Foaled March 31, 1901, imported and owned by the undersigned is a beautiful young horse of superior breeding, possessing great style and action, 16 hands high, weighs 1100 pounds, is a rich golden chestnut with white stripe and two white hind stockings.

This horse has a large eye, small ear, a fine head and beautiful arched neck set on strong oblique shoulders, fine high wethers and deep chest partaking of the thoroughbred type with good back, strong kidneys, long quarters, high croup and beautiful tail, with the best of feet and leas set under him. without which the best looker is of little value. Gauthier is a young horse with lots of breeding, size and quality, and will make a great stock horse for siring high-class carriage, saddle and cavalry horses, when mated with the farmer's good general purpose mare. He will get large breedy typical colts that will not only be suitable for harness and road purposes but for general farm work as well. He will produce horses with fine knee and hock action, in other words high steppers that are so much In demand. In short he is just the kind that the American horse papers have been advising the farmers to breed to for several years to sell to the foreign markets. A horse that will fill the bill and suit the foreign buyer, you can get from \$200 to \$400. The wise man does not breed for speed alone but for size, style, beauty and action as well.

The perplexed farmer may say, where can'l get a horse that will produce such stock? I have been breeding my mares to English Coach, Hackney, Thorough-bred and Standard bred trotters, and have failed to produce this class.

To such I say, be not discouraged. You have opened the way, you have laid the foundation, you now have mares suitable for mating to a breed of horses that have for over 200 years been strictly under the Government's super vision. In France when the season opens every stallion must be inspected by one of the Government inspectors, d branded on the hoof, showing that he is pure-bred, perfectly sound, and up to a certain standard before he can be used for stock purposes. In order to be eligible for the above appointment the candidate must be a graduate of the "Ecole de Haras du Pin," a school located at the Haras of Pin to educate

men for this work.

The highest price ever realized by public auction on the Chicago market was in December, 1903, when \$3,500 was paid for a pair of half-bred chestnut French Coachers, with white faces and white feet, closely related to Gauthier. C. J. and Harry Hamlin, of the celebrated Village Farm, near Buffalo, N. Y., sent the following mares to Oaklawn to be bred to Perfection (Gauthier's grand sire) and Indre (now in service at Sedgely Farm) Dewdrop, Aileen, Aurilia, Gerster, Queen King, Gold Finch (dam of the world's champion 4-year-old gelding, The Monk, 2.081,) Black Gold Dust, Darkness, Lady Burns, Janet, Jane, Silvia Chimes, Gypsey Queen, Kaisei ine, Prudix, Satine and Meranda. These mares were bred two seasons at Oak lawn, when they returned to Village Farm with half-bred French Coach foals at foot and all believed to be safely in foal again. The proprietors were so well pleased with the results they afterwards purchased from Oaklawn Mercedes. Barblionne, Atalantic and Gendelle, all

for \$8,000.

Besides this horse I own the Clydesdale Stallion Good Luck +3956-This is a low, deep, thick-set horse, girthing of feet 11% inches, just the kind that will weigh like lead, sound as a brass bell and as full of quality as an egg is full of meat. Adhering to the Scotch maxim—"Hoof and bone, feet and feather, Tops may come, but bottoms never." I selected the horse with the best feet, legs, bone and action of any draught stallion in Canada. If you don't believe me show me one with a better found atlon and I will give you \$10. Route and Terms not yet arranged for. Heary M. Douglas, Prop'r.

## FLESHERTON HAPPENINGS

The choir concert in the Methodist church on Good Friday evening was a treat for all who availed themselves of it. The programme of harmony, song and reading was high class and was thoroughly enjoyed by an appreciative audience, which doubtless would have been much larger had weather conditions not been so unfavorable. About \$25 was, however, realized. Under the efficient leadership of Rev. Mr. Wilson the choir, assisted by Mr. and Mrs. Fawcett, of Norway, and Mrs. Mansell, of Tilsonburg, gave some splendidly rendered anthems, in which Miss Buchan, the talented young organist of the Methodist church, Owen Sound, presided at the organ, which by the way, was in splendid tune, having during the week been in the hands of the Messrs. Spencer, pipe organ tuners, Hamilton. Several organ solos, which elicted hearty enchores, were given by Miss Buchan, who, as on the occasion of her former visit here, delighted her audience with her skillfully and beautifully rendered elections. A pretty duett was given by Miss Minnie Joy and Mrs. Fawcett. and pleasing solos were given by Misses Allie and Minnie Joy and Mrs. Fawcott, who were joined in a quartette by Mr. Fawcett. The Misses Joy were in excellent voice, but Mrs, Fawcett suffered from hoarseness and was unable to do herself justice. - Readings interspersed by Miss Annie Richard-

pleasing variety to the programme. Never before do we think did Miss Richardson more highly please an audience here. In her numbers, comprising dialect, dramatic, paethetic and humorous she exhibited great the profusion of dainty hats, becoming versatility of talent and breadth of acquirements in herart. The doxology was the closing number, after which show rooms presented an attractive Rev. Mr. Hurlburt progounced the appearance, and the fair sex all ap-

benediction. The grim reaper has been again with us and two more old residents taken event.

MRS. MARTHA THOMPSON.

After but a few days illness Mrs. Martha " ompson, relict of the late Mr. Robert Thompson, died at the home of her son, Jacob, on the east back line on Saturday last. The funeral took place to the Meaford Road cemetery on Monday, the burial services being conducted by the deceased's pastor, Rev. L. W. Thom, who always found her appreciative of spiritual things, . She was a member of Chalmers Church here, The deceased, who had reached the ripe age. of 85 years, was born in Londonderry, Ireland, where she was married to her late husband, who died about eight years ago. In 1844 they came to Canada: and for six years lived near Bolton. Fifty-four years ago they came to Imported. One of the above half-bred foals afterwards sold in New York city on the east back line were they continned to live and spent their last days. A family of five sons and four daughters survive the deceased as follows: Robert, at Kimberley; David, near Dundalk; William and James, in Michigan, and Jacob, on the homestead; Mrs. J. Plewes, at Collingwood; Mrs. Harris, in Oregon; Mrs. Goodall, in Toronto, and Mrs. Wickens, at

Kimberley. M.RS. HANNAH BELLAMY.

Like as the weary child suddenly drops into restful sleep, so on Easter Sunday afternoon at the residence of her daughter here, there fell suddenly and peacefully into the sleep of death Hannah Bellamy, relict of the late Mr. Robert Bellamy, who died here on Good Friday 12 years ago. The deceased, or grandma Bellamy, as she was called, celebrated her 85th birthday on the 11th of February. She was born at Whitby, Yorkshire, England, in 1819, and when 13 years of age came to Canada, living for a number of years at Colborne, where she was married to her late husband. From

# Tired Out

"I was very poorly and could hardly get about the house. I was tired out all the time. Then I tried Ayer's Sarsaparilla, and it only took two bottles, to make me feel perfectly well."—Mrs. N. S. Swinney, Princeton, Mo.

Tired when you go to bed, tired when you get up, tired all the time. Why? Your blood is impure, that's the reason. You are living on the border line of nerve exhaustion. Take Ayer's Sarsaparilla and be quickly cured. All drugglets.

Ask your doctor what he thinks of Ayer's farmaparills. He knows all shout this grand old family medicine. Sulley his serios and we will be satisfied.

J. G. AYER OD. Lovell, Mass.

Colporne they moved to Whitby, then good-will of all who knew her. She consistent christian and faithful member of the church. The deceased, who was the mother of ten children,

follows: John, Charles W. and Wm. J., Flesherton; Mrs. Parliament, Paisley; Mrs. J. H. Henderson, Toronto; Mrs. John Lyons, near Proton Station; Mrs. Wm. Sharp, Toronto and Mrs. Jas. Sullivan. Line, and Misses Hannah and Kate, of ronto, have arrived at the time of writing to attend the funeral.

The church services here on Sunday were in keeping with Easter day. In the Baptist church the pastor's theme was Resurrection life. In the Presbyterian church the choir rendered appropriate Easter music and a touching solo was beautifully sung by Mrs. Sheppard. The sermon was appropriate to the day and also, memorial for the late Mrs. Donald McKenzie. At the morning service in the Methodist church Mr. M. K. Richardson spoke on the resurection and immortal life. In the evening the pastor gave a short discourse on Acts 2: 24, and the choir son, who was twice recalled, gave gave the usual Easter song service.

The millinery openings nere last week were of the usual interest to the ladies who turned out in goodly numbers to see the beautiful creations prepared for their inspection. Dr. Murray and Mr. James Patton. of this place, assisted at the Ceylon public school entertainment on Thursday evening last. The former, we understand: brought down the house with his comic songs, and the latter was highly pleasing with his violin solos. The programme, we learn, was good throughout. Gaelic singing and Highland dancing by Donald McLeod's little daughters, were taking features. Mr. R. McGill occupied the chair.

Mr. W. Trimble has disposed of his Durham stage outfit and business to Mr. W. Tucker, of this place, who is now on the route.

Mr. Samuel Irwin, east of the village, sold his finely matched span of bays last week to Mr. A. Hanley, of Artemesia. \$305 was the price.

Mr. Geo. Mitchell's bank was entered and the safe burglarized on Monday night. We understand a considerable sum of money was taken. Nothing was known of the deed until the clerk went to open up in the morning.

Among the Easter holiday visitors here we notice: Mr. Milt Tipp, of Collingwood, at Mr. A. Munshaw's; Mr. S. Cearce, of Dundalk, at Mr. W. Trimble's; Mr. J. P. Bunt, of Hanover, at his brother's; Miss Myrtle Thurston, of Owen Sound, at home; Mr. and Mrs. Fawcett, of Norway, at the home of the latter's mother, Mrs. Joy; Mrs. Fred Sheppard at the home of her parents, Mr. and Mrs. A. Bentham; Mr. Jas. McRae, of Woodbridge, at Mr. W. A. Bunt's; Miss Buchan, of Owen Sound, was the guest of Mrs. M. K. ### 'Lily Oak'

It is more like spring each day. The croak of the frogs and whistle of Winlaw's mill arealso heartsome reminders Mr. James Quinn, a respected pioneer, is quite ill with dropsy. Mrs. W. Alexander is under the

baneful influence of lagrippe. Mr. Richard Wellwood lost a valu able horse. He had recently refused \$150 for the animal.

Mr. Alex. Grant lost his driver. In flammation was the trouble. Mr. W. Alexander had a successful wood bee last week.

### Holland Centre

Mr. and Mrs. Turner, of Flesherton, have been visiting at 'II. Collins' here. It is our painful duty to chronicle the death of one of the early pioneers of this part in the person of Mrs. Stevens at the ripe age of 88. She leaves behind a family of pleven, consisting of seven soms and four daughters. The funeral took place on Tuesday the 5th inst., when the remains were interred in Zion cemetery amidst i a large concourse of sorrowing friends. A Mr. Holley of Artemesia has rented farm from C. Price on the west back line and has moved onto it.

We are pleased to find our much espected friend, Lymn Anderson, whose life was almost despaired of lately, able to be moved out to his old home in the village. He is recovering

Mrs. W. Norton has just got home from a visit to her son-in-law, E. Anderson, of Owen Sound.

### Priceville .

Spring seems to be taking away the snow on the instalment plan, and perhaps it is the best way, for when checked frequently by the frost the ek from Mr. McKee's residence | freshet cannot get the power to sweep away bridges, milldams and valuable property.

A pair of cranes were seen flying u the Saugeen valley. Rather early for frog fishing.

W. G. Watson attended the A. O. U W. Grand Lodge at Toronto March 16 and 17 as the Priceville representative. Past Master Reiley was also observed in the visitors gallery in Massey Hall luring the session.

The anniversary services (Presbyterian) billed for 27th and 28th, were postponed indefinitely.

Ou the evening of the 23rd March number of the neighbors assembled at the residence of Mr. Alf. Hincks and presented Mr. and Mrs. Hincks with a presented Mr. and a risely worded address was read by Miss Mary McEachern. Mr. Hincks held a successful sale of farm stock and implements on the 25th and will retire from the neighborhood as soon as the roads permit of his moving to the village, Mr. John McKechnie, of North

Dakota, is here and says he intends to put in a crop on his farm west of the village, but is desirous of selling the arm either before or after seeding. Mr. D. McMillan, south line, was i Toronto on business last week,

Mrs. (Rev.) Roach and children went to the city last Thursday to spend the Easter holidays with friends. Mr. Dave Hincks had 29 spring lambs at his barn previous to the 25th. Notwithstanding the bad state of the

roads, Mr. J. Brander made three trips from the station with merchandise to warehouse here last Saturday. The farmers are hiring all the boys and men that they can get at \$12.50 to \$22 per month for the season.

The homecoming of numerous teachers, high school students and young people filling various positions in Toronto and other towns, makes village life more lively this week.

The public school scholars held one of their periodical entertainments on the 31st. The local clergymen were present. Mr. M. Reiley represented the trustee board, and a number of citizens enjoyed what many of them considered a high-class program.

Some wild ducks were inspecting the beaver flats yesterday. If some of our sports would low about \$1.00 worth of wild rice on these flats and upper portion of the millana it would make a great resort for wild fowl in the antumn of each year thereafter,

We hear of inquiries concerning houses, lots, business chances, labour, etc. Sure, we will have at least the best of them back under the Union lack before long.
