**Grey County Council.**

(Continued from first page.)

addressed the council referring to the necessity of conducting brief funeral services when inmates of the gaol passed away.

Superintendent Hays of the Grey County House of Refuge, who was present, proposed a burial plot for the inmates of the Home who were absolutely necessary.

Messrs. Paterson and McCollman introduced by-law No. 10, the debentures of the Home to the extent of \$1000. The by-law passed its first and second readings on the following day and its third reading.

On motion of Messrs. J. W. Frost and R. L. Frost the committee was authorized to procure a suit of clothing for the interment of deceased inmates of the House of Refuge and to furnish coffins for same.

**SATURDAY**  
On Saturday morning the clerk read the report of Mr. N. Campbell, Public School Inspector for South Grey. Mr. Bell moved that this report be adopted and printed in the minutes.

Mr. J. W. Frost moved an amendment that the report be received and printed in the minutes. The motion carried.

The judge for county donkeys, which the council had agreed to be manufactured at the November session, was inspected by the councillors.

Mr. Shute presented report No. 1 of Road & Bridge committee recommending the payment of several accounts in connection with the new bridge, that Mr. Schenk's report for \$100 for improvement of the road at Weaver's bridge be not entertained.

In behalf of the board of the general and Marine hospital Dr. C. M. Lang appealed to the council for a grant of at least \$10,000 for the management of the hospital. Dr. Lang pointed out that the hospital is a charity institution, but its capacity inadequate to accommodate patients had been refused admission on account of the building's inaccessibility to the poor. He had solicited financial assistance from Mr. Andrew Carnegie, Lord Muntstephen, Eob, William Mulock, Lord Stratcliffe and Sir Wm. McDonald without the desired result. The operating room should be modernized without delay.

Rev. Father Buckley and Dr. T. H. Middlebro also impressed upon the council the necessity of charging the hospital immediately.

Mr. Shute presented a special report of the Road and Bridge committee, stating that the two bridges spanning the Bighead river had been completed in a satisfactory manner and the cost, \$1294, had exceeded the engineer's estimate by \$37.00.

On motion of J. W. Frost, Gaoler Miller was requested to notify Rev. B. Rodgers, Secretary of the Ministerial Association, when the undertaker would arrive at the gaol in the case of a death, in order that a member of the association might be present to conduct a brief funeral service, and that the relatives of the deceased be immediately notified of his demise.

Mr. J. W. Frost gave notice of his intention to alter by-law No. 144, concerning the maintenance of members of the Markdale House of Refuge.

Mr. Allan censured the deputation from the hospital board for making their request at the eleventh hour. He moved that the motion be deferred to the June session. Carried.

On motion of Mr. Schenk's council adjourned to meet in Owen Sound on June 19th, at 2 o'clock p.m.

**WHAT IT IS**  
The Mucous Membrane and The Important Part It Plays In The Health Or Sickness Of The Body.

The Mucous Membrane is the inside lining of the body, and of its vessels and organs. The moment this mucous membrane becomes out of condition, ever so little, illness follows, stiffly, in some form or other.

In ninety-nine cases of a hundred disease has its beginning in some derangement of the Mucous Membrane. It is very delicate and extremely sensitive, and consequently very liable to disease.

If you are not feeling well you may be sure that the Mucous Membrane of some organ is sick and requires immediate treatment.

There is one medicine that is intended to act, and does act, directly and curatively on the Mucous Membrane. It is Dr. Leonard's Anti-Fill.

Dyspepsia, Bilelessness and Constipation disappear as soon as Dr. Leonard's Anti-Fill has reached the Mucous Membrane to its natural healthy condition. 50c. a bottle, at W. Turner & Co., Markdale, or the Wilson-Pyle Co., Limited, Niagara Falls, Ont. Sole agents for Canada.

**THE HOSPITAL FOR SICK CHILDREN**

For it Cares for Every Sick Child in Ontario whose Parents Cannot Afford to Pay For Treatment.

The Hospital for Sick Children, College Street, Toronto, appeals to the fathers and mothers of Ontario for funds to maintain the thousand sick children that it nurses within its walls every year.

The Hospital is not a local institution, but national. The sick child from any place in Ontario who can't afford to pay has the same privilege as the child living in Toronto and is treated free.

The Hospital had last year 112 bed-places for 61 patients. 297 were there from 35 places outside of Toronto.

The cost is 98 cents per patient per day, and there were 120 sick little ones a day in the Hospital.

**GOOD DAY, BROTHAN.**  
Since its founding the Hospital has treated 10,371 children—a host of 1,500 of these were unable to pay and were treated free.

Every dollar of your kind thoughts into the Hospital kind deeds.

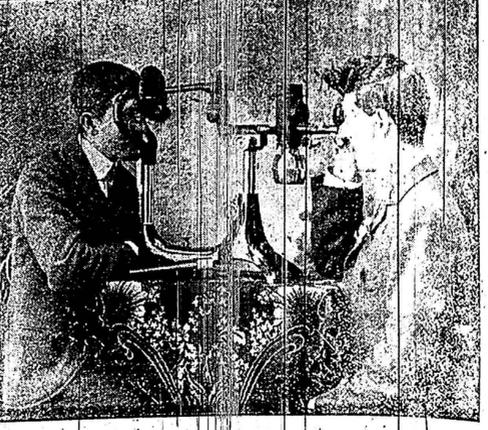

Everybody's dollar may be the Friend in Need to Somebody's child.

Let the money of the strong be mercy to the weak. The Hospital says outdiving of health and happiness to suffering childhood on every dollar that is paid by the friends of little children.

If you know of any sick child in your neighborhood who is sick or crippled, feel and the parent's name to the Hospital.

**"WHAT'S ENITING"**  
See the example of what can be done for crippled children! There were 14 like cases last year and have done in 28 years.

Please send contributions to W. Turner & Co., Markdale, or to Douglas, Davis, & Co., Sec. Treas., of The Hospital for Sick Children, College Street, Toronto.
