instill.
For thoughts are things And have the power to quicken or

to kill. I know not where The seeds are blown when borne beyond my will.

God guard my thoughts. hen in the paths of truth my feet shall go.

For thoughts create, While words and deeds are but the outward show. When springs are pure

The waters will be sweet that from them flow.

LITTLE-BOY-AFILAID-TO-PLAY. Mr. Hall went up on Ute mounone time, to work in his mine and Willio and Edith went with him to keep house in the cabin, and for company. One side of the mountain helongs to the Uto Indians, and they hunt deer and other game there, but their village is down in the valley. One morning Willie and Edith went to the mine with their papa, but came back in a little while. When they got to the cabin door they saw

"I think," said Willie, "some new

"Little white girl no get airaid!" someone said, and when they looked around there was Squaw With-Inwith standing by her pony, and her boy was with her, too. Tee-ma-ha came up and shook hands with Willie, and pointed to the poles that were fastened to the saddle at one. end and dragging on the ground at the other.

'Ugh!" said With-la-with, "wigwam pole animal got plenty long And she laughed.

The Indians set up their wigwarn near the cabin, and then Willie and Tee-mu-ha went up to the sprace timber to hunt. Tee-ma-ha had a bow and about 20 arrows, and he took them and left his rifle at the camp. Near the spruce thicket they found many trucks, and some of the trees had been peeled. Ugh! Por plished by the medicine sold in Cancupine!" Tee-ma-ha said. They look- add under the name of Dr. Williams' ed everywhere for squiffels, but could

The funny bunch of moss moved ments have been investigated by ands around very slowly to the other side of the tree, but Tee-ma-ha went around on that side, too. He fixed an arrow to the bow and held it up before him, and it was taller than his head.

"Fine shot!" Willie shouted, as the no one will venture to question. Dr. Williams' Medicine, Co., Brockporcupine came tumbling down. It was a big one, and had greenish-brown fur, and something else Williams' Pink Pills in four cases of that was not fur, on its back and the simple anaema of development.

When will are correct this thing home.

After a few weeks of treatment, the M. Werner Reports Results of Observations. Who will ever carry this thing home.
I'd like to know!" Willie said as he tions. For that reason I shall not

lower jaw, where it had no quills, and carried it easily. With-la-with bid forms of the category of anaethout the porcupine; then pounded the bundle with a spruce limb, and the bundle with a spruce limb, and when she unwrapped it the quills (Signed) Dr. Giuseppe Lapponi, time on brates.

How did it ever get so very many

porcuping 'Little-boy-afraid-to-play'. when Ute talk. Long time ago, porcupine got plenty fur, him no got any quill. Little bear run about and run about and play and play. Little bear slap porcupine, him squeat and run away and hide quick. Him come out again, little bear slap again, and Little-boy-airaid-to-play squeal and run fast and hide in bayonet-bush. Him come out again and him got plenty bayonet-bush on him back. Him got plenty, squeal, now, like little white squaw. Little boy no play, no got any sense. Ugh!" Tce-ma-ha skinned the porcupine, and it was very fat. "Ugh!" said Wit

said With-la-with, "Little-boy-afaid-to-play plenty good to at." And she took it to the fire. "Woogh!" Tee-ma-ha, grunted, "Little white hoy better stay and eat." "Oo-oc-o! I guess I will that!" they have received the emphatic enanswered Willie "Thank you!" And the did. But Edith went home and ato dinner with her papa.

HOW TO DIG YOUR BAIT. Choosing a piece of chocolate colored, rich looking soil, the woodcock dug some fifteen or twenty holes in this soil, an inch or two apart, with his bill. Then he began a kind of cake walk. He licat the earth with his wings; he capped it with his bill sharply; leaping into the air, he alighted, stiff and heavy, on his feet.

earthworms to cat, and fishermen her mother-in-lav noted the firm curve may learn a lesson from the birds, in her chin and her calm pyc, and fisherman will make a number of waited for something to happen. holes in the soil and then beat upon the earth with his knuckles the said his mother one day, happening worms underneath will come up in as her daughter in-law was pre-through the holes to find out what paring lunch.
is going on, and their capture will be "I know it," said May, sweetly.

many years.

A FEW HINTS FOR THE YOUNG WIFE. It Behoves Her in Every Way to

Preserve and Increase Her Husband's Esteem. First catch your good husband

caught him, the next and most important thing is, to keep him good; and the only way to effectually bring that about is for a wife to be good herself

Always remember one thing: never use a lover Ill whom you design to make your husband, lest he should upbraid you with it, or, worse still, return it in kind-afterwards. Repress every inclination to play the tyrant; men may be led, but they, nost certainly will not be driven. Gently and persuasively ruled, you may do almost anything with them; treat them haughtily and dictatorially, and you will have yourself to thank for the natural result.

Avoid, both before and after marments have been investigated by ands of mothers have proved the ing your husband. Never seek to of these statements, among deceive him, even ever so innocently, or attempt to impose on his understanding.

Some injudicious wives succeed in him unnecessary uneasiness IF HE DESERVES IT.

To be over sanguine before marriage, or to promise yourself absoluted in the present condition of things so in the present condition of the of even a good man. He is just a Professor Porem—'Yes, my dear man, not an angel, and if, in the madam, the baneful habit of sweets course of time, you discover about and tobacco is gradually affecting and in hand, but the umbrelly the husband of your choice anything rendering smaller the teeth of the in hand usually belongs the protection. not quite according to sample, use a coming generations. More than this little tactful forbearance; be in fact in the course of reactionary evoa little blind, and pass it over as be lution; if I may so term it, we shall Minaid's Liniment Cures purplets. ouched the dead porcupine.

But Tee-ma-ha picked it up by the of this laudable preparation, not conclusions on this point have been on a clean bib and tucker, and trust to Some surprising and noteworthy your brow, compose your temper, put out teeth at all."

Never, on any account, dispute with likes to have her do st. a man, no matter how great the temptation. Not only will he, in sharp thorns in its back?" Edith of course that tired, languid condition all they are worthy of notice. M. be but a poor equivalent for the quarroling and heart-burning of which t is even impossible to see the end.

A woman's power, as well as happiness, has no other foundation than her husband's love and esteen; which, consequently, it behaves her in every sible way to preserve and increase Study his temper, therefore, and ommand your own, for even a good husband has his terrible irritable mo-
