Or, Kinship Between Man and

CHAPTER XXI.-(Cont.)

generosity, no friendly competition, to be expected in this quarter, and Colonel Clinker had been right he warned her against Miss Palliser. es against a dangerous enemy. I If she could do her a bad turn and prevent her winning it was quite evident she would do so. Kate's courage, however, was of the kind which rises with an emergency, and which opposition only rouses into a doubly determination to succeed. She resolved to best Miss Palliser at any rate. Certainly," she replied, with chilling politeness: "that is what I imagine you have hitherto done. Take

There was no time for any further interchange of civilities between the

turn the tables

Kate set King Olaf going again as quickly as possible. She had ridden great patience and judgment. and obeyed orders implicitly, but the moment had now arrived to ascertain of what mettle her horre was really If she allowed herself to get too far behind she might never regain the ground lost through that most provoking foul. Thank goodness, King Olaf felt strong as a lion under her, while Coquette, owing to the cuthless way in had used, or rather misused her nowers, not only lathered freely, already began to hold out unmistakable signs of distress. Still a very few more strides were sufficient to show that either and the speed of Singing Bird and Black Anster, both of whom they passed with ease, and both of whom seemed pretty well cooled. Side by side the two leadere now galloped on, taking fence for fence. King Olar always a little in advance, but with Coquette run- you did not ning gamely, and showing under different guidence what a real good pupil." mare she might have proved. Neverthe took her hand in his and shook King Olaf's side, turned suddenly theless, as they neared the last few it warmly. A sudden impulse seiztion told more and more. The fur-
