Another big shipment of International Stock Food at Turner's drug store. The Heave Cure as well as all the other remedies of this firm are guaranteed to do as represented or money refunded.  
Mr. George Littlejohns, in the suburbs, has sold his 150-acre farm to Mr. George Walker, of Glenora, for \$5,000. Mr. Littlejohns will hold a clearing sale of farm chattels on Monday, May 2.  
Crossley and Hunter are now in Sarina and are having gratifying success. They are dated to commence in Markdale the 15th May when union evangelistic services will be held under the Presbyterian and Methodist congregations.  
T. P. Smith, Eye Specialist, will be in Markdale on Wednesday, May 11th, one day only, at R. L. Stephen's Drug Store. If you have any defect in your eyesight it will pay you to call and see him. Examination free. Call early and avoid the rush. See large circulars.  
Rev. Mark Guy-Pearse in not against smoking. He says he does not believe that the man who smokes in this world will necessarily smoke in the next. It would be a good thing, all the same, if some people we know would either change the brand or postpone their smoking until after they have left this stage of action.  
The Oddfellows, in number about forty, assembled at the lodge room on Sunday morning last, and headed by the Sayer Band, marched to the Presbyterian church for service. It was a very imposing body and must have won many new admirers. Rev. Mr. Hunter conducted the service and preached one of his apt and practical sermons—so inspiring that the society subsequently sent him a resolution that glowed with fervor. This was the first appearance of the band this spring and their beautiful sacred selections stirred many a heart. Rain fell during the hour for service which somewhat lessened the attendance at church.

The Twentieth Century Literary Club held their last meeting of the season in the basement of the Methodist church on Friday evening last. A large crowd was present and a good program was rendered, consisting of the following: Opening Chorus, "Prince George," solo, Mrs. Silas Hill; reading, Miss Neely; duett, Messrs. J. E. Matson and Robert Christie; photograph selection; solo, Mr. A. Walker; reading, Mr. W. W. Brown; quartette, Messrs. Matson, Christie, Walker and Pickell; photograph selection. Refreshments were served, and a season of social intercourse, heartily enjoyed by all, was indulged in. The meetings during the season have been largely attended, and have been a source of much pleasure and profit. The club hopes to reorganise in the coming winter months.

Markdale town fathers had a prolonged session Monday evening when steps were taken for several changes, one to dispense with the Chief of Police, one to provide for some remuneration for the Reeve, and one looking towards the erection of a town hall, each of which was left over for further consideration.  
The fourth and last quarterly meeting of this conference year will be held next Sunday morning in the Methodist church here and at Harkaway, when the love feast will be held and Sacrament of the Lord's Supper dispensed. On Monday the official business meeting will be held when all contributions to ministers salary or pew rents for this year should be in.  
Mr. C. R. Sing, of Meaford, is dead. He passed away on Monday evening at his residence "Swarthmore Home," after a brief illness. Deceased was a prominent member of the Society of Friends, and had filled many important municipal positions. He had been Mayor of Meaford, Reeve of St. Vincent and County Warden. A widow, two sons and two daughters survive.  
To say that advertising does not pay is like saying that farming don't pay. We know men making success at both, and there are also failures at both. We noticed in last week's Meaford Mirror, right at the top of the first page an advertisement certainly cannot pay and besides is a reflection on both merchant and publisher. Common sense is necessary in any calling.  
The Northern Navigation Company has been undergoing important changes in its management, and new regulations are to follow, one of which is that Owen Sound is to be the headquarters for one-half the fleet. The O. S. portion will sail via Meaford, Collingwood, Parry Sound, Byng Inlet and around by Killarney to the St. W., while the Collingwood fleet will go via Owen Sound, Killarney, etc., as formerly.  
Bowers' Orchestra, of five pieces, played at the millinery opening of Messrs. Ledingham & Corlett, Williamsford, four and a half miles west of Holland Centre, on Thursday last. The excellence of their music was evidently appreciated and proved highly satisfactory to the firm, who exemplified their delight by engaging the orchestra to play at their opening next fall. The boys report very hospitable treatment and an enjoyable time during their outing.

During the summer or until further notice the services will be held at Ebenezer and New England morning and evening alternately at 10.30 a.m. and 7.15 p.m., and Victoria at 3 p.m. H. Berry, Pastor.  
**Park Progress.**  
The Park Syndicate held its first annual meeting last week and elected officers for the year. A committee was also appointed to make intended improvements. Funds were appropriated for leveling and seeding the cleared portion and cleaning up and thinning out the grove, also laying out drives. It will require one summer at least to put this beautiful twenty-four acre park in respectable shape for use as a Park.  
**The "Old Maids" Convention.**  
The Old Maids' Convention, given under the auspices of Christ Church Literary Society, proved a grand success both financially and as an entertainment. The costumes of the "Old Maids" were creations worthy of an artist, some of them being heirlooms over fifty years old. These appeared old maids, after being transformed by Prof. Makeover's machine, proved to be some of Markdale's most charming young ladies, still blushing buds. The burlesque was fun from start to finish and it would be difficult to decide who was the star, as each old maid was a finished actress in her own particular line. Proceeds of evening amounted to \$71.25.  
**Wedding.**  
A quiet wedding was celebrated on Tuesday, the 19th inst., at 1.30 p.m. at the residence of Mrs. Irouton, of the suburbs, when her daughter, Miss Isabella, was married to Mr. Hugh J. Carr, of Toronto. The groom was assisted by Mr. Lee, of Euphrasia, and the bride by her sister Martha. The bride was prettily attired in white silk and navy blue ladies' cloth; her going away suit being of same material with hat to match. Rev. J. Hunter performed the ceremony. After greetings, the company sat down with the contracting parties to a dainty and beautiful supper. Only the relatives of the parties and one or two friends were present. Mr. and Mrs. Carr left by evening train for the city with the best wishes of their many friends in this district for their future happiness and success.

Milson, of the 11th line, Euphrasia, a prominent stock breeder, has purchased that fine standard registered Trotting Horse, Confederate (5911) and will have him for service during the season of 1904 at his premises every Wednesday. This fine animal has proven himself a superior and sure sire.  
Those printed envelopes and letter heads have been going fast, and giving excellent satisfaction. Owing to the bad condition of the roads we will extend the bargain period up to the end of May. Remember, 100 good envelopes and 150 sheets paper including the printing and padding, all for seventy-five cents, well worth one dollar.  
Jackson & Hannah, implement dealers, have just unloaded one car McCormack binders, one car Bisell land rollers and disk harrows, and one car McCormack mowers and rakes. Mrs. W. J. Bellamy is in Toronto nursing Mrs. W. Barhouse, who was again very ill last week with lung trouble, but a change for the better is reported.  
Messrs. Thos. Grainger, W. E. Burt and Charlie McMullen were delegates from the Methodist Church Sabbath School and League to the 10th convention in Toronto last week.  
Street Superintendent Wilson is again on duty and looking after the comfort of pedestrians by making needed sidewalk repairs.  
Dwelling houses to rent at a high demand now. Mr. Bower, who arrived from Woodstock on Saturday, came without his wife until a residence could be secured. We understand if one is not obtainable soon he will be forced to build.  
Mr. H. L. Douglas, of Orangeville, and Mr. J. F. Van Dusen, of Dundalk, were in town on Monday.  
Dr. Murray witnessed Toronto's terrible conflagration last week. He speaks of it being in some ways a magnificent sight, but at the same time so appalling that he wishes he were one like it again.
