having happened in small Virginia town in the winter of 1802, it is a story very much of the present. Up to a short time ago Mr. John E. Hartman, of Malta Station, Va., had no personal knowledge of it, having no property of Chamberlain's Cough Remedy. "Last January," she says, "My baby took a dreadful cold and at one time I feared she would have pneumonia; but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was. For sale by R. J. Sprout, Postmaster, Flesherston.

#### ADDRESS AND PRESENTATION.

A very enjoyable evening was spent at Mr. and Mrs. Edward Baker's on Wednesday, February 17th, by a good gathering of their many friends in Orange Valley and vicinity. Mr. and Mrs. Baker were unaware of the intention of their friends and were naturally surprised at the happy coincident arrival of one after another until their comfortable home was radiant with happy faces. But soon the plot was out, when one of the company read the following address:

To Mr. and Mrs. E. BAKER:

(Signed) B. Vian.

The above letter is both unique and interesting, and a few words of explanation will be appropriate. Mr. Vian is a thorough French-Canadian and has only recently taken up the study of the English language. The wire fence referred to was built by him over four years ago. It was the very first piece of wire fence erected in Bruce County, was put up mainly for a test, and, of course, the very worst place to be found was the one selected. As per the letter, an orchard near Mr. Vian's house was the chosen spot, the drifts here in the winter time being often as high as eight feet. The strain on the fence was therefore exceptionally severe as every farmer knows that snow-drifts will do more damage to the average wire fence than years of ordinary usage. The tensile of the strain can hardly be imagined, the weight of the snow often being so great as to pull the staples entirely out of the fence. As soon as the snow thaws the fence is restapled. That is all that is necessary. And, as per the letter, "the fence takes his first position," viz.: is as strong and tight as the first day it was built. Mr. Vian then goes on to say that in his place the wire fence is looked upon as the best fence on the market.

The hidden baskets were they revealed containing so many charming evidences of ordinary skill, which were soon disposed of, after which the happy couple joined in a very pleasant programme of innocent amusements, well interspersed with rare music by Messrs. York and Wright, whose praise can hardly be spoken of too highly.

At a reasonable hour the company separated, after singing "Auld Lang Syne."

Well Again.

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monon, Ind.) had failed to give relief.

The prompt relief from pain which this liniment affords is alone worth many times its cost. Sold by R. L. Stephen.

EUPHORIASIA COUNCIL.

The council met at the township hall, Rocklyn, on Friday, the 5th inst. All the members present, the reeve in the chair. Minutes of last meeting read and confirmed.

S.R. for 1903. Request granted.

Communication re Walker deviation reported that Lucas, Wright & McArdele had been retained to act for the township.

The Board of Health reported that it was absolutely necessary to appoint a M. H. O. for 1904, and if the council failed to make the appointment the Provincial Board would do so.

The reeve was appointed to act with Board of Health in collection of expenses incurred by smallpox outbreak.

Applications were received from Jas. Gillespie, \$130; W. A. Dayman, \$120; H. Sargent, \$120; and M. Howey, \$110.

The sum of \$5.00 was donated to the Hospital for Sick Children, Toronto.

By law No. 4, appointing M. R. Howey as assessor at a salary of \$110, and by law No. 5, appointing Dr. Oldham, Medical Health Officer, were then read and passed.

The council then adjourned till Thursday, March 10th.

#### UNIQUE AND INTERESTING.

St. Louis de Gonzague, Que., Oct. 27, 1903.

Gentlemen:—I am happy to tell you what I have seen and what I can tell. The Frost Fence that I have erected near my orchard is in a good place for testing the fence. All the winter he come near eight feet height snow on that and the fence come down and when the snow went off the fence take his first position like if nothing had been on. The Frost Wire Fence Co. in my place look like the better fence that he ever come on the market.

Yours very respectfully,

(Signed) B. Vian.

The gospel field is whitening, The call is loud and long; Go forth to royal service, With faith, and prayer, and song; Go scatter seed immortal, Upon the soil below, And He who reigns above the clouds Will cause the seed to grow.

Chorus.

Go forth with weeping,

Scattering seed divine,

And thou with joy shall come again

Bringing sheaves in time.

PSALM 126: 6.

The call is loud and long;

Go forth to royal service,

With faith, and prayer, and song;

Go scatter seed immortal,

Upon the soil below,

And He who reigns above the clouds

Will cause the seed to grow.
